Twin Games Slated for Tonight

Sideline Comments

By HICK ALLEN

Schedules Are Wrong
 Much groaning and griping has been done about the schedule of the Beaufort and Morehead City football teams this year. We're inclined to agree with the main points made against the present schedules.

The first point is that if a team can only play five or six home games it should split them up on alternate weekends. Reason for this is that attendance will be far better if there is a breather between each home game, a point we readily agree with.

It can be seen that this argument was not taken into consideration when schedules were drawn up for the two teams. For the third straight week both elevens will play home games tonight. Also, Beaufort has its fourth straight home game next week and it is rumored that Morehead City will reverse its schedule next week and play Richlands in Morehead.

Point Two
 Our second point has the same reason as the first, attendance will be improved. We know it's a difficult job but we believe that if it could be arranged more attendance would be registered at both ball parks if the two teams didn't play home games at the same time. Tonight also marks the third straight week that both teams have a home game.

A good percentage of local football followers would like to see both the Beaufort and Morehead City teams in action. Naturally, supporters of each team are going to see their team play when the chance occurs. Nobody expects Beaufort fans to see Morehead City games or vice versa when there is a chance to see a home game.

So we'll go along with the grippers and groaners. Whoever the powers are that arrange the schedules should give a little thought to next year's schedule before making any commitments. If a schedule is worked out where there is only one home game in the county each weekend we're certain that attendance will improve and fans will have an opportunity to see more games.

Off The Deep End
 This weekend poses more problems in choosing the football winners. State should take the game with Richmond but the other two Big Four battles are a little tougher. We'll pick Duke over Georgia Tech and Tennessee over Carolina. An upset wouldn't surprise us in either of the two, particularly the Duke game.

At home we're going to stay with Carteret county again. Morehead meets another team that it knows little about but we think the team will win over Robersonville. Beaufort should snap out of its losing streak to take Beaulville. Let's hope so.

For the third straight week Carteret county football fans will be offered a twin bill of fare tonight as both Beaufort and Morehead City clash on the gridiron against outside opponents.

Beaufort's rival will be Beaulville while Morehead City will meet Robersonville. Both games are at 8 o'clock tonight under the lights. Smarting from two straight defeats, Beaufort is expected to put up a strong front tonight with its defense supposed to be more effective than in recent contests.

Coach T. H. McQuaid has run his charges through defensive workouts all week in an effort to sharpen up the weakest spot in Beaufort's armor. He said yesterday that he believed the team would be in better form tonight than it has been in three weeks.

Neither Billy Eudy nor Gene Lewis are expected to see action tonight. Eudy is suffering from a bad ankle while Lewis has not recovered from a knee injury he suffered in the Manteo game.

Beaulville will bring one of the best backs seen in the county this year to lead its cause. McDowell, the back, turned in a stellar performance last week against Morehead City, leading the offensive combination and starring also on defense.

Robersonville brings an eleven to Morehead City about which little is known. Morehead City Coach Charles Hester stated yesterday that all he knew was that the team ran from the single wing, it had beaten Vanceboro, 18-6, and it had lost to Manteo, 8-6.

Hester revealed that Donald Chadwick definitely would not be able to play and that Mickey Woolard and John Ballou were on the list of those who would be used lightly. Ballou has an injured knee while Chadwick has bothered Woolard this week.

Net proceeds from tonight's Morehead City-Robersonville game will go to the Morehead City Band Association. Advance tickets to the contest can be purchased from hand members, Jaycees or at Leary's store for 75 cents for adults and 55 cents for children. After 6 p.m. tonight the regular prices, \$1 and 50 cents, will be in effect.

Tonight will mark the last home game the Morehead City team will play this year. A large turnout is expected with both the team and hand promising a good performance.

Fishermen Land Fifty-Two King Mackerel Wednesday

Proof of the record catches of king mackerel that are being made this fall in local waters were the 52 king mackerel brought in Wednesday morning aboard Leroy Guthrie's boat, "Blue Water," captained by Percy Howland.

This catch is believed to be the biggest party boat capture of king mackerel in close to 50 years. They weighed from 12 to 40 pounds each and were taken about 25 miles offshore. Dolphin were caught also.

In the party were Dick Parker, Leroy Guthrie, Hubert Fulcher, Charlie Piner, Teen Piner, John Bridgman, and Robert Garner. All were from Morehead City except Parker, who lives in Beaufort, and Charlie Piner whose home is in Marshallberg.

Morehead City Team Rates Honorable Mention

For the second time this year, Morehead City's football team has received honorable mention in the ratings of the N. C. Scholastic Sportswriters Association.

Teams in the ratings are selected by a poll of sportswriters across the state. Once before this year Morehead City, one of 18 undefeated teams in the state, rated the honorable mention column but it had not received recognition since the scoreless tie with Beaufort.

Golfing Trickster Masters All Shots

Dallas—Joe Kirkwood, who won his first golf championship in Australia more than 40 years ago, still is wowing the public with what he can do with the little white ball.

He's a master of the trick shot. Although he and his son, Joe Kirkwood, Jr., both finished among the top 20 in the Last National Open, he seldom plays tournament golf any more. Trick shots and tourney play don't mix too well. Kirkwood gives about 300 shows a year.

He learned to play golf on a three-hole course on a ranch in Australia. Since then he has been on more than 4,700 courses as an exhibitionist or tournament contestant. "I've played golf in every country in the world where there are courses," he says, "and that means everywhere except Russia."

His greatest thrill was scoring a 100 yard hole-in-one while making a movie. He also made a 268-yard hole-in-one in Cedar Rapids, Ia., during an exhibition of driving the ball off the face of a pocket watch instead of using a tee.

He also drives a golf ball from a tee hold in the mouth of a beautiful girl.

He started doing his trick shots to entertain Australian soldiers during World War I. He entertained thousands of veterans during the last war, too.

Leningrad Boasts Largest Stadium In Soviet Union

Moscow—The largest stadium in the USSR is located not in Moscow, the Soviet capital, but in Leningrad.

The Kirov Stadium in the northern city seats 85,000 persons. For special events there is standing space for an additional 35,000.

This capacity is well above that of the Moscow Dynamo Stadium. The Soviet capital does not intend to lag behind Leningrad for long however, for plans are under way to expand the Moscow Dynamo Stadium and to complete another immense stadium of equal capacity.

The Leningrad stadium was started in 1933. The body of its structure consists of earthworks raised by the builders. The surface works are, of course, all of concrete.

The stadium is surrounded by the Finnish Gulf on three sides. It rises above the level of the island and from its top there is a magnificent view.

The stadium is complete for all types of sport events. It has a football field and a regulation track. It has a pool for swimming competitions and even a hotel with complete accommodations for visiting athletes.

Mississippi Rebels Lead Other Teams In Air Travel

University, Miss.—(AP)—One of the most air-minded of all universities, Mississippi, believes it introduced air travel to the football world.

The Rebels flew to a football game with Temple on Sept. 30, 1937. Since then the Rebs have rolled dozens of times by air.

The players totaled 22 on the first flight, escorted by Head Coach Ed Walker and his assistants. Two coaches and 16 players traveled on one plane, the rest on another. The 18-passenger plane was then called the largest airliner in the world.

Walter Hagen won five Professional Golfers Association championships during his career, four in a row.
