

Newport Bows To Morehead City

Morehead cagers piled up 85 points in the game against Richlands, but they bettered even that in Friday night's game against Newport. The Eagles won 99-47 on their home court.

Strug Steed hit the hoop for 22 markers. Tom Bennett followed with 19. Crump Fulcher 16, Mickey Woolard scored 14, and Bob Matthews and Mitchell Burge 10 each. Steed and Matthews were outstanding in Morehead's defense.

Harold McCabe took high scoring honors for Newport with 11 points. Billy Widgeon scored 10 and also led Newport's defense.

By only one point Morehead City girls defeated Newport, 37-36, in the preliminary game. Gerry Nelson and Janice Lewis took high-scoring honors for Morehead while Betty Jo Bailey was the outstanding guard.

In the earlier Morehead-Newport game at Newport this season Morehead sextet defeated Newport 46-30 and the boys won 45-36.

Tri-Cities Quint Tries 7th Coach

AP Newsfeatures

MOLINE, Ill. — Mark Todorovich, coach of the Tri-Cities quintet in the National Basketball association, looks forward to a longer career than his predecessors. That's understandable since the Blackhawks have had seven coaches in three years.

Todorovich, a hard worker, will spend considerable time with his team. He joined Tri-Cities at the beginning of last season, coming from the St. Louis Bombers in exchange for Mac Otten and cash.

Todorovich averaged 12.2 points a game last season. During his collegiate career he played with Wyoming, Notre Dame and Washington of St. Louis.

Big Mike — he's six-five — captained Wyoming under Coach Everett Shelton and averaged 15 points a game as the Cowboys won the Skyline Six crown in 1947. After graduation from Wyoming, Todorovich played with the Sheboygan Redskins in the National League.

Dandy Dick's Bad Breaks Outweighed Good Ones

Fort Worth, Tex.—(AP)—Dandy Dick Griffin is dead. From the coroner's view, it was "heart failure." But, say his friends, he actually died of a broken heart.

Griffin was the uncrowned champion of the bantamweights years ago. He was one of the greatest fighters of his time. He suffered blindness after resin got in one eye and destroyed its sight. That caused the other eye to fail.

But he fought on in the interest of boxing. Single-handedly, without funds, he brought back legalized boxing to Texas. He got the law changed through strength of character and persuasiveness, his friends said.

Promoted Boxing

Griffin promoted boxing after he quit the ring. He put on some of the best fights shows Texas ever saw. But it was the failure of a boxing promotion that caused him to die of a broken heart.

Last summer Griffin tried to put on a show with Joey Maxim, the light-heavyweight champion, as the attraction. It was at the North Side coliseum here—where over 30 years ago Dandy Dick, the Irish bantamweight, fought some of his greatest ring battles.

Fans Didn't Come

Jack Kearns, Griffin's friend since the days when Jack Dempsey was king, had brought in Maxim. Maxim was to meet a former Golden Gloves star. The fans didn't come. Kearns knew the crowd wasn't big enough to pay the rent but he said he'd put his champion in the ring if Dick said the word. But some of the hungry preliminary boys wanted at least part of their money in advance. There wasn't any. The show was called off.

Griffin though only 52, never was a well man after that night.

Griffin made a lot of money in his day as a boxer and a promoter. But he gave it all away. He was the softest "touch" in town.

It was in 1921 while Griffin was preparing for a fight with Johnnie Buff, the champion, in Madison Square Garden that he got resin in an eye. The fight was called off—and his chance at the title was gone. He went completely blind in 1935.

Tito Instructs Sports Writers to Be Objective

Belgrade, Yugoslavia — (AP)—Marshal Tito's newspaper has sharply instructed Yugoslav sports writers to be fair and objective and not to emulate "Russian writers who juggle statistics to make it appear that Soviet athletes are the world's best in every field."

In a two-column lecture to sports writers, the newspaper accused them of displaying partiality for the home team.

"Too often," said the paper, "when our teams meet foreigners, our sports reporters exaggerate our successes and hush up our defeats. This is a dangerous tendency which leads to nationalism."

"We know that statistics can always be rigged to prove almost everything. That's what the Soviets do. By using special point systems they try to make it appear that their athletes are the best in the world. We should avoid this by all means."

Since Tito's break with the Cominform, Yugoslav sports teams have been boycotted by the Russians and surrounding Soviet satellite nations.

Jockey's Negligence Cost Ticket-Holder \$8,160

Cairo — (AP) — Failure of a jockey to weigh in after the running of a race cost the holder of a sweepstake ticket \$8,160.

It was the big race at Heliopolis. A father and son jockey combination had staged a photo finish. The judges decided that junior had won. The holder of the charity sweepstake ticket on his horse won \$14,350.

At the announcement of the decision, the senior jockey walked off to the jockey's dressing room, instead of first reporting to the scales.

His horse was disqualified and he was fined \$143. The holder of the ticket on the disqualified horse got nothing, even though the horse placed second.

"THE JACKPOT"

Long-term Investment that pays daily dividends

THESE days thoughtful people turn their minds to the durability of things they purchase. But it's rare when doing your duty turns out to be the best way to satisfy your heart's desire. That's what's so marvelous about this '51 Buick. If you picked a car just for the lift it gives your pride in its power—or its generous comfort—you couldn't make a better choice. But make note of this: That gleaming new push-bar forefront, which greets your eye with flashing beauty, contains 25 grille bars made of stamped steel, individually mounted to "give" and come back unharmed. Combined with a massive, wrap-around bumper, fortified by two stalwart "bumper bombs" and two added uprights, it gives unsurpassed protection. Springs of stout spiraled steel on all four wheels let your wheels curtsy over bumps, while you ride level as a lance. But they also need no servicing, and breakage is virtually unknown. Buick's great-powered engine is a Fireball, wondrously lively and eager at the mere touch of your toe—but it also wrings extra power from every drop of fuel, and has the mechanical perfection that comes only from years of experience with this basic design.

Dynaflow Drive gives you effortless smoothness of control—but it also eliminates clutch-repair bills, saves tires, eases strain on the whole driving mechanism, from engine to differential. The road-steady gait of a Buick assures relaxed security—and is also evidence that you have a durable, deep-silled, X-braced frame beneath you. However you check it, you'll discover this: The things that make you yearn for a Buick on first acquaintance, are the very same things that make Buick such a smart long-time buy. Better see your Buick dealer—soon.

Standard equipment, accessories and trim illustrated are subject to change without notice.
