CARD OF THANKS
I take this means of thanking you, my friends and well wishers, for your cards of cheer, your visits, your gifts and your telephone calls during my illness. For several days I was not able to receive calls or messages and for this reason I cannot thank you individually as I would surely miss many.

The Doctors, The Official Hospital Staff, the nurses and the orderlies are tireless in their efforts to cheer and serve the patients. They are all serving "beyond the call of duty."

To all of you Happiness and Joy,
Fred R. Seeley.

shorter sisters. The tip of the bust must measure half way between shoulders and waist for a well-rounded line.

Calendar artist Gillette Elvgren, whose girls combine the features best liked by home owners, businesses, organizations and others who hang approximately 100,000,000 calendars on walls across the United States says:

"My 1951 calendar girls are small on hands, feet and waist, but they are good and cheery. Specific measurements do not mean a thing to me but a top calendar girl must give an overall effect of trimness and refinement."

Two Alarms
Morehead City firemen answered two alarms Christmas day, a false alarm at 4 a.m. and another at 2:15 p.m. The second was a grass fire at 1710 Shepard street. No damage was caused. The false alarm was turned in at box 46.

The ancient seven hills of Rome are all on the east side of the Tiber River.

Board of Adjustment Conducts Special Session

At a recent meeting of the board of adjustment, Morehead City, the front yard limit was waived for lots 11 and 12 in squares 13. The special meeting was held in the municipal building.

Proposed construction for those lots will extend to the front property line. In making this ruling the board of adjustment specified, however, that the waiver was made for this case only and any similar case will be judged on its own merits. Citing the square 13 ruling as setting a precedent will have no bearing in subsequent matters, the board stated.

Attending the meeting were R. G. Lowe, chairman, R. B. Howard, George Ball, and Marion Mills, board members.

From Plane, Flier Captures 50 North Korean Bandits

With The First Marine Air Wing in Korea—(AP)—Marine Captain David G. Swinford of Santa Ana, Calif., is thought to be the first Marine flier to be instrumental in capturing a band of North Korean guerrillas. He dived upon a house and loosed a burst of 20mm cannon fire.

Fifty North Koreans, a few in uniform and the others in the civilian garb affected by the guerrillas in the area came tumbling from the doors and windows. Waving white clothes and bowing, they started down the road in the direction of the Marine lines. Swinford made several passes over them, flying at low altitude, "just to keep them in line."

As they neared the lines of the ground Marines, Swinford radioed to tell of the surrendering North Koreans. The ground units sent out a patrol to meet them.

The typical raindrop shape is produced by air pressure. The raindrop would be a sphere if it were floating free in space or falling in a vacuum.

Collections were taken up for the building fund and for an electric stove for the parsonage. It was decided to give \$200 out of the circle treasury to the building fund for Christmas.

The program was led by Mrs. Leon Youngblood. Mrs. Mauney read the scripture, "His Christmas Star," filled in with singing by the group. Miss Margaret Bell led the group in prayer.

After the program presents were given out and opened. Then the hostesses served delicious and beautiful refreshments of cake, cookies, minis, peanuts and lime ice.
