EQUIPPED FOR

**IT IS OUR AIM TO PROVIDE CAREFUL
LAUNDRY AND DRY CLEANING**

Pictured here in the office of Sunshine Laundry (left to right) are Delores Gillikin, office clerk; George P. Whittle, owner; Mrs. George P. Whittle, and H. A. Getsinger, manager. Photo by Jerry Schumacher

We do your laundry and dry cleaning in a clean modern building with soft water that gets out all the dirt. Our dry cleaning department is equipped with the latest machinery. Sanitone service does a better job of cleaning your clothes, removing all objectionable odors, and helps to preserve the fabric of your suits, dresses and coats. We deliver your clothes to your home, eliminating all work on your part in the laundry.

OUR EQUIPMENT

We have bought and installed the most modern and efficient laundry and dry cleaning equipment we could find. Our employees are highly skilled in using this machinery and in handling, cleaning and ironing your clothes. All items are carefully sorted to prevent fading and staining, and we take as much care of your clothes as you would if you were laundering them yourself.

Sunshine Laundry operates a fleet of modern service trucks, operated by courteous driver-salesmen. Service is a key word at Sunshine Laundry, and special emphasis is placed on prompt pick-up and delivery. Customers know that the best laundry and dry cleaning service is always as near as their telephone. Photo by Jerry Schumacher
