

## Beaufort Scouts To Leave Sunday For Camp Charles

**Other Troops in County Schedule Camping Trips For Next Month**

Beaufort Boy Scouts will leave Sunday for one week of camping at Camp Charles located three miles west of Bailey. Morehead City, Newport and Harkers Island Scouts will attend camp in July.

Camp Charles is located in an area of rolling hills. It consists of four individual troop camp sites, and embraces a 50-acre artificial lake for fishing, swimming and boating.

Much of the land has been arranged for archery, riflery, and other activities and the thickly wooded area provides sites for games, campfires, song fests, hikes, and exploring.

### Camp Closes Aug. 4

The camp officially opened June 10 and will remain in operation until Aug. 4, during which time various Scout troops will visit the area on a weekly schedule. The camp is operated for the Scouts, and by the Scouts, on a non-profit basis. However, Scouts pay a fee of \$12.50 for the week trip to cover food, a thorough medical re-check, instruction in earning merit badges, expert swimming and life-saving instruction by nationally trained aquatic instructors, use of boats, canoes and fishing privileges at specified times.

For the benefit of many Scout troops which wish to do their own cooking and furnish their own camp equipment for the experience or to cut expenses, the camp officials have devised a plan to permit groups to visit the camp for a week or for several days at a rate of \$2 per week or 50 cents per night, having access to all equipment, staff and program.

**Schedule Followed**  
Officials realize that camping has its most benefit when the entire troop, accompanied by its leaders, can attend camp at the same time. It is for this reason an operating schedule has been prepared and followed.

Jack B. Overman, Wilson, is director of the camp. He is assisted by Burt Gillette, Wilmington. Other members of the camp staff are Bill Hamnett, of the Wildlife Resources commission, Raleigh; Charles Benbow, Rocky Mount, director of Scoutcraft and merit badge instruction; the Rev. O. S. Williams, Red Oak, supervisor of crafts; and W. D. Middleton, Rocky Mount, camp commissioner. Camp assistant scoutmasters are Gary Shuff, Rudolph Manning, Bobby Crawford, Johnny Stallings, Frederick Ange, Pinkie Jefferson, Jr., William Simmons, Richard Nethery, Jerry Britt, Littlejohn Faulkner, and Willard Johnson, Jr.

## Barden Introduces Bill for Federal Aid to Schools

Washington — A bill providing \$300,000,000 in federal aid to the nation's public schools has been introduced by Representative Graham A. Barden of New Bern who represents the third Congressional district, North Carolina.

The bill is similar, but not identical, to the legislation which last year resulted in a name-calling exchange involving alleged religious prejudice in which Barden was labeled a "bigot."

Introduced in the House, the bill this year again excludes the parochial school from federal aid.

### Catholics Attack

The charges against Barden came largely from Roman Catholic groups last year who contended that the North Carolinian was demonstrating animosity toward schools supported by religious groups.

The proposed legislation will be considered by the Labor and Education committee, of which Barden is chairman.

Barden has indicated that every effort will be made to avoid a duplication of last year's controversy.

Under the provisions in his proposed legislation, North Carolina would get a little better than the average amount slated to go to the various states.

### Formula Set Up

Through what is termed a "straight equalization formula," the amounts to go to each state will be based both on the number of school children in the state and the annual income of the state.

So-called "backward" states such as Mississippi would get the greatest amount of assistance under the Barden plan, while states with more money, such as New York and California, will get minimum amount of federal aid.

## Grand Jurors Scold Mayors

The grand jury took a crack at municipalities in the county in its report submitted to the court Thursday. The jurors stated that the county officers were found to be in good condition and the records well kept, "with the exception of the various mayors in the county of Carteret not making their required reports to the clerk of superior court on or before the superior court term."

Fines collected in municipal courts are to be turned over to the county and the reports of the amount paid into the county are to be filed before each term of superior court. At present, according to county officials, this is not being done. Fines collected in the municipal courts are going into the town treasuries.

The grand jury also recommended that an additional room be made available to the welfare department also that the condition of public toilets and janitor service in the court house and court house annex "be given better attention."

The report also states that windows in the room occupied by the draft board be repaired and new shades placed at the windows. The jurors also recommended "additional space" in the county jail.

The prison camp at Newport was found to be operated in an "able manner," the inmates receiving good treatment and the buildings in good repair.

## Evening Star, Out of Morehead, Runs into Trouble Off Hatteras

En route to Long Island sound for a two-month summer cruise, the yacht Evening Star, out of Morehead City, barely escaped the dread graveyard of ships off Cape Hatteras Thursday.

Seventeen passengers were reported by the Coast Guard to be safe but exhausted after battling hours of high winds. The Evening Star, Jack Hazzard, Chapel Hill, skipper, left Morehead City early Wednesday. Several days prior to its departure it was anchored just west of the Newport river channel where it was being readied for the cruise.

It had to leave its usual berth at dockside to make room for the numerous Naval vessels which have been loading at port terminal during the past several weeks.

A Coast Guard lightship reached the wallowing Evening Star at 1:30 p. m. Thursday as the crippled vessel struggled to stay headed into running seas 25 miles northeast of the cape. The cutter Conifer, from Norfolk, was due to take the 109-foot sailing ship in tow at 7 p. m. and head for Norfolk.

In spite of a canted mainmast and the possible danger of leaking seams, Hazzard scorned a tow-line for his yacht until the Conifer arrived, reckoning the Evening Star could hold her own in spite of the faltering power of her auxiliary engine.

Three defendants, Paul Daniels, jr., Tommy Fields, and Kathleen Clark alias Clay, were charged with using a cabin for immoral purposes. The girl pleaded guilty and was ordered to be sent back to her home in Pennsylvania and not return to Carteret county for two years.
