**Newport Rotarians Hear Milk Company Engineer**

E. J. Roundtree, sanitary engineer for White Ice Cream and Milk company, told members of the Newport Rotary club Monday night that the milk business is "one of the biggest services rendered to the community."

Mr. Roundtree noted that milk production is the fastest growing industry in the world today. He said, "The producers are now milking more than 126 million cows."

Mr. Roundtree said that the three main problems of the dairy industry are keeping cows free from disease, feeding and sanitation.
