Women Ask People Not To Damage Picnic Area

By MARTHA BARNETT
Home Agent

Today I would like to change for a few minutes the general style of our Home Demonstration Column and have a friendly chat with the people of Carteret County and others whom this may concern. Two years ago, North River and Bettie Clubs began working on a furnace and tables for a picnic area on the west side of North River. With the help of the people in the communities and Home Demonstration Club members and husbands, a furnace and two picnic tables were placed near the river. These were not put there for the use of the Home Demonstration club women altogether, but for the use of any person who wishes to have a picnic. Last summer, on two or three different occasions, boards were torn off of the tables and sometime this winter, someone even tore off part of the furnace.

At the club meeting on Friday night, May 7, the women had quite a discussion about putting the tables back down at the river for the use of people during the summer, and repairing the furnace. We would like to ask the public to please leave the tables and the furnace the way they find them. We want you to use the area, but we also want the next fellow to have a place to cook his fish, so won't you help us? That means every person who uses the area. When we put the tables and the furnace at North River, there was no trash on the side of the river where we built them. That was one reason we used that place. About a month after the area was finished, people started dumping trash there. Wouldn't somewhere else do just as well? If we are going to enjoy this picnic ground,

we are all going to have to work together. Plans are being made by the women to get things in order. Let's keep them that way.

Last week, when results of the Home Demonstration Flower Show and 4-H and Home Demonstration Press Revue were published, the judges weren't mentioned. Judges for the Flower Show were: Mrs. Paul Webb, Morehead City; Mrs. Philip Ball, Morehead City; and Mrs. M. Leslie Davis, Beaufort. Judges were secured by the Morehead City Garden Club, Mrs. Philip Ball, President.

Mrs. D. Cordova and Mrs. Noah Avery judged the Dress Revue. Mrs. Avery substituted for a judge who was unable to be present. Mrs. D. Cordova is Home Economics Teacher at Morehead City High School.

All 4-H and Home Demonstration members owe a vote of thanks to these judges for good decisions. These 4-H Dates listed below are of interest to all parents who have 4-H Club boys and girls. Artist Finds Operation Fun; Draws 200 Sketches North Hollywood, Calif. (AP) — Most patients enter a hospital surgery room with anxiety, even with fear.

Not so, Wallace R. Stark. He wore a grin, clowning with the nurses and prepared for post-surgery cartoon drawing—for profit. An artist, he drew nearly 200 cartoons, all depicting in light vein the daily routine in a hospital.

The sketches were so well liked that they were published in book form under the title "Don't Bust Your Stitches."

In 1837, the U.S. Treasury had 28 million dollars in excess revenue which it distributed to the states.

Former Waitress Wrecks Houses

Vancouver, B. C. (AP) — Mrs. Bonnie Perpet, 5 feet 4, weight 120 pounds, is a house wrecker and likes it.

The 40-year-old mother of two children is chief assistant to her husband, Hank Perpet, whose business is contracting for the demolition of buildings.

Interviewed while prying siding from an old store, Mrs. Perpet paused a moment to explain: "When I first came to Vancouver I worked as a waitress, but I wouldn't go back to it for all the money in the world. I was a nervous wreck. "Now I can lift as much as the average man. Actually, this kind of work is not nearly so tough as being a waitress. A hard-working girl house-wrecker can earn more money than any waitress in town."
