### Overweight Dog Worries Blind Newspaper Vendor

Dallas (AP)—Eugene Norris, a blind newspaper vendor, is worried about his Lady's figure.

Lady is his 10-year-old seeing-eye dog who is now on a reducing diet because she is 15 pounds overweight.

He likes the food gifts of some, like the cans of dog food and milk bone from a department store worker and the executive who brings dog candy, which is non-fattening.

### 'High Noon' Brings Action

While Gary Cooper is killing off a fourth member of his outlaw gang, three others wait in ambush for him in this taut scene from Stanley Kramer's "High Noon."

**Old Locomotive Quits**  
Nanaimo, Canada (AP)—A locomotive which hauled coal for 70 years was presented to the city and has been placed in Piper's Park. Coal mined in an old pit which closed down in 1899 provided power for the engine's last journey.

American mines are furnishing coal for more than half the world's steel production.

Home Hints

Well cared for books and attractive bookcases are an addition to any room. To keep them attractive we must keep them clean.

Clean one shelf at a time so the arrangement will not become too disorganized. Run the soft brush attachment of the vacuum cleaner or a soft cloth over each book as you take it off the shelf; then use the same attachment on the shelf itself.

Next apply a coat of wax to the shelf and let it dry. Polish to a gloss. The wax protects the finish and makes dust easier to remove.

While the bookshelves are being dusted, washed, and waxed, lay books flat in small piles... don't stack in high unsteady piles as they may fall over and backs be broken. When the shelves are clean and dry, replace the books gently one by one. Be sure shelves are completely dry before putting the books back.

Watch for signs of mildew on your books... small brown spots on leaves or white film on covers. Prompt attention is needed for mildew for it spreads rapidly, attacking fibers. Brush off spots with a soft, dry cloth or cleaning tissue. Throw the cloth away as soon as it is soiled or you may spread the damage rather than remove it. If brushing does not remove spots, try a soft cloth barely dampened with alcohol. If this does not work, sprinkle French chalk between the pages, close the book and leave it for several days. Then brush off the chalk.

The majority of watermelons are grown in Florida, California, Georgia, Texas, South Carolina, Missouri and Arizona.

THIS IS THE WAY WE CLEAN THE HOUSE SO EARLY THURSDAY MORNING!

Thursday's cleaning day and in every home a call goes out for Reddy Kilowatt, everyone's willing and economical electric servant. Reddy comes in and with vacuum cleaner, electrically heated hot water and a minimum of labor, the once back-breaking job of house cleaning is done in a trice!

Electricity is more economical than ever before here in the former Tide Water territory, now that Carolina Power & Light Company has introduced the new inducement rate. By utilizing your electrical appliances to the fullest, this new rate gives you 75 Kilowatt hours of electricity at NO EXTRA COST! Ask your nearest Carolina Power & Light representative to explain how you can take advantage of inducement rate B. Live electrically and enjoy the difference!
