

Rotarians Hear T. C. Nelson

Club to Sponsor 'Attic Auction,' Give Profit To School Band

Thurlow C. Nelson, Rutgers University, New Brunswick, N. J., spoke to members of the Morehead City Rotary Club Thursday night at the recreation center.

He was introduced by Dr. A. F. Chestnut with whom he was visiting. His talk dealt with oysters. W. C. Carlton was named chairman of a committee to sponsor an "Attic Auction." Rotarians are to collect useable and saleable things about the house and assemble them for an auction.

Others who have things they'd like to get rid of are invited to donate them to the Rotary Club. They should take them to Hill's men's store on Arendell street or leave them at the high school. The sale will take place at 11 a.m. Saturday at the former site of Morehead City Drug store.

The items will be sold and proceeds given to the Morehead City School Band to help finance the trip to the Apple Festival at Winchester, Va. The articles to be sold are usually found in attics, that's why the name "Attic Auction," Mr. Carlton explains.

Albert Gaskill was appointed chairman of the committee to plan a ladies' night for the last Thursday of this month, April 29.

Gerald Hill of the Beaufort club was a visitor at the meeting.

To Sing Tonight

Miss Jane Hobson, mezzo-soprano, will appear at 8:15 tonight in the Morehead City School auditorium as the final guest artist of the year for the Carteret Community Concert series. Members of the concert series who have guests from more than 50 miles away, members of the armed services and their families, and new residents in the county may buy tickets at the door.

H. L. Joslyn to Serve as Secretary Of Southeast School Board Group

H. L. Joslyn, county superintendent of schools, was elected secretary of the Southeastern Division of the North Carolina School Board Association at the annual meeting Friday night at Smyrna School. More than 400 school board members and school administrators from 13 counties attended the session which was preceded by a clam bake.

Other officers chosen in addition to Mr. Joslyn were L. B. Pate, president, principal of the Jasper School, Craven County, and O. P. Johnson, vice-president, superintendent of the Duplin County Schools. Mr. Pate succeeds Linwood C. Turner, Pink Hill, who presided at the business meeting.

Speakers were Dallas Herring, chairman of the Duplin County Board of Education, and Harvey Hamilton Jr., Morehead City.

Mr. Herring's topic was "The Responsibilities of a School Board Member." He told his listeners that a school board member's first obligation is toward the child. He recalled that the state recently spent \$200 million on roads and raised the question as to the fairness of spending only half that amount on the education of children.

\$194 Million Needed
During a survey last year, it was determined that \$194 million would be needed to bring the state's school up to standard. At that time, the speaker said, \$32 million was available for schools.

As a result of the school bond referendum last fall, the amount needed has been reduced to \$112 million. He remarked that school board members must sell the needs of the schools to the authorities

H. L. Joslyn... elected secretary

who are able to see that the needs are met.

The second responsibility of a school board member is toward the teachers, Mr. Herring said. It is to the shame of school board members, the speaker continued, that the teachers have had to wage their own fight for higher pay.

Reminding his listeners that cooperation is essential on a school board, he called the board the "bedrock of democracy" and added that it's no place for the "lone wolf."

The school board's third responsibility is toward the public. "Just how public are public schools?"

Catholics Will Build Summer Chapel at Beach

The Rev. Paul Byron of St. Elizabeth's Catholic Church, Morehead City, announced yesterday that a new church for summer use will be built at Atlantic Beach.

The structure will go up immediately on land donated to the church by A. B. Cooper, mayor of Atlantic Beach and owner of property there. The site is off the Fort Macon Road, to the east of the bridge and on the sound.

Plans for the church have been drawn by Altobellis Associates, Wilmington. The church, Father Byron said, will be similar to the Catholic chapel at Carolina Beach. St. Egbert's, he explained, is too small to accommodate summer crowds.

Father Byron will conduct mass at both the new chapel and the Morehead City church.

He added that St. Egbert's has recently been painted and redecorated by men of the parish. St. Egbert's is located at 17th and Evans, Morehead City.

Father Byron said the parochial school planned by the parish will not be built until 1955. The plans, however, have been drawn. He said the building has been deferred because of the problem of getting sisters to staff it.

Weekend Gun Accidents Cause Death of Negro; Injury of Child

No Bids Received For Street Signs

Lions Bingo Party Will Take Place Thursday At 7:30 P. M.

Oscar Allred, chairman of the Lions Block Booster campaign to erect street markers in Morehead City, reported Friday that no bids had been received for markers.

The Lions are sponsoring a campaign to get the markers up. The group of persons or the individual in a block who makes the highest bid for a marker will have the honor of getting the marker installed at their corner first.

The marker will be designated as the first to be erected in town and it will be put up with a ceremony in which town officials and Lions will take part.

The deadline for getting in bids for markers is Thursday. At least \$5 is needed, Mr. Allred said, to put up a marker. Bids should be sent to Lions Block Booster, P. O. Box 124, Morehead City.

The Lions will receive 50 street markers today from the Greensboro firm from which they were ordered.

The bingo party, scheduled for Friday, has been changed to Thursday, April 8. The club moved the party date because of the conflict with the school's senior play, which will be given Friday.

Bingo will start at 7:30 p.m. at the Recreation Center. A contribution of one dollar entitles a player to compete in a special game for a \$100 Easter outfit for a man or a woman.

Receipts for the special game may be had in advance from any member of the club. The outfits are on display at Leary's and Clara's. Proceeds will go to club projects.

The Morehead City High School Band will not attend the international convention in New York this year, Fred Hardy, Lion president, informed the club at the Thursday meeting at the Recreation Center.

Mr. Hardy went to the Lions State Council meeting last week in Wilmington. There he asked that the council permit bands from the state to go to the convention.

He was informed that the State Promotion Committee had ruled that no bands were to attend. This action, the council said, could not be overruled by them. Mr. Hardy was commended by the council for his presentation of the matter.

The North Carolina Lions' 1954 State Convention will be held June 13, 14, and 15 in Raleigh. Owens Frederick, secretary, told the club. Those who attend, he said, will hear Monroe L. Knute, of Pennsylvania, Lions International vice-president, and Jack Stickle, of North Carolina, Lions International third vice-president.

The schedule for Lionesses, Mr. Frederick stated, will include a theatre party, a reception at the governor's mansion, and a style show at the Carolina Country Club.

Rites Conducted For H. C. Jones

Hugh Cole Jones, 83, died Saturday at his home at 116 Queen St., Beaufort.

Funeral services were held at 3 o'clock Sunday afternoon in Ann Street Methodist Church with the Rev. J. D. Young, pastor, officiating. Burial was in Ocean View Cemetery.

Active pallbearers were John Mason, Clarence Guthrie, David Jones, Charles Hassell, H. D. Paul and Leslie Moore. Honorary pallbearers were Beaufort businessmen.

Mr. Jones, son of the late Ben and Orpha Neal Jones, had entered the hardware and ship chandlery business with his father, and took his sons into business with him at his father's death. He had been retired from active business for the past 23 years.

Surviving are his wife, Mrs. Annie L. Jones; two sons, Howard C. and Ben F., all of Beaufort; four daughters, Miss Annie Neal Jones of Williamsburg, Va., Mrs. Jack Windley of Beaufort, Mrs. J. P. Bradley of Kipling and Mrs. Carlton Dobson of Richmond; seven grandchildren and three great grandchildren.

Licenses Revoked

Mrs. Doris Yalq Ambrose and Henry Democ Stille of Morehead City had their drivers' licenses revoked recently in Morehead City Recorder's Court, according to a release from the State Highway Safety Division at Raleigh.

Easter Seal Campaign Begins

Photo by Jerry Schumacher

Karabeth Mauney, Newport, asks county residents to support the Easter Seal campaign which aids crippled children and adults.

Seven-year-old Karabeth Mauney, daughter of Mr. and Mrs. Zeb Mauney, Newport, has been chosen to symbolize the need of supporting the Crippled Children's drive in this county.

Karabeth, who is a victim of cerebral palsy, was recently featured in THE NEWS-TIMES in a story written by her mother.

The Easter Seal campaign, staged by the Society for Crippled Children, is being sponsored in Carteret by the Junior Woman's Club of Morehead City. The chairman of the campaign committee is Mrs. J. C. Harvell. Others on the committee are Mrs. Starr King, Mrs. Mary Dern, Mrs. Michael Brady, Mrs. R. B. Howard, Mrs. Mary Lee, Mrs. H. C. Barrow and Mrs. Marion Mills.

Letters containing Easter Seals were mailed out last week Mrs. Harvell said. This coming Saturday the girls' Hi-Y Clubs of Beaufort and Morehead City Schools will sell paper lilies in Beaufort and Morehead City. Proceeds will go to the crippled children's fund. Proceeds from previous drives in this county have been used to finance speech correction clinics and the present orthopedic clinic administered by the Morehead City Rotary Club, Mrs. Harvell said.

The state goal is \$150,000, of which 55 per cent remains in each county for direct services of many types and 91.7 per cent remains in the state. "Anyone knowing of a handicapped child who is not receiving needed attention is asked to inform the county volunteer committee," Dr. John D. Messick, president of the State Society, said. "The objective of each Easter Seal Society is to meet needs that would otherwise be unmet. Early treatment of a crippled child may make possible a productive and gainful adult life. Easter Seals have been associated with crippled children for 20 years."

Republicans Expect Four Dignitaries Friday Night

Roy T. Garner, chairman of the County Republican Executive Committee, yesterday released the names of special guests expected at the barbecue at 7:30 Friday night at West Beaufort.

They are Everett Peterson, Clinton, chairman of the Republican committee for the Third Congressional district; John Wilkerson, Washington, N. C., member of the Republican executive committee for the state; Sheriff Cahoon of Carroll County and Mrs. W. T. Odom Jr., Goldsboro, Republican candidate for Congress from this district.

The barbecue is being held in celebration of the hundredth anniversary of the Republican party. The party held its first recorded meeting in 1854 in a one-room school house at Ripon, Wis.

Tickets for the barbecue may be had in each of the county's 26 precincts. The supper will be served in the dining hall of the Fish Meal Co.

Two gun accidents over the weekend claimed the life of a 22-year-old Negro. A second victim, a 5-year-old boy, is in a serious condition at the Morehead City Hospital.

Arthur Roosevelt Frazier, Harlowe Negro, was killed Saturday morning by a shotgun blast and the youngster, Michael Hill, son of Mr. and Mrs. Clay Lewis, Bettie, was shot in the back with a .22 rifle Sunday afternoon.

The funeral for Frazier will take place at 2 o'clock Thursday afternoon at Rivers Funeral Home, New Bern. According to Coroner Leslie D. Springle, who ruled Frazier's death accidental, the shotgun went off as Frazier was attempting to remove the gun from his father's pick-up truck.

Was Shooting Rats

The family said that Friday night the boy's father, Raymond Frazier, was using the gun to shoot rats. When he was through with it, he put it in the pick-up. The next morning Raymond Jr., Arthur Roosevelt and their mother were in the yard. The mother and Raymond were together when a loud report was heard and the boys' mother said she thought she heard a door slam.

The brother found Roosevelt and called to his mother that the boy had "stabbed" himself. They soon discovered that he had been shot trying to get the gun from the pick-up.

Coroner Springle said that the blast of No. 5 shot entered the boy's body just to the left of the heart. The victim was rushed in an automobile to Dr. Luther Fulcher, Beaufort. As soon as Dr. Fulcher saw the boy, he ordered him taken to Morehead City Hospital, but he was pronounced dead on arrival.

The boy's mother said she believed he died just as they were entering the outskirts of Beaufort.

Surviving besides the parents, Raymond and Pauline, are three sisters, Sylvia Gould, Lillian Brown and Mary Elizabeth; and two brothers, John D. and Raymond Jr.

Playing Cowboys

Michael was shot at 3:30 Sunday afternoon in his home while he and his older brother played cowboys. Sheriff Hugh Salter said. The boys' mother had gone next door to her mother's home and when she came back the older son, Tony, 8, told her, "Mike's been shot."

Thinking that the child might have been playing make-believe, she didn't become overly upset until she asked where Mike was, Tony replied, "In the closet." She went to the closet and there the youngster was lying, "playing dead," but when she picked him up she felt blood on his back, the sheriff said.

The boy was rushed to the hospital where he immediately underwent an operation. The sheriff said the bullet went in the boy's back about belt high and missed the spine by about an inch.

Mrs. Lewis told Deputy Sheriff Bobby Bell who investigated that she didn't know "there was a bullet in the house."

Merchants Will Meet Today

A program for a post-Easter sales campaign will be discussed at noon today at a meeting of the Morehead City Merchants Association, R. B. Howard, director, announced.

The program was worked out by the association's board of directors in a meeting held March 11. It was decided then to present the program for approval at the membership meeting scheduled for today.

The association will also discuss the appointment of a new secretary to fill the unexpired term of Joe DuBois, who resigned recently to become manager of the Sea Level Chamber of Commerce.

The association will meet at Capt. Bill's restaurant.

Government Vessel Will Release More Drift Bottles

Woods Hole, Mass. — Five hundred drift bottles will be set out in coastal waters south of Cape Hatteras during the next few days by the research vessel Gill of the Fish and Wildlife Service Station at Brunswick, Ga.

The bottles, supplied by the Woods Hole Oceanographic Institution, will contain a postal card requesting the finder to fill in the date and location of a bottle found on the beach. A reward of 50 cents is offered for the return of a card.

Fishermen finding one of the bottles at sea are requested not to break the bottle but return it to sea after noting the number on the enclosed card and send the information where found and where returned to the sea to the Woods Hole Oceanographic Institution. The bottles will be thrown overboard at 40 different locations off the southeast coast by W. W. Anderson of the U. S. Fish and Wildlife Service. Each bottle is partially filled with a carefully weighed amount of sand so that it will barely float and be carried by the currents rather than be blown with the wind as it would do if it were not ballasted.

Information obtained from drift bottle studies is of great value to the study of coastal currents which influence marine life. In the final analysis, therefore, apart from the purely scientific value, the fishermen and the consuming public will profit from such studies, scientists say.

Rural Phone Committee Will Meet Tomorrow

A meeting will be held at 2 p.m. tomorrow in the Beaufort Town Hall courtroom to plot all applications for rural telephone services on a master map, Dr. W. L. Woodard, chairman of the rural telephone committee of the Beaufort Chamber of Commerce, announces.

Meeting with the committee will be Walter E. Fuller, administrative assistant in charge of rural telephone service for North Carolina Rural Electrification Authority and, Dr. Woodard said, at least one representative from each community should be present to help locate the homes of applicants on the map. "It is important that all applications be turned in by meeting time," he added.

From this map, Dr. Woodard explained, the committee will decide the next step in its efforts to obtain rural telephones. "Our telephones depend to a great extent on the outcome of this meeting," he remarked.

Deluge of Rain Ends Thursday

Carteret County's midweek deluge of rain stopped at 6:30 a.m. April 1, making a total of 1.08 inches of rainfall according to Stamey Davis, weather observer.

The temperature rose steadily from Thursday to Saturday when it hit a high of 72. Lowest the mercury fell during the weekend was 43 Friday.

After Saturday's warm spell the wind shifted bringing icy winds Sunday.

Temperature readings up to Saturday follow:

	Max.	Min.
Thursday	60	46
Friday	65	43
Saturday	72	55

499 Attend School Clinics

Four hundred ninety-nine county children attended pre-school clinics supervised by the County Health Department.

A total of 517 immunization shots were given as follows: 280 smallpox; 67 diphtheria-whooping cough-tetanus series; and 170 boosters.

Attending the clinics with the children were 443 adults.

Teeth headed the list of defects. Of the 499 children examined, 349 had defective teeth. Tonisols were next with 106. Glandular trouble was third with eight, and nutrition, heart, and eyes were next with five. Others examined had orthopedic and heart defects.

Another pre-school clinic for Camp Glenn is scheduled in the near future, the department announced.

Woman Hurt When Cars Hit

Mrs. Dorothy S. Gaskill, Sea Level, was slightly injured at 7:10 Friday night when the car she was driving was struck from the rear by a car driven by Paul W. Lewis, Marshallberg.

The accident occurred on highway 70 at the Smyrna Drive-In Theatre. State Highway Patrolman J. W. Sykes said Mrs. Gaskill had signalled and stopped, preparatory to turning into the theatre when Lewis came up from behind and smashed into her. She said her neck was hurt. With her were several children.

Lewis told the highway patrolman that he was looking toward the theatre and did not see that the car ahead of him had stopped. Charges against him are pending. With Lewis was one passenger. Neither was hurt.

Damage to Mrs. Gaskill's car, a 1953 Dodge, was estimated at \$250 and damage to Mr. Lewis's car, a 1954 Ford, was \$300.

County Board Approves New Budget for Welfare Board

Beaufort Police Make Eight Arrests

Eight arrests were made by Beaufort police over the weekend and one warrant was served on J. B. Weeks for failure to comply with a court order.

Willie Hines was arrested yesterday on a charge of public drunkenness. Arrested on the same charge Saturday were Thomas Simmes, James Johnson, and Dave Howard. Quinton C. Harris was apprehended Saturday and charged with running by a stop sign.

Richard S. Miller was arrested on a stop sign charge Friday and Isaac H. Jordan was charged with driving without an operator's license.

Race Track Issue Goes Before Judge Yesterday

Currituck — Racing officials of the Cavalier Kennel Club of Moyock were called upon yesterday to show cause why the dog track should not remain closed under an injunction order obtained last summer.

The hearing was scheduled for a special term of Superior Court. Judge Malcolm C. Paul of Washington was scheduled to preside.

The Board of County Commissioners yesterday approved the budget for the welfare department for 1954-55, heard three road matters and discussed valuation of certain Morehead City properties.

Of the total \$350,264.77 on which the welfare department will operate during the next fiscal year, the county will pay \$68,096.77. Due to balances remaining from this year's funds, actual cost to the county will be \$48,196.77.

The remainder of the budget will be met by state and federal funds. The budget was presented to the board by Miss Georgie Hughes, superintendent of the welfare department. Attending the meeting also were members of the welfare board, Stanley Woodland, Morehead City; Mrs. T. T. Potter, Beaufort; and E. R. Willis, Marshallberg.

Miss Hughes pointed out that the total cost to the county will be less this year than last. The new budget includes increases in salaries for welfare department employees as provided under the merit system.

Dr. Grady Cooke presented the board with a petition to have one-third of a mile of road at Bonner Heights, west of Morehead City, paved. His petition contained 24 signatures of persons living on the road.

The road is already on the state system. The board approved the petition and referred it to the State Highway Commission. On behalf of residents of Sea Level, Sheriff Hugh Salter presented a petition asking that the drainage canal along highway 70 be opened up. This request too was referred to J. L. Humphrey, county road superintendent.

Dr. K. P. B. Bonner, chairman of the board, said that the Smyrna School property floods when it rains and Mr. Humphrey said the highway department planned to undertake measures to remedy the problem.

Resolution Passed

The board passed a resolution to request list-takers to record the age of all persons listing taxes. Dr. Bonner said that N. A. Avera, manager of the social security office for this area, told him that many workers who have passed the age of 65 are entitled to social security funds but fail to apply for them.

If a record can be obtained of their age, Mr. Avera explained, they can be notified when they reach 65, to apply for benefits.

Alvah Hamilton, county attorney, said he would like to know how much money is being spent in Carteret County on roads, compared with other counties in this district. The board suggested that Mr. Hamilton write Sandy Graham

See COUNTY BOARD, Page 2
