High School Band Presents Varied Program Tuesday Night

By IMOGENE LONG

When Mr. Ralph Wade, director of the Morehead City High School Band, schedules a concert, you can count on hearing a varied program. Not sticking to cut and dried marches, as most people expect of a high school band, he includes Negro folk songs, rumba rhythms, cowboy songs and of course, some marches.

At the Annual Winter Band Concert in the school auditorium Tuesday night, the band opened with Great Gate of Kiev, by Moussorgsky, which was a stately Russian march. But as the program continued the music became something out of the ordinary.

Following a march, the Light Cavalry, the band played Humoresque, such a fast, light tune that all feet in the audience were keeping time. The Minute Waltz March by Chopin finished this group.

Londonderry Air, played so beautifully it reminded me of the hymn, Above the Hills of Time, which is set to the same music, was the opening number in the next group. A slightly jazzy cowboy song, Prais-

ie Lament, had the strains of "Bury Me Not on the Lone Prairie" as background music.

And to top off this group, they came out with a rumba, Estrellita! After intermission, the band resumed its program with full force. They began with Americans We, a march, and went on to The Lonesome Road. This was a Negro folk song with a blues rhythm.

Showing that they have the ability to play popular tunes, also, they presented a fast version of When You Were a Tulip. And with the playing of Gate City, a medley of Swanee River, Dixie, Old Folks at Home, and Maryland, My Maryland, Mr. Wade planned to end the concert.

The audience had other ideas and the band was persuaded to present two more numbers. Dixie Patrol was fondly received by all true southerners in the audience and Men of Ohio, a march, was also enjoyed.

Mr. Wade promised the audience that at the Spring Concert he would present his stars in solo parts, which have been features at other school band concerts.
