#### Tropic Fish Tanks on Farm

Jacksonville, Fla. (AP) — "I never met a fish I didn't like," says Frank Ward, who has 300 tanks of fish on his fish farm.

Ward's hobby is tropical fish, which he says have a lot of human traits. They get sick with such ailments as kidney trouble, heart disease, cancer and even common colds. Ward has devised his own fish food composed of everything

from baby cereal to Epsom salts.

"Fish get as nervous as humans sometimes," he says, recalling the TV debut of his fish. One variety, the "badis badis," got stage jitters when doing a balancing act on Ward's hand.

Rhode Island originally was called the Isle of Rhodes by Verrazano in 1524. More than a hundred years later, the general court of the colony formally adopted Verrazano's name.

Pittsburgh, Pa. (AP)—A young married woman who couldn't speak a word of English when she came to America as a refugee in 1946 has since graduated from high school and recently she became an American citizen.

### Former Student Returns To Attend College Here

Nashville, Tenn. (AP) — Two years ago Claire Schlatter of Switzerland was a high school girl here, one of 22 carefully selected European youths who came to Nashville as guests of Youth Incorporated to help further international understanding.

Now 19, Claire flew back here from Switzerland recently to enter Vanderbilt university as a freshman. She was met at the plane by many of the friends she made two years ago. "Coming to Vanderbilt has been my greatest ambition," she beamed.

Last year Vanderbilt offered scholarships to all 22 of the Europeans. Claire was the first to take up the offer.
