Former M.C.T.I. Student Continues Studies At State

Included in the graduating class from Morehead City Technical Institute last August was William H. (Bill) Sanderson of Rocky Point.

The reputation for academic brilliance which came with him here from Georgia Tech and which developed throughout the duration of his studies at MCTI is being enhanced further now that Bill is continuing his studies at State College in Raleigh.

It will be recalled by the friends of the Sandersons that while studying here he married the former Audrey Davis of Straits, niece of Mrs. Charles H. Freeman of Morehead City.

While studying to prepare for a degree in mechanical engineering Mr. Sanderson attained the highest grade ever made in the school of welding. His final examination papers in this subject were so markedly outstanding that they have been printed and will, in the future, be used as text and notes for subsequent classes in welding. In several other subjects his theory was demonstrably superior to that which was profounded by the standard texts. His reputation among his classmates was that of being able to clarify thinking on any subject that was under study.

The many friends of the Sandersons in Carteret county will join to wish them continued outstanding success.

Bridge Club Meets With Mrs. Wade Bell

Mrs. Wade Bell entertained her bridge club Wednesday evening at her home on Arendell Street with Mrs. Fred S. Willis, Mrs. Bobby Bell and Mrs. Percy Deyo as guests.
