school yesterday but the majority stayed out, staging a protest strike against the physical condition of the colored school building in Reaufort and seeking improvement and Membership Drive Barricades as Aid to Sick

municipal building, passed a rul ing making street barricades illegal in the vicinity of homes where persons are ill (if the barricades are for the alleged benefit of those ill persons).

The board further directed that two reflectorized standards bear-ing the words, "Quiet, Sickness," be purchased and be used by the town instead of street barricades. These standards will be placed at the curb in instances where persons in the adjacent home are ill and allegedly troubled by traffic

In a recent Morehead City case, a motorist was charged with drunken driving as the result of running through a barricade on Arendell street. The barricades had been placed there due to illness of a resident on the street.

Survey Authorized

The board also asked that the clerk request the state highway de-partment to make a survey of Bridges street (otherwise known as Recorder's Court street and high-way 70) and to suggest a speed limit or remedy to the present "speed limits" problem.

miles an hour.

The town attorney George Mc Neill, stated that Morehead City has no authority to reduce the limit from the state-authorized 35 miles per hour. The mayor, George W. Dill. said that 25-mile-per-hour signs were put up in hope that mo torists would hold their speed down to 35 instead of "the usual 45."

The commissioners authorized placement of municipal employees on social security beginning with the next pay period and the clerk, John Lashley, reported that the cost to the town annually would

be \$562.80. A low bid of \$260 for the paint ing of the fire station interior was accepted, the town to supply the paint. Low bidder was Hubert Three other bids of \$290. \$325, and \$345 were submitted.

service fund the balance was \$13,-368.64, and he added that \$14,000 in bonds would be retired this year.

safety division of the state depart-ment of motor vehicles, will be the speaker at the inter-city Rotary meeting Thursday night at More-head City high school. The dinner meeting will begin at 7:30 in the school cafeteria.

Rotarians from clubs at New Bern, Oriental, Beaufort, and New-port will attend. This is the first time Morehead City has been host at an annual inter-city dinner. The speaker, who will be intro-

duced by George McNeill, president of the Morehead City club, is a past district governor of Rotary.

Entertainment will be provided by Rotarian H. Earle Mobley of Morehead City, Bill Norwood and His Accordion, and the Persuading

Health Office Will Supervise Sanitation Project

Morehead City commissioners authorized revision of the sanitation ordinance Thursday night to allow Dr. N. T. Ennett, health offi-cer, and A. D. Fulford, county sanitarian, to act as the town's agents ized courses; building construction in obtaining cooperation of all technology, internal combustion Morehead City homeowners in con-

necting with sewers.

The health officer appeared before the board and offered the county health department's aid. He said that unless the town gave his classes, surveying courses, and summer school for teachers. more than see that homes without

The commissioners authorized the town attorney, George H. Mc Neill, to revise the sanitation ordinance which empowers a municipal health officer to carry out sanitation work, and further stated that the amended ordinance will come effective within 10 days.

Board of Review The board also agreed to a sug gestion by Dr. Ennett relating to the setting up of a board of re-view. This board of seven persons would hear any grievances or rea-sons why residents cannot connect

with the sewer. The health officer said that following receipt of a notice by the health department, the persons cited may wish to state their case. The board of review will consist of the building inspector, A. B. Roberts; street superintendent, J. V. Waters; chief of police, E. J. Willis, town clerk, John Lashley; the mayor, George W. Dill; coun-

ty sanitarian, Fulford, and a member of the town board yet to be appointed.

the authority to state whether a at 5 o'clock Saturday morning a homeowner should be freed or obligated to connect with the sewer highway 24. or whether the case shall be taken to court.

Survey Four Years Ago
The health officer pointed out that a survey made four years ago revealed that there were 72 homes in town which were not connected with a sewer line. Since that time, some of those persons have con-nected, he remarked. He added a home to be located on a sewer line and not be connected. In connection with the sanitation project, Dr. Ennett said he would like to see a city-wide clean-up campaign in April.

Miss Ann Darden Webb Will Attend Girls State

Miss Ann Darden Webb, daughter of Mr. and Mrs. Harold W. Webb of Morehead City, was chosen by the American Legion as one of two girls to attend Girls State this year. Another will be chosen some time this week from a list of names submitted to the auxiliary by G. T. Windell, Morehead City school principal.

The girls are chosen from the junior class and must be in the upper third of th 'asticalperamality

the move also. J. H. Lampe, dean of the school of engineering, State college, told the board of directors of the institute at a meeting Wednesday night that the citizens of Gastonia have given the sum of \$60,000 plus plant facilities and have promised addi-

tional aid if necessary. Officials expressed the belief that the technical school would be of greater value in a more indus-trialized area and within the orbit of larger centers of population.

The buildings housing the insti-tute, dormitory, dining hall, and workshops are owned by the State Board of Conservation and Develop ment. No announcement has beer forthcoming as to future use of these buildings which are located

at Camp Glenn. James I. Mason, director of the institute, who was preceded by Di rectors Howard Jones, and Paul Mitchell, said the regularly-scheduled short courses for workers already in industry will be held at the school this summer as in the

Dean Lampe stated: "We wish to thank the Rotary club for establishing the MCTI scholarship fund, the chamber of commerce, the Carteret County News-Times, the churches, and individuals for their help in establishing the first tech nical institute in North Carolina. I sincerely believe that here in Carteret county has begun a great ovement in technical education that will prove of great worth in

the development of this state."
The institute was established in 1947 with aid of the Board of Conservation and Development, Knapp Foundation funds, and Dr. Frank P. Graham, then president of the Greater University of North Caro

lina. Since 1947 the institute has changed from a one-year general technical course to three special In addition to its regular one-year courses there are in addition each year a series of short courses, in-cluding meter schools, cotton

stitute has never had enough grad-uates to fill the requests made by industry, commented Director Ma son yesterday. He added that students in the June graduating class have already been interviewed by firms seeking employees.

Members of the MCTI board of firectors who met at the institute Wednesday night are Dr. D. J. Eure, H. S. Gibbs, L. D. Gore, H. L. Joslyn, Robert G. Lowe, and J. A. DuBois, all of Morehead City A large residence, formerly the Todd home, will house the institute in Gastonia. Workshops have
