Tide Water Power co., with headquarters at Wilmington, on Wednesday became a part of Carolina Light and Power co. The sale of Tide Water to the larger firm was termed by officials of the two corporations as a merger.

Less than two months ago, officials of the Wilmington firm denied that any such transaction was in the wind.

Rumors were widespread to that effect after Tide Water was requested by the State Public Utilities commission to "voluntarily" reduce its rates. Tide Water officials are scheduled to appear before the commission Deal of the commission **President Speaks** fore the commission Dec. 11 and show cause why their rates should not be reduced.

Plans were made to employ a three for D. P. Myers, radiologist of Kinston, who has been amployed by the hospital to interpret X-ray films. Dr. Myers has absoluted his resignation, effective Dec. 1, because he is returning to his native state of Iowa.

Dr. N. T. Ennett, county health officer, called attention to the schedule of the state X-ray trailer which will be in the county Nov. 27, 28, 29, and 30th in conjunc-tion with the tuberculosis control program. The trailer is being made available, Dr. Ennett said through cooperation of Dr. W. A. Smith, director of the TB division of the state board of health.

The doctors discussed the post-graduate medical course to be given at New Bern in January and February. The course is a part of the general extension work of the University of North Carolina Medi-cal school and will be sponsored jointly by the Carteret and Craven

Medical societies.

The association also discussed the year-around Sunday emergency medical and surgical service being provided by the physicians of the county on a rotating basis so that service is available in case of all Sunday emergencies at the More-

head City hospital.

Visitors at Monday night's meeting were Dr. Barefoot and Dr.
