

Medical Society Sponsors High School Essay Contest

Raleigh—An essay contest for high school students in North Carolina starts Jan. 1, 1954 and runs through Feb. 28, 1954. It is sponsored by the Medical Society of North Carolina. Subject of the essay is, "Why The Private Practice of Medicine Furnishes This Country With The Finest Medical Care."

First prize for the best essay will be a \$600 scholarship, payable to any college or university, selected by the winner, which meets the standards of the Southern Association of Colleges and Secondary Schools. Prizes will also be awarded to winners of second and third place essays.

This is the seventh consecutive year the State Medical Society has held the contest. It is sponsored by the Public Relations Committee of the State Society in cooperation with the Association of American Physicians and Surgeons.

In addition to the prize of a \$600 scholarship awarded the first place winner, the Public Relations Committee may choose to invite, at its expense, the winning contestant to be its guest and to present the winning essay at the annual meeting of the State Medical Society in Pinehurst, May 3 through May 5, 1954.

The three top papers in North Carolina will be forwarded to the Association of American Physicians and Surgeons for competition in the national contest. National prizes are \$1,000 for first prize; \$500 for second place; \$100 for third place; and \$25 each for the fourth, fifth, and sixth place winners.

Essays may be submitted any time between Jan. 1 and Feb. 28, 1954. Each high school principal is being requested to designate a committee of three teachers who will, on Feb. 27, select the two best essays from his school. These two essays will be forwarded by the principal to the Superintendent of Public Instruction of the county school system not later than March 5, 1954.

The county superintendent is being asked to select the two best essays from those submitted by the principals and forward them not later than March 10, with covering letter certifying two essays to be the best in his school system to: Public Relations, Medical Society of North Carolina, 212 Capital Club Building, Raleigh, N. C.

To enter the contest, a student must write and submit to his or her principal an original essay of not more than 1,500 words on the topic: "Why The Private Practice of Medicine Furnishes This Country With The Finest Medical Care." Small packaged libraries with bibliography for use in this contest have been furnished each high school and additional copies of the packets are available from the medical Society of North Carolina in Raleigh.

Girl Scout Leaders Raise Money for Trainer's Trips

Money was raised Thursday at a Girl Scout Troop leaders' meeting, Beaufort, to pay for three trips to Morehead City on three successive Thursdays by Miss Elizabeth Griffin, Goldsboro, a professional Girl Scout troop instructor.

Miss Griffin will instruct area troop leaders on how to conduct meetings, give Girl Scout policies and standards, and introduce new activities.

The money for Miss Griffin's transportation was raised by a tureen lunch and contributions at the Scout Building.

Troop leaders met with the Girl Scout council and representatives from Cherry Point, Camp Lejeune, Newport, Morehead City, and Beaufort.

Excellent progress has been made in organizing Girl Scout troops, but more troop leaders are needed, said Mrs. Harvey Hamilton Jr., Morehead City. The Girl Scout troop leaders of this area said that women interested in becoming troop leaders should contact Mrs. T. R. Rice, 105 S. 28th St., Morehead City, phone 6-3840; or come to the meeting scheduled for this Thursday at 10:30 a.m. at the Scout Building, Beaufort.

Those present Thursday from Camp Lejeune were Mrs. Jeanne Shaw, and Mrs. W. E. Kuricose. Those from Morehead City were Mrs. Rice, Mrs. R. P. Durne, Mrs. W. M. Brady, Mrs. Luther Hamilton Jr., Mrs. Harvey Hamilton Jr., and Miss Lil Morris.

Attending from Beaufort were Mrs. W. I. Loftin, Mrs. William Taylor, Mrs. Fred Garner, Mrs. George Herbert, Mrs. Zercha, and Mrs. T. T. Potter.

From Newport were Mrs. H. E. Isenegger, Mrs. Earl Whitley, Mrs. John Maggola, and Miss Lucille Gould.

Representing Cherry Point were Mrs. W. H. Peterson and Mrs. L. A. Coutu.

Porcupines often destroy trees by feeding on the inner bark, killing the tree by girdling it.

Fine Food Comes From Clean Oven

By DOROTHY GRAHAM
CP&L Home Economist

Using and caring correctly for the oven in our electric range not only proves economical but also efficient. The heat is automatically controlled and it does much of the thinking for us.

I hope none of us will be guilty of placing a pan of water on the baffle plate over the lower unit to make the biscuits brown. The housewife who does this is not baking; she is steaming. She is also lowering the heating efficiency of that unit. Never, never place anything down on that unit to heat. Always place food on the oven racks.

There are other ways we can use our ovens intelligently. When roasting meats we can avoid spattering of grease over the oven by lowering the temperature at which we are roasting. Not only will this save the cleaning of the oven but will also decrease the amount of shrinkage in the roast and we shall have a more palatable product.

Keeping the oven clean is very important. We want to avoid getting grease and food baked into the enamel. A clean oven will allow us maximum radiation of heat.

To clean the oven, remove both units. Put ½ cup of ammonia inside, close the door, and leave overnight. This will soften any stubborn spots that will not loosen. Wipe it out, put the units back in place and you are ready to bake again.

Making certain to do all baking on shiny clean baking sheets or in shiny baking pans will help us to have a finer baked product. We have more heat radiation from a slick shiny pan than a black greasy one.

!NOTICE!

Due to the Continued increase in cost of operations and in order that we might continue to bring to the people of this community THE VERY BEST IN MOTION PICTURE ENTERTAINMENT through the LATEST MEDIUMS, it has become necessary that we make a slight adjustment in our admission prices . . .

Milk

(Continued from Page 1)

sale prices for milk and fluid milk products.

The prices must be uniform to all customers, either retail or wholesale, unless written authority is obtained from this commission.

Rules Set

The commission has ruled out special discounts, rebates, free services and equipment, or rental or other types of compensation tending to reduce the prices placed on file by distributors.

The commission established an assessment of 2 cents per hundred pounds on all milk sold within a regulated area, to defray expenses. This assessment amount is paid in the following manner: 1 cent to be paid by the producer and 1 cent by the distributor.

To Give Licenses

Enforcement will be by means of licensing. Regulations require distributors operating in the official marketing areas to get licenses from the commission within 30 days after Nov. 16 when they are to go into effect.

Licenses can be refused or suspended after a hearing, for cause. Provisions of the new regulations do not apply to the small distributor, or producer-distributor, who sells no more than 25 gallons of milk per day from his own farm.

Short Circuit Causes

Fire at Edgewater Hotel

A short circuit in the wiring of the Edgewater Hotel required the attention of the Morehead City Fire Department Sunday at 1:22 p.m.

The firemen rooted out the trouble by ripping insulation off the defective wires. There was no damage to the hotel or furnishings, according to Eldon Nelson, fire chief.

The alarm was turned in from box 43.

Two Home Demonstration Clubs to Meet This Week

Miss Martha Barnett, home demonstration agent, yesterday announced two club meetings for this week.

The Russell's Creek Club meets tomorrow at 7:30 p.m. with Mrs. Sadie Russell and the North River Club meets at 2:30 p.m. with Mrs. Ray West.

The demonstration this month is a discussion on "Attitudes Are Important."

Battle deaths for American troops in the Korean war averaged about 3.5 per 1,000 per year compared with 8.9 in World War II.

Our Time Is Your Time

Like your physician, we have no such thing as "hours" when your health is at stake. Through our emergency phone service, we can be reached at any hour of the day or night, when time is vital to fill your prescription.

USN Recruiter, New Bern, Seeks More Applications

The Navy recruiting office, New Bern, is now accepting applications for Navy enlistments of men in "all mental categories," it was announced today by Recruiter William H. Grimes.

At present there is a small waiting list of applicants that made a score of less than 58 on the applicants' qualification test, but no waiting list of those making a score of 58 and above.

Anyone interested in enlistment or in obtaining information on opportunities offered them by the Navy or Naval Reserve may see the recruiter at the post office building in New Bern Monday, Tuesday and Friday, between the hours of 8:30 and 4:30 and until noon on Wednesday and Saturday.

Retirement Map?

San Francisco (AP) — Capt. Thomas B. Reed, 53, shouldn't have any trouble mapping his vacation plans. He retired after 30 years in the Coast and Geodetic Survey—mapping strange corners of the world.
