The Beaufort Sea Dogs will face their toughest test of the season tonight when they meet Elizabeth City at 8 p.m. at the athletic field. The visitors, currently in first place in the Northeast conference, have one of the best teams in the eastern part of the state.

For the first time this season, the Sea Dogs may go into a game with several players out of action. The team has been lucky so far in that no players have suffered serious injuries. That old devil, the common cold, however, has finally managed to put three of the team's offensive stars out of action.

Billy Eudy, B. G. O'Neal and Gus Farlowe all have been sick for most of this week. The boys have been out of school and unable to practice. Coach John Evans reports that he does not know if any of them will be well enough to play tonight.

With everybody able to play, the Sea Dogs would have trouble with Elizabeth City. With three players out of action, the Sea Dogs may be in for a bad night. Elizabeth City is normally a dangerous foe. After last week's upset loss to Greenville, the visitors will be even more dangerous than usual. They will be trying hard to make up for that loss and will be out for blood.

Beaufort, with a full complement of players, can do what Greenville did last week. Coach Evans has been in touch with Bill Kittrell, the Greenville coach, and has found out how the Phantoms beat Elizabeth City. This information may do little good, however, if Eudy, O'Neal and Farlowe can not play tonight.

The Sea Dogs are lucky in one respect. Wallace Conner, the really key man in the Beaufort offense, is still in good health and able to play. While the other backs have been making the spectacular plays in the Sea Dogs' games, it has been

Hunting Ban Ends

The state-wide ban on hunting lasted just one day. The ban which went into effect Monday was lifted Tuesday as rain put a temporary end to the threat of more forest fires.

The ban was voted Saturday by the wildlife resources commission because of tinder-dry conditions in the state's forests. Rainfall on Monday ended the danger of fire and the ban was lifted.
