

## Eight 4-H Calves Win Prizes Tuesday

## Morehead City, Beaufort Schools To Open at 8:30

## Principals Announce Tuesday Schedule; Two New Beaufort Teachers

Both the Beaufort and Morehead City schools will open at 8:30 Tuesday morning, principals announced today.

At 9 a. m. at Beaufort school there will be a general assembly. The Rev. T. R. Jenkins, pastor of Ann Street Methodist church, will assist in conducting the opening ceremonies.

At Morehead City school, beginning pupils will go directly to the auditorium, while pupils in grades 1 to 7 will go to their last year's home rooms.

G. T. Windell, principal of Morehead City school, announced yesterday that the fee for each child in elementary school will be \$3, in high school \$4. These fees cover book rental, library fee, visual education fee, and also provide for six entertainments during the year.

Last year each pupil who attended such entertainments was charged a fee of 15 to 25 cents. This year, Mr. Windell said, every pupil will pay one fee of 25 cents, thus enabling all to see the shows.

Programs booked from Southeast School Assemblies are as follows: science program with Harry White, Sept. 14; Ethel Hanley Marionettes, Oct. 23; Dance International, Jan. 22; Pat Seneff, marimbist, Feb. 14; George Johnson, pianist, March 12; and juggler, April 16.

T. G. Leary, principal of Beaufort school, announced yesterday that the luncheon will not open until the latter part of September. He is currently seeking a replacement for Mrs. B. F. Copeland, last year's manager.

Paul Marsteller, of Milford, Pa., a graduate of Catawba college, Salisbury, N. C., will replace Miss Gertrude Styron, seventh grade teacher. Miss Styron has accepted a position as teacher supervisor in Pender county.

Teach of piano will be Oliver J. Yost of Rochester, N. Y., who replaces John Van Deventer. Mr. Van Deventer has been unable to return because of poor health. Mr. Yost is an honor graduate of Eastman School of Music, an organist and accompanist. He and his wife are expected in Beaufort next Friday.

## Health Office Reports on X-rays

The health department today reported on the trailer X-ray work done in Beaufort July 5 and in Morehead City July 7.

The films were sent to the State Sanatorium for interpretation and due to the large number of films going there from all over the state the sanatorium was late in making its report on Carteret county work, explained Dr. N. T. Ennett, health officer. A total of 120 X-rays were made in Carteret county. Only one active case was found and this patient is now on the waiting list of the sanatorium, the health officer reported.

However, six cases were considered likely to have tuberculosis. Other interpretations follow: inactive TB, 19; lung scar, 20; negative for TB, but other disease present, 5; negative films, 69; blurred film, 1.

The suspicious cases must be followed up with other X-rays, though it appears that there is no tuberculosis money in the treasury of the Carteret County TB Association for this follow-up work, said Dr. Ennett.

He expressed the hope that the citizens at large will be more liberal in their support of this year's Seal Sale campaign than they were last year.

## Three Subscribe to Stock in Carteret Canning Co.

Papers of incorporation have been granted the Carteret Canning Co., Beaufort, according to Thad Eure, secretary of state.

Incorporation of this company is routine, prior to contemplated re-opening of the former Beaufort Cannery, according to Dan Walker, manager of the chamber of commerce.

Authorized capital stock of the new corporation is \$10,000, subscribed stock, \$150, by L. Charles Davis, W. H. Taylor, Jr., both of Beaufort, and Dr. Romeo Langston of Philadelphia.

# Carteret County Fair Will Open Oct. 16

## Carolina Phone Company Will Install Exchange at Havelock

## Civic Clubs Will Honor Carteret National Guard

## Members of Battery B Will Be Guests at Banquet Thursday Night

Civic clubs of Morehead City will honor the Carteret county National Guard unit with a dinner Thursday night at the Blue Ribbon club.

Battery B, 449th field artillery observation battalion, Capt. Ben Alford, commanding officer, has been called to duty and will leave Morehead City Sept. 10.

Gen. Van B. Meets, commander, North Carolina National Guard, will be the principal speaker and Gen. Louis E. Woods, commanding officer of the Second Marine Air Wing, Cherry Point, will be among the special honor guests.

## Utilities Board Promises Lawyers Prompt Action

The State Utilities commission has promised Beaufort and Whiteville, leading revoltors against the Tide Water Power company rate increase, that it would act promptly on petitions asking reopening of the rate case.

Wiley Taylor, jr., attorney for the town of Beaufort, and Bernard B. Hollowell, attorney of Pamlico county, appeared before the commission Wednesday morning at Raleigh to present arguments for the utilities commission's reconsideration of the Tide Water ruling handed down July 28.

Both Mr. Taylor and Mr. Hollowell told the commission that the order and the increase were unwarranted and not supported by findings of fact and law.

The order, issued July 28 over the protests of two members of the commission, authorized Tide Water Power company to raise Southeastern North Carolina's electric bills \$200,000 a year.

Although only Beaufort and Whiteville filed petitions for rehearing, a dozen Southeastern towns have gone on record against the increase. Several town officials, including Mayor Herbert Eastwood of Jacksonville, sat in on the hearing Wednesday.

Mr. Taylor and Mr. Hollowell, reiterating the position taken earlier in the petitions, asked the commission to withhold the new and higher rates until the case is finally settled. They noted, however, that the power company already had put the new rates into effect.

## George Eastman, 14, Sustains Finger Injury

George Eastman, 14, son of Mr. and Mrs. George Eastman, Front street extended, suffered a finger injury Sunday afternoon while with his family in their boat on Core creek.

Young George, it is reported, leaned over the stern of the boat to reach his smaller boat which was being towed behind. The smaller craft crashed into the larger boat catching the boy's finger between the two.

Mr. Eastman radioed the Coast Guard which had a taxi waiting at dock as soon as the Eastman's came in and the boy was rushed to the doctor. The tip of his right index finger was taken off in the accident.

## Businesses, Offices Will Close Monday

Banks, county and town government offices, post offices, and liquor stores will be closed Monday, Labor Day.

Merchants in Morehead City are doing as they choose about closing. It is expected that clothing stores and businesses catering to tourist trade will remain open.

E. W. Downum, chairman of the merchants committee, chamber of commerce, Beaufort, announced that the majority of Beaufort merchants have voted to remain open.

Mayor L. W. Hassell, Beaufort, has announced that the town board will meet Monday night, Sept. 11 rather than Sept. 4.

## Football Tickets

Chairman Jimmy Wallace of the football committee, distributed to Jaycees, for sale, football season tickets to all home games this year. He said goal posts would be installed on the football field within a few days.

Also, Wallace remarked, a "Mule Bucket" was being painted and prepared for use in athletic competition between Morehead City and Beaufort schools. He said each team an athletic team of either school won a contest from the other, the bucket would go to the winning team. The bucket will be a rotating "trophy."

## Favor Blood Bank

Jaycees agreed to cooperate with the New Bern blood bank plan and when plans for such a program are made and a full explanation of responsibilities is given the Jaycees.

President Bill Clark revealed that in view of the Korean war situation the North Carolina Junior Chamber of Commerce had decided to make Americanism its chief project of the year.

C. H. Allen was appointed chairman of a committee to arrange for a picnic for Jaycees, their wives and families on Wednesday, Sept. 13.

Bill Harris of Elizabeth City was a guest at the meeting.

## Beaufort PTA Executives Meet

The executive board of the Beaufort PTA met Tuesday night at the home of the president, Mrs. C. G. Holland to discuss projects for the coming year.

Major projects for the year will be screens for the doors and windows of the home economics department, floor runners for the school auditorium, book shelves for the school library, a bicycle rack and shelter and improving the school band.

The theme for the year will be "Working Toward a Mature Generation."

Members of the executive board are Mrs. Holland, president; Mrs. Calvin Jones, vice-president; Mrs. Hilton Hill, secretary; E. W. Downum, treasurer; Mrs. P. A. Lewis, ways and means chairman; Mrs. R. M. Williams, program chairman; Mrs. George Huntley, jr., membership chairman; Mrs. James Wheatley, magazine chairman; Mrs. W. J. Ippock, recreation chairman; Mrs. Ralph Eudy, publicity chairman; Mrs. T. G. Leary, hospitality chairman; Mrs. Leslie Moore, room representative chairman and John Haynes, grounds chairman.

The first meeting of the year will be held Tuesday evening, Sept. 12, in the school auditorium.

## County Schools Adopt Group Insurance Plan

For \$1 Per Year Each Pupil Will Be Insured Against Accidents

A group accident insurance plan under which every enrolled child in the Carteret county school system may be covered with accident insurance, will go into effect at the beginning of the school year.

H. L. Joslyn, superintendent of Carteret county schools, reported the action today. Mr. Joslyn said that while the board of education and the schools themselves have no legal liability in case of accident or injuries to the children in the performance of their normal duties, it has always been a matter of serious concern to school officials when children were injured and had to be taken to the hospital. Often they know the parents were unable to pay the bills.

Mr. Joslyn said that this voluntary type of plan will relieve that kind of situation greatly and will assure every child who participates in the plan adequate medical attention in case any accident occurs to him in connection with any of his school life. It has been the desire for many years among both teachers and parents, according to Mr. Joslyn, that some plan of coverage might be found which would provide financial assistance in payment of medical or hospital expense that might come as a result of such injuries.

Since the cost of accident insurance is higher than the average family feels that it can afford, very few children have the benefit of such coverage, he said.

The plan was discussed with a number of parents, all of whom were enthusiastic in their praise. The school board approved it, as did the Parent-Teacher Association council.

At a recent meeting of county principals it was decided, with the assistance of the parents, to undertake the program of protection for school children.

Mr. Joslyn explained that the coverage of the policy goes into effect one hour before school takes in and pays for any injury sustained: 1. Enroute from home to school; 2. Any injury sustained while within a school building or on the school grounds; 3. Any injury sustained while on the way to or from school.

There were also proceeds from a square dance, and proceeds from a ball game.

"We are asking the parents of the children who took part in the program or any one who might be interested to offer their suggestions on methods and procedure of broadening the program for next summer in order to include a wider coverage of activities and thereby expand the services that this program might be in position to offer."

## Grady H. Salter Relates Tale of Lost Stetson

Grady H. Salter of Lynn, Mass., lost his hat. And he would like very much to have it back. So he wrote a letter to THE NEWS-TIMES this week, relating "The Tale of the Lost Stetson."

He says he lost it at 5 p. m. Wednesday, Aug. 9, in front of the "telephone exchange," on 9th street in Morehead City.

The letter says, "I was visiting my sister-in-law, Mrs. Durlie Salter, 1004 Bridges st. We stopped at the exchange to pick up my niece, Prudy Lentz, who works there, when the hat was lost out a door. I thought the hat still in Prudy's car so I did not learn it was lost till next day.

"Some honest person may have it. Should it be found, it should be turned over to my sister-in-law at 1004 Bridges st."

Mr. Salter, now known as The Man Without a Hat, describes the head gear as a natural (off-white) Panama Stetson with a maroon band. Inside on the sweat band he says he's "pretty sure" his initials, GHS, were perforated.

OK, who's got his hat?

## Legion Post, Sponsor, Builds Exhibit Hall

Carteret county's fair will run for five days this year, from Oct. 16 to Oct. 21, T. E. Kelly, Beaufort, who was in charge, announced today.

Since last year's fair, Carteret Post No. 99, American Legion, sponsor of the event has spent close to \$5,000 in improving the grounds, declared Mr. Kelly.

## 42 Miles of Road Paved in County

The State Highway commission has opened to the public 42 miles of newly-paved road in Carteret county this year under the \$200,000 secondary road program.

The five projects finished are part of the accelerated state-wide construction program authorized by the people in a special bond election last year. Second Division Highway Commissioner W. Guy Hargett says that other road projects in Carteret are either under way or will be started before the end of the 1950 paving season.

Work finished so far in 1950 is as follows: From a point on US 70 to Merrimon, 12.6 miles; from NC 24 via Pelletier and Kuhns to the Jones county line, 10.8 miles; from Lola to Roe over the length of Cedar Island, 5.7 miles; from loop off NC 24 just west from Broad Creek, 1.8 miles; and streets in the villages of Atlantic, Sea Level, Stacy, Davis, Marshallberg and Gloucester, 11.1 miles.

The cost of road construction under the secondary program is less than expected by the State Highway commission and consequently more mileage of roads may be paved under the program than was expected in many areas. As of July 1, 1950, about one-fifth of the proposed paving program had been finished throughout the state.

Dr. Henry Jordan, chairman of the State Highway commission, recently announced that 1950 would be North Carolina's greatest year of roadbuilding if good weather continues and the war crisis does not intervene. Some 2,375.8 miles of secondary roads have been paved so far under the \$200,000,000 program. At the same time work is progressing on the primary highway system utilizing funds set up in the regular highway fund budget.

## Season Ticket Sale Ends Sept. 11

The sale of football season tickets to all Beaufort home games will end Monday, Sept. 11, Jaycees decided at their regular meeting Monday night at the Inlet inn. All money and unsold tickets must be turned in at the Jaycee meeting that night.

President George Cottingham paid tribute to Jaycee Wiley Taylor for the work he did on obtaining lights for the ball park. It was through his untiring effort that lights are there, President Cottingham said. He also expressed gratitude for the help given Mr. Taylor by Dr. W. L. Woodard and Gene Smith.

The total cost of the lights has amounted to \$5,000. Money to put up the lights was borrowed from individual citizens and the Jaycees have signed notes, promising to pay back the money in two years at 3 per cent interest.

Proceeds from the gate are used to meet the light bill for one night approximately \$25, President Cottingham said, the teams get their share and the remainder is deposited for future payment to Jaycee creditors.

Proceeds from the football games will also go toward payment of the light debt and financing the sport at the school.

Jaycee Robert Stephens reported that a letter had been mailed to Beaufort school officials requesting that if possible, public school music be re-instated on the school curriculum.

Jaycee Dan Walker has resigned as editor and publisher of the group's bulletin, Tide Table.

The business meeting followed a steak dinner.

## B-29, Caught in Hurricane, Lands at Marine Air Base

Cherry Point — (AP) — An Air Force B-29 landed here safely Tuesday night after being lost temporarily when caught in the Atlantic ocean hurricane.

The Superfortress was enroute to Bermuda on a routine flight from the Azores. The pilot, First Lieut. Charles F. Stump of El Dorado, Ark., said the craft was caught in the outer fringe of the hurricane when about 700 miles east of Bermuda.

He continued in the general direction of Bermuda, and when about 200 miles away was able to make radio contact with Kinley Air force base on the island. He said he had enough fuel to reach air bases on the east coast and was given a course westward toward the U. S.

He landed at Cherry Point, the world's largest marine corps air base.

Foreclosure proceedings are underway on the Richardson home located in the 600 block of Ann st., Beaufort. Foreclosure was ordered several months ago by the Beaufort town board.

Master's Degrees  
Seven members of the Morehead City high school faculty hold master's degrees. They are Ralph Wade, Mrs. Rosalie Dowdy, Norman Patterson, Miss Pearl Brinson, Del-fido Cordova, Gannon Talbert, and G. T. Windell principal.

Former Cedar Isle Resident in Movies  
Preston Day of Chico, Calif., brother of Earl Day, Cedar Island, is making hay to the tune of \$18 a day plus room and board, as a movie extra.

Ironically, Mr. Day, like several other extras recruited from Chico veterans, is portraying a Yankee soldier rather than a Confederate arms-bearer in the MGM picture, "The Red Badge of Courage." The standard bearer in the picture is also a Southerner.

At the head of the troop of mock Yankee soldiers marches Tom Addison, a Chico college veteran. "I'm from Virginia," said Addison, "and wait till my folks back home hear of this!"

Mr. Day, along with 49 other men dressed in blue uniforms and carrying civil war muskets filed before the camera in a simulated crossing of Sacramento river near Hamilton City, Calif., where the movie is being filmed.

The 50 were made to look like 200. After they trooped past the camera, they hurriedly circled back beyond the range of the camera and then trooped by again.

Rudolph Godette Pays \$250 Fine on Liquor Charge  
Rudolph Godette, owner of the Negro theatre at Craven Corners, was fined \$250 and placed under a six months' suspended sentence in Craven county recorder's court Tuesday. He was arrested Friday afternoon on a charge of possession of non-tax-paid whiskey.

Carteret and Craven county authorities raided the Godette theatre Friday and found 38 cases of whiskey and 3,000 pounds of sugar.
