

# Three Games Scheduled For County Loop Sunday

Three doubleheaders are scheduled Sunday in the Carteret County baseball loop as the season swings into its second week.

Beaufort will travel to Newport, Atlantic will entertain Morehead City, and Salter Path treks to Harkers Island.

Beaufort who split with Harkers Island last week meets Newport who lost a double header.

Beaufort will field a team essentially the same as last week. Either C. Owens or M. Peterson will get mound chores for the visitors with Gould or Sermons on the rubber for Newport.

Morehead City will try to keep its first place standing by sending Lloyd Culpepper against Don Willis of Atlantic. Bobby Bass and Brad McIntosh will stand by if Culpepper gets into any trouble.

Salter Path will have Jerry Pittman, Harold Diebert, or Walt Thomas available for mound duty. Harkers Island will counter with Crawford Pigott or Wilson Davis.

Game time is 1:30 p.m. for the first game. The second will follow immediately after the completion of the first. Both games will be seven-inning contests.

## Baseball Schedule

Beaufort at Newport.  
Morehead City at Atlantic.  
Salter Path at Harkers Island.

## Pamlico County Cops Loop Title

Pamlico County High won the Seashore Conference baseball title Tuesday, downing an unimpressive Camp Lejeune Nine, 11-0, behind the combined one-hit twirling efforts of Larry Barker and Robert Gaskill.

Barker pitched hitless ball for the first three frames, retiring because of a sore arm. Gaskill came on and yielded one hit, a double, to Bobby Peele in the sixth.

Chris Lupton, Ken Dixon, and Gaskill paced the Spuds 11-hit attack with two bingles each.

Pamlico scored six runs in the first three frames, scoring twice in the fourth and wrapped up the title and the win with a three-run outburst in the sixth.

The Devilpups were charged with five bobbles as Johnny Mugford was greeted with 11 hits.

Pamlico ended the season with a 14-2 record. The Spuds have won the conference title for the last three years. The complete record for Coach Pat Gainey's charges, over the three year span, is 50-8.

Frank Santore, American Bowling Congress singles and all-events champion, tied for 92nd position with Tony Sperando in the 1953 doubles event.

## Two Days Left To Qualify For Golf Event

Today and tomorrow will be the last chance for Morehead City Golf and Country Club members to play qualifying rounds for the club championship, both ladies and men.

Over the weekend the golf committee, headed by J. Warren Beck, will pair the contestants in flights of eight to compete for the club championships.

Contestants will have a week to play their championship rounds, said C. C. McCuiston, golf pro.

Five women and 11 men played qualifying rounds up to Wednesday evening. Ladies qualifying and their scores are Mrs. Virgil Jenkins, 102; Mrs. Darden J. Eure, 96; Mrs. Theodore Salter, 112; Mrs. C. W. Stamper, 112; and Mrs. Grady Rich, 107.

Men qualifying were Al Dewey, 97; Dr. Milton Morey, 94; Dr. John W. Morris, 96; Grover Munden, 88; Clarence Stamper, 100; Bill Cherry, 118; and Dr. Darden J. Eure, 91.

George McNeill, 95; S. A. Chalk Jr., 114; and Ray Rogers, 95.

Among the men, Warren Beck still leads with a 75 for medalist honors. Mrs. Eure leads the women with 96.

## Camp Lejeune To Host Boat Races Sunday

Camp Lejeune, N. C. — It'll be motorboat racing time for all outboard enthusiasts at the Wallace Creek boathouse here Sunday at 2 p.m., when a series of races, sponsored by the Wilmington Outboard Motor Club, will be held for those who meet qualification rules.

Each driver will be charged a \$3 entry fee which entitles participation in any race he is equipped to enter.

To date outboard clubs from New Bern, Raleigh, Greensboro and Charlotte have entered the races, which will feature Bernard Abrams, holder of the United States Class C stock outboard record.

Abrams is entered in the DU-1 class here.

Persons interested in competing must qualify in one of the following classes:

Class A utility runabouts; for motors under 15 cubic inches.

Class B utility runabouts; for motors between 15 and 20 cubic inches.

Class DU-1 utility runabouts; special for Evinrude and Johnson 25 horsepower motors.

Class DU-1 runabouts; for Outboard Boating Club rated motors not exceeding 16 horsepower. Includes Evinrude 15 horsepower, Johnson 15 horsepower; Wizard 10, Mercury Lighting and Super 16.

Class B-1 utility runabouts; special class for Mercury Hurricane 10 with standard lower unit and Chris Craft 10. No Quicksilver lower units will be allowed.

Class A stock hydroplane; for motors under 15 cubic inches.

Class B stock hydroplane; for motors between 15 and 20 cubic inches.

All motors used in the races must be stock and run on regular gasoline and oil mixtures.

Any class with three or more entries will race, it was declared.

## Razorbacks Pin Hopes

### On Buddy Bob Benson

Fayetteville, Ark. (AP)—Buddy Bob Benson, who quit the University of Oklahoma football team after his freshman year, is expected to be a key man for the Arkansas Razorbacks next fall.

The triple-threat tailback established himself as the fleetest Razorback in spring practice.

to Brooklyn. Heard the boys were beach opened officially Wednesday with a great big bang.

I think the race for sheriff is going to really develop into something. It seems since Penny and I are now registered voters in Carteret County we have suddenly become sort of popular like. I remember during the last election Penny voted one way and I voted the other. Sure we cancelled each other out, but BY GOLLY WE VOTED.

Sure glad I ain't in politics See JERRY, Page 7

## Correct Grip Gives Power

By WILLIE KLEIN  
Three-time Long Island Open Champion

The average player makes his first mistake even before he hits a shot off the first tee.

The average player gets his left hand over too far and his right hand under too much.

He feels very strong that way but he doesn't have the power he thinks he has by using a tense grip on the club. With a tight or squeezed grip he loses the feel of the club. Why deform yourself.

The proper grip is to get the club along the palm of the left hand. The right hand should grip

the club more in the fingers than in the palm.

It is surprising to find the control, plus power, that will result when the fingers of the right hand come into use.

(Klein is golf pro at Wheatley Hills, East Williston, N. Y. In the winter he is pro at La Gorce, Miami Beach).

The sport fishermen are really doing it. Captain Hubert Fulcher came to the dock with more red snapper than they could hang up. I believe there is no fish on earth more beautiful than a golden red snapper hanging in the sunlight.

Captain Otis's boats lit into a mess of king fish Tuesday. Now, the fish are there, the weather is here, and all we need is fishermen—enough fishermen to keep every charter boat booked solid the summer through.

Atlantic Beach sounds like Florida during a hurricane. All you can hear over there is people hammering and sawing. I bet you there will be more concessions this summer to catch the wary tourist dollar than ever before. In fact, the

## Johnson presents QUIET

YES! JOHNSON HAS DEVELOPED THE WORLD'S FIRST REALLY QUIET OUTBOARD MOTOR!

ENTIRELY NEW! ENTIRELY DIFFERENT! This new motor is so quiet that conversation becomes a part of outboard boating. It means the greatest revolution of all outboard manufacture. It's the motor you've always wanted! Be one of the first to run and experience outboard motoring's newest sensation! Come in and see it today!
