Jones Sells Gas Interests

Carteret Gas Company To Continue Operation Of Pyrofax Business

The gas and appliance interest of the Clyde Jones Gas company Morehead City, has ben sold to a newly organized corporation, the Carteret Gas company.

The Clyde Jones Gas Co., owned and operated by Clyde Jones for the past 13 years, will retain all property and interests in sheet metal, roofing, heating and insu-lating business in Morehead City. That business will continue to be operated under the name of the Clyde Jones company, Inc., until such time as that corporation is dissolved, according to Jones.

The Carteret Gas company will be headed by E. L. Awtrey as president of the group. He has had some 19 years experience in this field. Prior to the war he owned his own gas company and for the past seven years has been district manager of the Rulane Gas Co. in Wilson

per cent said they would not vote. In Beaufort, 38.67 per cent said they were undecided, 32 per cent said they would vote for Eisenhower, 17.33 per cent indicated they would cast their ballots for Stevenson, and 21.7 per cent said they would not vote.

Newport had the largest num-er of the ided voters and also the largest number of Stevenson followers. Thirty-six per cent of the total polled in Newport said they were undecided, 38 per cent indicated Stevenson would be their choice, 10 per cent gave their votes they would not vote.

Atlantic gave a heavy percentage to Stevenson with 46.6 per cent indicating he would get their vote. Thirty per cent said they were undecided. Only 3.3 per cent of those polled indicated that they favored Eisenhower and 20 per cent said

Marshallberg Wants Ike

Eisenhower was way out in front in the voting in Marshallberg, with 33 per cent of those polled indicating he was their choice. Thirty-six per cent of the voters polled undecided, 17 per cent said they would not go to the polls, and Stevenson supporters counted up to 13 per cent of those contacted in Marshallberg and surganding there indicated that they were still

The survey made by the NEWS-TIMES was entirely by telephone. The number of phone calls to be made was set arbitrarily at the hundred. The number of phone can be a set arbitrarily at three hundred. A cross-section of Carbinate make the money ran out with the teret county voters was made by contacting voters in each area of the county. This was done by setting the number of phone calls in each town according to population. Phone numbers to be secured were selected by counting the number of selected by counting the number of names in each town listed in the telephone directory. The number of names in each town to be called was then divided by the total number of names in the directory. Each number was then marked when it came up on the statistical chart.

In Morehead City, every 13th name in the phone book was called. Every 10th name in Beaufort was called. In Newport, every second name was called. Every fifth name was called in the Atlantic and Marshallberg directory.

Some five to six hundred phone calls were made before the three hundred could be completed. Each

time a phone call was reported incomplete, the number just above or below it was dialed. If that num-See POLL, Page 5
