The program has been arranged by the program committee under the direction of Dr. N. T. Ennett, chairman.

Dr. Green became executive vice-president of the newly-created Medical Foundation of North Carolina in January 1950 following six years as editor of the Durham Morning Herald.

A native of Kentucky, he has lived in North Carolina most of his life. He was graduated from Wake Forest college, and did graduate work at Duke, Harvard, and Union Theological seminary in Richmond. He holds earned degrees from Wake Forest and Duke, and honorary degrees from Washington and Lee, and the University of South Carolina.

While at Coker, he was president of the Southern Association of Colleges for Women. He returned to Duke on sabbatical leave in 1943 and served as advisor in religious activities there prior to becoming editor of the Durham paper.

Author of two books on religious subjects, and contributor to many religious and secular periodicals, Dr. Green has been affiliated with numerous church and civic groups in the several states in which he has lived. He is a member of the Council on Christian Education of the North Carolina Baptist State convention, and was for three years chairman of that council, as well as a member of the education commission of the Southern Baptist convention.

Gray Ladies Ask Aid of Local Red Cross Chapters

Representatives of the Beaufort, Morehead City and New Bern Red Cross chapter have been invited to a meeting of the Cherry Point and Camp Lejeune Red Cross chapters (volunteer services units) at noon Tuesday, April 1, at the Cherry Point officers club.

At that time the Cherry Point Gray Ladies will present their needs for the next six months and request representatives of nearby Red Cross chapters to cooperate in supplying those needs. The Gray Ladies suggest that the donations, listed below, be given through local civic organizations.

The donations, to be used in entertaining patients at the base hospitals, are to be as follows: cookies, canned fruit juices, hard candies, evaporated milk, sugar, magazine subscriptions, modeling kits, and table radios.

Since radios can be repaired on the base, Gray Ladies urge anyone who has a radio not in use to send it to them so that ill servicemen may have radios as a source of entertainment.

The last meeting of the Cherry Point and Lejeune chapters was held before Christmas, at which time representatives of the Red Cross chapters in the surrounding areas pledged donations.

The Gray Ladies are asking that the representatives come to this meeting prepared to announce their donations.

Following the meeting, luncheon will be served.

Brownies Will Observe 40th Birthday Anniversary

Brownie Scouts throughout the nation will observe their 40th anniversary Wednesday. Brownies are the junior group of the Girl Scouts, youngsters being eligible for membership from 7 to 9 years of age. In the Boy Scouts, their counterparts are the Cubs.

In Morehead City's recently reorganized Brownie troop are 31 girls divided into two patrols. Their leaders are Mrs. Sara Alford, Mrs. Dick Price, Mrs. A. C. Hodges, and Mrs. Robert Williams.

The group meets at 3:30 each Wednesday afternoon in the educational building of the First Methodist church.

One of America's favorite singers is the baritone Mac Morgan, who will appear at 8:30 tonight at Morehead City school.

Texas-born, Florida-bred, educated at Rochester's Eastman School of Music, copper-haired Morgan made a national reputation for himself during two seasons as star of the weekly "Highways in Melody" program, broadcast from coast to coast over NBC. He has been soloist at New York's Stadium concerts with the Philharmonic-Symphony; he has filled three engagements in one year in Cleveland; in recitals he has thrilled audiences from coast to coast. The past two summers he has made opera appearances at the Berkshire Music center.

Morgan grew up in Jacksonville, Fla., where he played trombone in the school band and sang in the church choir and glee club. When he was 15 he started to take lessons from a local voice teacher. One day the baritone, John Charles Thomas, came to town to give a concert and agreed to hear Morgan sing. Impressed, the famous singer advised the young man to go to the Eastman school.

He attended Eastman from 1936 to 1940, graduating with the degree of Bachelor of Music. There he not only began his career but met his future wife, Helen Neilly, a fellow-student majoring in piano. In 1942 the Morgans came to New York. Morgan entered the National Aria auditions for appearances with the Cincinnati Zoo opera. He was one of two winners that year.

Early in 1943 baritone Morgan became Private Mac Morgan, U. S. Army. At the beginning of 1946, after three years of service, most of it spent in the Pacific, Morgan was honorably discharged. The baritone took his white-tie-and-tails out of mothballs and started his career again.

Recital dates began to come in followed by a star radio engagement, the "Highways in Melody" program. Two years on this program built a devoted nationwide following for the American singer.

Only holders of Community Concert membership tickets will be admitted to the concert. Persons wishing to attend who do not hold Community Concert membership may phone Mrs. George Dill, Jr., Morehead City, 6-3507, who may have tickets turned in by members who cannot attend tonight's program. Those tickets will be sold to the inquirer and the money turned over to the owner of the ticket.

Following the concert, Morgan will be entertained at a reception at the home of Mrs. B. F. Royal, Morehead City. The hostesses will be Mrs. J. W. Jackson and Mrs. S. W. Thompson, members of the Carteret-Cherry Point Community Concerts association executive board.

Wreck Official Conducts Vendue

Hatteras. — (AP) — Wednesday was "vendue" day on the North Carolina coast.

"Vendue," in this case, means an auction sale of goods salvaged from ships wrecked along the coast. The sale was the first in this section since the days of sailing vessels and was conducted by Alpheus W. Drinkwater of Manteo, State Wreck commissioner for districts one through six.

Among the sale offerings were merchandise salvaged by Hatteras fishermen from the wreck of the motor vessel Miget which stranded on Portsmouth beach and broke in two during a gale Feb. 3.

Included was paint, shellac, soap, canvas, electric light bulbs and one 25-gallon keg of cheese, all of which only brought \$163 — a far cry from the old days when thousands of dollars changed hands at auction.

Salvors received up to 65 percent of the money collected and the remainder will be turned over to ships' owners upon proof of claim. Unclaimed money will be given to the Dare county clerk of court for the school fund.

Five applications for pigs and one for a calf in the 4-H pig and calf chains were approved Friday night when the Livestock Improvement association met at the county agent's office, Beaufort.

Governor Endorses Campaign To Assist Crippled Children

Raleigh. — "The right to aid the crippled is a privilege that should be appreciated, guarded, and exercised fully," Gov. W. Kerr Scott said today endorsing the annual Eastern Seal appeal which opens March 13 and continues through Easter Sunday.

Heading the drive in Carteret county will be Mrs. Martha Loftin, Beaufort. The goal is \$1,000. Boy Scouts in Beaufort and Morehead City will place coin collectors in business places this week.

The Governor urged generous support for this year's campaign so various chapters for Crippled Children and Adults, sponsoring organization, may meet the increased cost and provide the services needed by crippled children of the state.

"It is economically sound to make available such services as those financed through Easter Seal funds, since these services help dependent crippled children become independent, productive adults," the Governor said.

"The North Carolina Society for Crippled Children and Adults, with the co-operation of its chapter organizations and many volunteers, works closely with the many problems of the handicapped children through a broad program of education, direct service, and research," the Governor said.

"Many of the handicapped children of our state would go neglected except for the services and aid made available through the Easter Seal society."

The society's headquarters in Chapel Hill announced that the 17th annual campaign is planned for aid to approximately 250,000 handicapped school children in North Carolina.

The appeal will be made through 300,000 letters to be mailed throughout the state, Easter Lily parades, and through North Carolina schools which will conduct the sale of school packets and tags.

Eight Couples Win Divorces

Dean Israel Noe Presents Signet Ring to Rector

Clergyman, Formerly of Beaufort, Makes Presentation at Memphis, Tenn.

Memphis, Tenn. — (AP) — The "Lost Signet Ring of King Solomon" glitters today on the right index finger of the one mortal deemed worthy of wearing it.

The strange and gaudy ring was given to the Rev. Cannon L. D. Gottschall, rector of St. Paul's Episcopal church in Oakland, Calif., at a banquet recently here at Memphis.

The crowd of about 500 watched as Dean Israel H. Noe, formerly of Beaufort, made the presentation. He had high praise for Dr. Gottschall, whom he called his "spiritual kinsman."

Dean Noe designed the ring after 12 years of digging into the "universal subconscious" for details. Several jewelers worked on the project, completed at a cost of about \$5,000.

According to the way you look at it, the ring is either a large, unusual piece of jewelry, about a year old by normal figuring — or the modern manifestation of a legendary ring whose "soul body" goes back 3,000 years.

The ceremony also marked the 13th anniversary of St. James' Episcopal church here, founded by Dean Noe after his run-in with the bishop of Tennessee in 1938.

The late Rt. Rev. James M. Maxton removed Noe from the post of Dean of St. Mary's Episcopal cathedral here five days before Noe was taken to a hospital because of a weakened condition brought on by a 22-day fast.

Scott, manager of the field and warehouse department and J. W. Miller of the leaf department of the Flue-Cured Cooperative Stabilization corp.

Gillette said the port's storage warehouses would be completed in July and part of the Georgia-Florida and Border Belt crops will begin moving to the coastal facility.

A total of 17,000 to 20,000 hogsheads of tobacco will be stored at Morehead City by the stabilization corp.

Veterans Who Sell Homes Remain Liable on Loan

Veterans who sell their homes and let the purchasers assume the 4 per cent GI loans, remain personally responsible for the payment of the loan, says Paul W. Crayton, officer in charge of the VA office, New Bern.

Crayton said world war II veterans should not sell their property without making certain that their interests are protected. The best way to do that, he says, is to have the purchaser pay cash or arrange a loan in his own name. He pointed out that property is more easily sold with the favorable 4 per cent GI mortgage remaining in effect — a factor that should influence the selling price. However, a veteran selling his property with the GI loan intact runs the risk of later having to pay all or part of the debt resulting from a default by the new owner.

Should the new owner of the property fail to keep up the mortgage payments, the holder of the GI mortgage can foreclose. When the proceeds of the sale resulting from the foreclosure do not cover the amount of the GI loan outstanding, the difference may remain a debt against the veteran. The VA has to pay the holder of the mortgage for the guaranteed portion of the debt. The veteran will then owe the government the next amount of that payment, plus interest.

In many areas throughout the country, foreclosure may take place without notice being given directly to the original veteran-borrower (for example, foreclosure by publication) even though the veteran remains liable for the debt. For this reason, the veteran is urged to keep the holder of the GI mortgage and the Veterans administration advised of any change of his address. He should also request the lender to notify him if the new owner defaults.

VA, when notified of property sales and of any change of address, will inform the veterans, when it learns that the loan is in serious default or in danger of foreclosure.

Court convened at 10 a.m. yesterday with Judge John J. Burney presiding. After swearing in the grand jury the judge instructed the jurors in their duty. He asked them first to pass on all bills of indictment, commenting that four crimes in this state, murder, burglary, rape, and arson are capital offenses. The judge instructed the grand jurors that they must return their decision of a true bill in a body if they find a true bill in any case of murder, burglary, rape, or arson.

The jurors were told that if they have knowledge of crimes or misdemeanors in the county, information to that effect should be given the court as a presentment.

JP Reports

He reminded them that all justices of the peace in the county are to file with the clerk of court, at each term of superior court, a statement of all the cases they tried, the disposition of those cases, and a record of the finances involved.

Judge Burney also stated that the jurors should inquire of the clerk as to the filing of reports by executors or administrators of estates, stating that such reports are required by law within a specified period of time after a will has been probated.

The jurist directed the grand jurors to inspect all county property and to visit all school buildings, also to inspect or to have inspected by the highway patrol the school buses. Tug Completes Record Tow

The tug Fortuna, owned and operated by the R. K. Davis Transportation co. of Hampton, Va., recently completed a record tow from Elizabeth City to West Palm Beach.

The tow consisted of two 205-foot long, 24-foot wide wooden barges, the Saranac and the Biscayne. Most of the trip was made with the barges tied side by side and several 51-foot wide draw bridges were negotiated in this manner.

In some narrow stretches of the inland waterway the barges were towed single file. From the St. John's river to West Palm Beach where the waterway is only eight feet deep, the forward peak tanks of the Fortuna were flooded to reduce the nine-foot stern draw to the necessary eight feet.

The Fortuna is captained by Laurie G. Lewis of Morehead City and carries a crew of six. R. K. (Jim) Davis is a native of Marshallberg, where he has a summer home.
