# For the first time in Carteret court history, a recorded confession was submitted as evidence by the state in the Baxter case. The recording was Baxter's story, relating how he entered the F. L. Maerz apartment soon after midnight Sept. 27. The state, in addition to charging the colored youth with entry at the Maerz and Musselwhite homes, also charged him with attempted entry at the Leonard Register apartment on Queen street, The Port of Wilmington exported 419 carloads of goods during carloads in September as compared with 116 carloads in September of last year. Much of the increase was due to tobacco shipments which used to to

stunt flyer of Miami, Fla., landed this week at the Beaufort-More-head City airport and joined her parents, Mr. and Mrs. Elden Bailey of Springfield, Ohio, who are

wisiting at the Inlet inn.

Miss Bayley was one of the performers at the Kinston Jaycee air show Sunday where she gave an acrobatics exhibition. Miss Kaddy Landry, also famed for skilled flying, and Miss Bayley's trophy-winning air show partner is also visiting at the inn.

Since Miss Bayley has never had a serious air accident and be-cause she is a medalist in acroba-tic flying, she is considered an authority on safe and skilled fly-

ed to run . . .

When I got home I saw a truck tary cemeteries in Belgium, almost all types of military air-

all over the nation. And flying she declares, is just as fascinati to her now as it was 10 years ago when she first became fascinated

# **On Bus Situation**

Body Finds Need for Additional Lighting on Court House Grounds

Taking a tip from the recent North Carolina school bus accident that cost the lives of seven children, the Carteret county grand jury made strong recommendations for proper school bus maintenance in

roper school bus maintenance in its report this week.

The jury recomended monthly inspection of all busses by the State highway patrol; recommended that the legal overload of 25 percent not be exceeded; recom-mended the purchase of two new cipients of this aid receive an school busses in addition to the average of \$20 a month with a four promised by the state as replacements and recommended the immediate correction of all school bus defects and the replacement of bus no. 6. Morehead City, because of the bad condition of its body.

The youth was sentenced to Central Prison to be worked under the direction of the State Highway and Public Works Division but Judge Parker's sentence specified that he should be placed in the sentence of the state and the should be placed in the sentence of the state Ports Authority has stances where children who came increased drivers and that governors on the motors were set so that no bus could travel faster than 35 tances where children who came miles per hour. The jury approved the same set in three children who came in the second drivers and that governors on the motors were set so that no bus could travel faster than 35 tances where children who came did have become outstanding students and citizens.

all times, the restringing of five strands of barbed wire on top of the jail yard fence, and concurred in two recommendations made by previous grand juries. These were the installing of a partition in the women's room of the jail so as to provide for space for both white and colored women and the purchase of benches for the jail.

Doors should be installed immentations for a lunchroom, homemade winks and other k'tchen equipment purchased by the PTA—those are the facilities workers at the Camp Glenn school lunchroom have to feed an average of over "30 school children each day." "The situation's had and growing worse, "Mrs. Joseph Smith lunchroom supervisor says. "Win ter is coming on and the auditor-

Doors should be installed immediately at each end of the Morehead City school, the jury said.

This should be done, it explained, in order to close the school to the Some Cannot Pay in order to close the school to the public since it is now being used for immoral purposes when the school is closed. It also said that interior doors should be installed at one of the school doorways in coder to provide shelter during to the lunchroom. order to provide shelter during inclement weather for children "We're not sup-
