Eight Groups Seek Funds

During the month of May licenses were granted by the State Board of Public Welfare to eight organizations to conduct fund-raising campaigns through public solicitations for the support of their programs. It was announced yesterday by Dr. Ellen Winston, commissioner.

Six of these organizations were relicensed in accordance with provisions of the state solicitation law. They are the American Foundation for Overseas Blind, the Seamen's Church Institute of New York, and the United Negro College fund, all of which have headquarters in New York City; the Grace Home for Women at Shulls Mills, North Carolina; the Highlands Biological Station at Highlands, North Carolina; and the Pioneer Girl Scout Area Council with headquarters at Gastonia.

The St. John Home for the Aged in Laurinburg, North Carolina, and the National Multiple Sclerosis Society in New York City received licenses to solicit for the first time. The total amount which the eight organizations will seek from the public at large in North Carolina is \$111,373.

It was also announced that during the month of May the Bakers Dozen Youth Center in Washington, D. C., the Christian Children's fund in Richmond, Virginia, the Florence E. Boyd Home and Vocational School at Blowing Rock, North Carolina, and the Girls' Vacation fund and the Save the Children Federation of New York City solicited citizens of this state. The State Board of Public Welfare is pointing out that such solicitations are in violation of the North Carolina solicitation law since none of these organizations is licensed in accordance with the state statute.

Home Demonstration Schedule Announced

Miss Martha Barnett, home demonstration agent, has announced the following club meetings for this week. Today the Wildwood club will meet at 2:30 at the home of Mrs. Roslyn Ketter.

Tomorrow an organizational meeting will be held in Newport for all ladies there and in the vicinity. The meeting will be held in the school lunchroom at 2 p.m. All interested ladies are asked to be present.

Friday the Bettie club meets at 7:30 with Mrs. Charlie Pake.

Alligators are classified as a species of crocodile.

Glen Deibert Completes Marine Recruit Training

Marine Pfc. Glen Deibert, son of Mr. and Mrs. John Deibert of Morehead City, route 1, was promoted to his present rank when he graduated from the Parris Island recruit depot.

He won the marksman medal on the rifle range after firing a score of 206 out of a possible 250 during his weapons training. Before entering the Marine Corps, he was employed by the government as a mechanic. He is a graduate of the Morehead City high school.

Pfc. Glen Deibert

Robert E. Willis, 19, son of Mr. and Mrs. Martin L. Willis of Beaufort is completing his basic armen indoctrination course at Lackland Air Force base, Texas, it was reported this week.

The basic training prepares the armen for entrance into technical training and for assignment to specialized work.

Commissioners

(Continued from Page 1)

revenue for the county. He said that the county could find itself in serious financial difficulties if the requests were granted.

George Cottingham, Beaufort electrician, appeared to ask the commissioners if the county has any laws with regard to electrical work. He said that the county electrical inspector had refused to pass a job which he had done in Merrimion.

Mr. Cottingham said that the work conformed to all requirements of the national electrical code and wished to know if the county had a code stricter than the national code. He said that a state inspector had informed him that the work was all right.

The commissioners said that they knew of no county electrical code and voted to refer the matter to the state inspectors for an opinion.

Bill Wright asked the commissioners to appropriate money for a full page advertisement in The State magazine's forthcoming Carteret county edition. He said that the page would cost about \$186. He cited the advantages of an ad to the county and said that the issue might be instrumental in bringing industries to the county.

The commissioners agreed that the ad would be a good idea but said that they would have to see if the money is available. They said that they hoped to be able to give Mr. Wright an answer within a short time.

Dan Walker, Beaufort town clerk, asked the county to sell the town some property south of the West Beaufort road. He offered the county \$1 for the property, about 4.1 acres along the water. It was decided to defer action pending a check with the Civil Aeronautics Administration with regard to restrictions on building near the airport.

The commissioners voted to accept as part of the county road system 500 feet of road in Marshallberg. Part of the road is already on the system but the remainder is not. Residents on the road, the Lewis-Moore road, want it graded and drained to make it passable.

The board also approved a request to take over the maintenance of 700 feet of road in Broad Creek. Residents of the road asked that it be dragged and drained. Eight families live along the road which extends from the paved road to Bogue Sound.

At the request of Alvah Hamilton, the board adopted a resolution favoring the proposed coastal highway along the outer banks. The board asked for the paving of a

Sergeant Leslie D. Feagle, III, arrived recently after a 12 months tour of duty with the First Marine division in Korea.

He visited his sister Mrs. Ray F. Garrett of Morehead City. Sergeant Feagle will be stationed at Camp Lejeune after a 30-day leave.

Sgt. Kenneth O. Tootle, son of Mrs. Fannie Tootle, Rt. 1, Morehead City, is returning to the United States after serving in Korea with the 45th infantry division.

Sgt. Tootle, a squad leader with Company I of the 179th infantry regiment, has been in Korea since last June. He entered the army in November 1951 and received his basic training at Fort Ord, Cal.

Ernest F. Garner, son of Mr. and Mrs. Roy T. Garner of Newport, route 1, has been advanced to the rank of fireman, USN, while serving aboard the battleship USS Missouri.

The Missouri recently concluded its second tour of duty with United Nations forces in the Korean theater.

Robert E. Willis, 19, son of Mr. and Mrs. Martin L. Willis of Beaufort is completing his basic armen indoctrination course at Lackland Air Force base, Texas, it was reported this week.

The basic training prepares the armen for entrance into technical training and for assignment to specialized work.

Cherry Pointers Break Own Blood Donor Records

For the fourth consecutive time marines and civilian workers at Cherry Point have set a new three-day record for giving pints of blood in the Red Cross blood donors program.

A total of 1,468 pints was collected last week. Captain Paul Vaughn, USN, senior medical officer on the base, and L. D. Williams, Red Cross field director, leaders of the drive, expressed great satisfaction with the results.

All of the blood is sent to the armed forces for use in Korea. Captain Vaughn credited the organization of the drive with the success of the campaign.

Five blood-donor drives have been conducted on the base. The first one took place in March, 1952. The drives are arranged at approximately three-month intervals. The first campaign resulted in 1,091 pints; the second, 1,142; the third, 1,309; the fourth, 1,442; and the last, 1,468.

The next drive has been tentatively set for mid-September. The quota is expected to be 1,500 pints of blood.

road on Ocracoke and the establishment of a car ferry from Ocracoke to either Cedar Island or Atlantic.

The board approved a request for grading and draining of 1.5 miles of road in the Mill Creek section. Eleven families live on the road which is already part of the county system and which is in bad condition.

The commissioners took no action on road requests from Atlantic, Gloucester, Straits and Money Island Beach.

A. H. James, clerk of court, reported receipts of \$6,366.10. The county received \$2,736 from the county recorder's court, \$85.08 from the superior court, \$95.30 from probate and clerk's fees, \$635 from the Morehead City court and \$90 from F. R. Seely, justice of the peace. Total amount paid to the county was \$3,481.38.

The board accepted the settlement of uncollected and insolvent taxes and authorized that they be turned over to the sheriff for collection. The taxes amounted to more than \$6,000.

The board also authorized Mr. Potter to turn the 1953 tax books over to E. O. Moore, county tax collector.

Present at the meeting were Dr. Bonner, Commissioners Moses Howard, Tilden Davis, E. H. Potter and Walter Yeomans, Irvin W. Davis, clerk of the board, Mr. Potter, Mr. Moore and Attorney Hamilton.

Entomologists to Conduct Nematode Survey Here

R. M. Williams, county farm agent, has announced that two entomologists will be in the county this week to check on the presence of a new variety of nematode in local tobacco fields.

The new variety was discovered in Connecticut and is much harder to control than the variety usually found in North Carolina. The state is conducting a survey in several tobacco counties to determine whether or not the nematode is present in the state.

The men will arrive today and will start checking tobacco fields and fields which are rotated between tobacco and potatoes.

SWISS OINTMENT CURES ECZEMA AFTER 30 YEARS

Mrs. Grace Davenport, 108 Catherine St., Chambersburg, Pa., writes that she bought a small jar of SWISS OINTMENT No. 14 for her father while visiting her son at Camp Lejeune. Her father had had eczema for over 30 years. She stated that "until I bought that little jar of SWISS OINTMENT he has never found anything that would help it (eczema), only as a temporary relief from the itching. "That little jar of SWISS OINTMENT has nearly cured his body all up, and I am writing for a larger jar."

If you're bothered with eczema or other skin diseases such as Impetigo or Children's Running Sores, Ringworm and Tetter go to Morehead City Drug Store, Morehead City or Joe House Drug Store, Beaufort, and buy a jar of SWISS OINTMENT today. (adv.)
