Judge Rules In Estate Dispute

Judge John J. Burney, presiding at the March term of superior court last week, ruled that Mrs. Sophronia Taylor, sister of the late Mitchell Hamilton, shall be the sole administrator of the Mitchell Hamilton estate.

Mitchell Taylor, nephew of the deceased and son of Mrs. Mary Etta Taylor, who requested appointment as joint administrator has filed an appeal to the state supreme court. His bond was set at \$100.

Mitchell Hamilton died without a will Nov. 13, 1951, whereupon the clerk of superior court, A. H. James, appointed Mrs. Sophronia Taylor administratrix of the estate. Upon protest of Mitchell Taylor, the clerk stated that he too could help administer the estate, and Taylor's appointment was made Jan. 2, 1952.

To that Mrs. Taylor took exception and carried the case to superior court last week where Judge Burney ruled in her favor and issued an order setting aside the appointment of Mitchell Taylor, stating that the clerk's power and authority in the case ceased following the appointment of Mrs. Taylor and ordered that the settling of the estate proceed.

Since the case has been appealed to a still higher court, settling of the estate cannot proceed until the supreme court renders a decision.

Brownies

Methodist church for troop No. 1, and the Freewill Baptist church for troop No. 2. Troop committee for troop No. 1 is Capt. Douglas Hollingsworth, USMC, chairman, Mrs. Charles Hill, jr., Mrs. Manly Mason and Mr. W. H. Bryson, principal of Newport school.

For troop No. 2, Mrs. D. Ira Garner, chairman, C. M. Hill, jr., Mrs. Tom Temple and the Rev. J. R. Bennett of the Freewill Baptist church. Mrs. Manly Mason is treasurer of the organization as a unit.

The financial needs of the Brownies are increasing with the growth of the troops and the additional demand for new materials with which to carry on the work. Although each Brownie pays dues of 10 cents a week and sponsors of the troops have been liberal, the present training plans demand and deserve an increase in the present budget.

The Brownies, in the past months, have raised money for this purpose by conducting a turkey raffle, Christmas basket sale, and benefit bridge parties. Still there is a need. Now, the Brownies are sponsoring, "Too Many Relatives." Tickets are now on sale.

Negro News

Mrs. Beulah Jones and Mrs. Mammie Jones were hostesses to the Community Dramatic club Thursday evening at 7:30.

Mrs. Mammie Fuller led the devotionals after which an hour of business, with Mrs. Elsie Warnette presiding, was transacted.

Plans were made for the Spring Musical festival to be held at W. S. King school Sunday, March 30. Pie a la mode and soft drinks were served to eleven members.

The meeting will be held at the home of Mrs. Bessie Little this week.

The Ladies Home Instruction club will meet at 8 p.m. Thursday at the home of Mrs. Samuel Williams. This will be the beginning of the new year and the newly-elected president, Mrs. Starkey Marbley, will preside.

Prayer meeting will be held Wednesday evening at 7:30 in the Christian church. The Bible discussion for this week will be taken from the tenth chapter of St. Matthew. Sunday services will be held as usual.

Agriculture

(Continued from Page 1)

Bureau president, commented on attempts to have Americans substitute unlimited federal authority for independence. He remarked: "Americans are being asked to forsake methods of proven success to substitute methods which have so far produced failure by comparison. Let us not forget that we seek not only to avert the holocaust of a third world war, but to preserve the American way."

Senators and congressmen appeared as speakers. On the last day of the convention Kline was re-elected president, Roscoe Short, vice-president, and Fleming, secretary. Charles Marshall, president of the Nebraska Farm Bureau, was named to the board of directors, replacing Herman Praeger, president of the Kansas Farm Bureau.

North Carolina was one of 19 states that last year met its membership quota. Allgood reported and the national organization has set a goal of two million members by 1956.

Garner reported on the national convention at Raleigh where talks were made by Secretary of Agriculture Brannan and R. Flake Shaw, executive vice-president of the state Farm Bureau. Brannan pointed out that agriculture's job is efficient production and stopping communism by feeding a hungry world.

Strong Support Needed

The secretary of agriculture told North Carolina farmers that small grain and corn production must increase, cited the necessity of growing crops best suited to their soils, and the value of pastures. The nation's agriculture production last year was a near-record, yet the income was two billion below 1947, reported Brannan, adding "we need a strong price support program."

Garner reviewed the tobacco sectional meeting, stating that farmers are advised to let the tobacco in the field until it's ripe. "Priming too fast or curing too fast" causes a loss in dollars and cents, he declared and cited the difference in support figures for ripe, properly cured grades, and green, poorly cured leaf.

Tobacco production this year is expected to be better and the support price slightly higher than last year. Although England has cut its tobacco imports, Garner said that domestic consumption has so greatly increased that England's temporary withdrawal from the export market will not have a deleterious effect on the farmer.

Williams, farm agent, commented on the talk by state agriculture commissioner, L. Y. Ballentine. Ballentine remarked that this being an election year will affect the agriculture economy. He said the trend of wages and prices will be upward and defense spending high.

The farmer has been asked to produce 6 per cent more but production costs will be up 8 to 10 per cent, making it mandatory that the farmer manage more efficiently and market more wisely.

Goals Cited

The cotton acreage goal this year is 725,000, peanut acreage should be cut, according to agriculture statisticians; the soybean yield is asked to be higher, while Irish potato acreage should increase about 8 per cent and sweet potato acreage 50 per cent.

The milk supply is still less than demand. The farm agent said Ballentine told the convention that the demand for meat will remain good, there will be an increase in poultry production with prices remaining stable, but in North Carolina 50 per cent of eggs used here are imported and that should be rectified.

Williams then reviewed the resolutions adopted at the convention. Robert Laughton, president of the county Farm Bureau, presided at the meeting.

Airman Graduates

Recently graduated from the Aviation Machinist's Mate school, at the U. S. Naval Air Technical Training center, Memphis, Tenn., was John A. Scurlock, airman, USN, son of Mr. and Mrs. R. T. Scurlock of 120 Ann st., Beaufort.

Trial Awaits Prisoner's Release

When Brady Lewis, Harkers Island, is released from prison he will be tried in Morehead City recorder's court on a charge of hit and run and drunken driving. Lewis was sentenced to two years last week in superior court, Carteret county, for violating terms of a probation judgment.

He was arrested Saturday, March 8, west of Morehead City, after Thomas T. Zabelski, Cherry Point, informed police that Lewis, in a 1941 model automobile side-swiped him between the Rex restaurant and the Wagon Wheel on highway 70. Both cars were proceeding west.

Zabelski followed the car and stopped it across from the race track. Highway Patrolmen W. E. Pickard and J. W. Sykes arrived on the scene and charged Lewis with drunken driving and hit and run. They placed him in the Morehead City jail.

Damage to the Lewis car was estimated at \$50 and to the other \$50. Riding with Zabelski was Joseph E. Campbell, USMC. Patrolmen said there was no one in the car with Lewis at the time they arrived.

Grand Jury

(Continued from Page 1)

roof repaired and a paint job, and also a new coal bin.

Salter Path school: We recommend the roof to be repaired and a new paint job.

Newport school: We recommend that the outside walls be treated so that water cannot seep through ruining the inside walls. The plaster has fallen out in some of the rooms and general paint job on the inside is needed.

Camp Glenn school: We recommend a new boiler room and improvements in the boys' and girls' rest rooms. The windows need repairs.

W. S. King Colored school: We recommend that a water line be connected with the home economics room.

Morehead City high school: We recommend window repairs, tile floor in the rest rooms and tile floor over all the old building.

Stella Colored school: We find this school in good condition except for paint job on the inside and also on the outside. We recommend a school bus to transport children from one to two miles.

North River Colored school: We recommend that repairs be made to door and windows, that girls' toilet be cleaned out, the ceiling needs repaneling, inside walls need repainting.

Merrimon Colored school: We recommend that leak around flue be repaired, that windows be repaired, that ceiling and inside walls be painted, that window panes be replaced, that door be replaced, the pump be repaired, steps replaced, that sunken place in front of building be filled in.

Atlantic high school: We recommend that leak in gym roof be repaired and that the gym be painted on the inside.

Smyrna high school: We recommend that two small leaks in roof over lunch room be repaired and two places of ceiling of auditorium be repaired.

Harkers Island school: We recommend that the corner foundation and floor of the west porch be leveled to prevent cupping and holding water and repairs to the heating plant.

We have visited the prison camp at Newport and find it well kept and in good condition.

The sugar-producing island of Antigua in the West Indies has some of the finest beaches in the Western Hemisphere.
