Newton-Smith Vows Exchanged Saturday in Oak Grove Church

The marriage of Miss Sheila Kay Smith, daughter of Mr. and Mrs. J. Fred Smith of Bachelor, to Sgt. Jimmie Rogers Newton, USMC, Cherry Point, son of Mr. and Mrs. T. T. Newton of Leoma, Tenn., was solemnized Saturday, April 3, at 4 o'clock in the afternoon in the Oak Grove Methodist Church.

The Rev. J. H. Waldrop Jr., pastor of the church, performed the double ring ceremony before an altar decorated with white gladiolas and southern smilax.

Prior to the wedding ceremony, Gerald Taylor, organist, gave a program of nuptial music and Mrs. J. H. Waldrop, Jr., soloist, sang "Because and Through the Years."

The bride, who was given in marriage by her uncle, Robert L. Smith, wore a white gown with fitted bodice of chantilly lace and long sleeves ending in calla points over the wrists. The skirt was of nylon tulle appliqued with lace medallions and the neckline was embroidered with seed pearls. Her three-tiered veil of illusion fell from a lace halo, and she carried a nosegay of red roses. The bride's gown was hand made by her mother.

Miss Brenda Reita Smith, sister of the bride, was maid of honor and the bride's only attendant. She wore a blue nylon net dress over taffeta with a bertha collar trimmed in pearls, and carried a nosegay of mixed flowers.

S/Sgt. Marvin P. Knox, USMC, Cherry Point, of Chillicothe, Ohio, was best man for Mr. Newton, and ushers were Blythe H. Noe Jr. of Washington, cousin of the bride, and Adrian Becton.

Friday evening Mr. and Mrs. Smith entertained at a reception at their home to honor the bridal couple.

Guests were greeted at the door by Mr. and Mrs. T. E. Taylor, aunt and uncle of the bride.

Miss Nellie Smith and Miss Irene Smith, aunts of the bride, presided over the bride's book. Mrs. Frank P. Wall and Mrs. David F. Merrill, aunts of the bride, were in charge of the gift room. Mrs. L. C. Dickinson, aunt of the bride, and Miss Betty Lou Merrill, cousin of the bride, served the punch and Mrs. Blythe Noe, aunt of the bride, served cake.

Mrs. Smith wore a navy blue suit with matching accessories and a corsage of red carnations for her daughter's wedding.

Before leaving on a wedding trip to Indiana and Tennessee, the bride changed into a light blue dress with blue accessories and a full length white boucle coat.

The bride is a graduate of Beaufort High School. The bridegroom is a graduate of Loretta High School, Tenn. He entered the Marine Corps in 1951 and has just recently returned from a 15-month tour of duty in Korea.

The newly-married couple will make their home in Beaufort.

Out-of-town guests at the wedding were Mr. and Mrs. A. L. Smith and children, Mr. and Mrs. Calvin Johnson and son, Mr. and Mrs. Marvin Knox, Mrs. A. H. Tallman, Miss Betty Lou Merrill, Mrs. D. F. Merrill, Mr. and Mrs. Roy Eubanks, Mr. and Mrs. L. C. Dickinson, Mr. and Mrs. Manley Eubanks, all of Beaufort.

Mr. and Mrs. B. H. Noe, Miss Mary Elizabeth Noe, Blythe Noe Jr., David Noe, all of Washington, Miss Irene Smith, Mr. and Mrs. Frank P. Wall, all of Raleigh, Mr. and Mrs. J. H. Gillette of Silver Dale, The Rev. and Mrs. J. H. Waldrop Jr., of Newport and Mr. and Mrs. L. N. Conner of Harlowe.

Down Our Way

By JAMES G. WHITEHURST

We have just finished our largest job of Clearview Fiber Glass Awnings, Clearview Louvered Picture Window, and Clearview Porch Enclosure. These were installed on the home of Mrs. William Sanders, at 2301 Evans Street, Morehead City.

Mrs. Sanders' home has been completely repainted, inside and out, and the porch on which we installed the enclosure was completely built anew from the ground up. This rebuilding job was under the supervision of John Henry Throver, of Newport. We'd advise you not to employ Mr. Throver... unless you are expecting a GOOD JOB. John Henry is a jack-of-all-trades — and contrary to the old saying, he's good at all of them. From the footing to the finished job... that's John Henry Throver.

But getting back to Mrs. Sanders... Her porch is twelve by thirty-five feet eight inches, and it required 99 1/2 inch high units to enclose the porch. Both ends of the enclosure is Solex (heat resisting) glass, and is opaque; while the front, or water, side is opaque up twenty-four inches, and clear Solex the rest of the way to the top. We used split-control units... that is, each unit is divided at thirty-four inches from the floor — the bottom can be opened without opening the top, and vice versa. The floor is covered in cork tile, alternating black and white finish — this has some kind of slick plastic, long-wearing top on the tile. In all, Mrs. Sanders used five Clearview Glass-Louvered Doors.

(WARNING: You menfolks better see that your Better Halves do not get a chance to see and examine this Sanders porch enclosure... If they ever see it, you'll be UNDER the Dog House until you get YOUR porch or breezeway enclosed with Clearview Glass-Louvered Windows!!!)

JALOUSIE JIM Says: "If you prefer Aluminum Jalousies to Glass Enclosures... we have just the thing to interest you — Clearview OUTSIDE Venetian Blinds. You may see these when you pass the home of Dr. and Mrs. Ben F. Royal — to mention just one of many jobs we have installed. OR... give us a buzz for a free demonstration and free estimate...!"

If you are one of the ever-growing bunch of folks that listen to the Arthur Godfrey show... YOU know what we mean when we say FIBRE GLASS... Arthur has repeatedly informed you what this comparatively new material is, etc... We've got Clearview Awnings made of Fiber Glass, and they're everything that Godfrey has told you about Fiber Glass, PLUS some special features of Clearview. We'd like to show you these on a "no-likie-no-buycie" proposition. What say...?"

The Doctor Moreys are having heating trouble — in the summertime. Yep, that's right...! When the house was built several years ago they had the largest picture window in Carteret County installed in their living room. This picture window is so wide that the Thermo-panes had to be installed in two sections, with a small post in the middle for support. What a view of Bogue Sound you get through that expanse of glass! At each end of the Thermo-pane is a small window that opens, but these windows do not admit enough cooling Bogue Sound breeze in the Good Ol' Summertime. And so... (have you already guessed it?)... we're going to tunnel through the brick and masonry underneath the picture window and install a row of Clearview Glass-Louvered Windows, for additional summertime ventilation.

The George Watts Carrs were down from Durham last Thursday getting their cottage ready for the summer and so that Mr. Carr could keep a dental appointment with Dr. Eure. They called us down to measure for Venetian Blinds, and while we were there Mr. and Mrs. Carr asked us if we knew where they could get a carpenter for a few hours... said they had tried and failed to get one for some odd jobs — putting cord in a double-hung window, repairing a decayed place in the floor of the cook's bedroom, etc. The Carrs have given us a lot of business in the past, so we got a man from our plant to do the work at their summer home. We're always glad to oblige a customer... when they need any of our varied services.

The swing-out type of attic windows have been a problem to Mrs. C. R. Wheatley, Sr... when it rained in the summer time, she'd have to rush up a disappearing stairway and close them. These windows are being replaced with Clearview Louver Windows—these furnish ventilation and freedom from rain-worries.
