Major League Clubs Invade Florida Camps

By FRANK ECK AP Newsfeatures Sports Editor

New York - If baseball brings usiness then Florida is in for a terrific spring boom.

Twelve of the 16 big league teams will make their spring training camps in 10 Florida cities a departure from previous years. Tampa, in effect, will take on the

atmosphere of a two-team major league city in that National and American League teams will train west coast eigar city on Tampa Bay. The Cincinnati Redlegs will be

back and they are welcoming the Chicago Whitesox with open arms. When one team is traveling the other will use Plant Field for exhibition games. Thus, March 6 through early April, Tam-pa will see games between major league teams practically every day. The White Sox are going to Flor-

da after 18 seasons in Pasadena Calif. General Manager Frank Lane feels it will give his Chisox a better dethrone the chance to champion Yankees, for his switch in training headquarters means less traveling and more action against rivals from both leagues, not to mention money and climate.

This spring a new city enters the picture, for the Pittsburgh Pir-ates will set up camp at Fort Pierce, between Vero Beach and Rickey took his team to Havana where is was difficult to bring teams except by air. As a result the Pirates played only two big league exhibitions in Cuba and two in Jacksonville.

Six teams in each league will train in Florida. Besides the Redlegs, Cardinals and Pirates there will be the Milwaukee Braves at Bradenton, the Philadelphia Phillies at Clearwater and the Brook-lyn Dodgers from the National

The champion Dodgers, plutocrats in the spring and beaten by the Yankees in the fall, again will open camp at Vero Beach, Feb.
