A Tribute To Miss Fannie Davis

It is granted to few persons to celebrate the 85th anniversary of their birth. Such an occasion was observed by Miss Fannie Davis of this city on Tuesday the 19th. Known to a host of friends as Miss Fannie, she has made her home many years with her sister, Mrs. Sue Willis.

Friends remembering the occasion visited her during the day, leaving tokens of their love and respect for her. Appropriate to the occasion was a birthday cake presented by members of the Woman's Missionary Society of the First Baptist Church, of which organization Miss Fannie has been a faithful member for many years.

Born at Smyrna, Miss Fannie came as a young girl to Morehead City with her parents. In early life she identified herself with the First Baptist Church. Down through the years this society numbered her as one of its most faithful and conscientious members. Health and family obligations were the only obstacles preventing her attending the various church and society meetings through the years.

To know Miss Fannie and enjoy her friendship has been a privilege for many. Her very person radiates a Christian personality. She has lived her religion and through her daily living and contact with her friends, has imparted to them a deep feeling of love and admiration.

As she travels along the last miles of her long Christian and useful life, may her daily life contain much of sunshine and happiness that is the wish of one who knows her well and admires her Christian character.

SPECIAL HEARING AID TRADE-IN OFFER!

LARGE ALLOWANCE ON YOUR OLD HEARING AID

WHAT'S THE STORY ON HEARING AID TRADE-IN OFFERS?

You'll probably still pay more than the cost of the \$125.00 Zenith 3-transistor Royal-T

Some dealers advertise a trade-in or allowance of from \$50 to \$100 on your present hearing aid towards the purchase of one of their transistor models. When you go to buy one, you'll find that they usually sell for \$265.00, \$270.00 and up to over \$285.00 each! It's easy to offer a trade-in on a hearing aid that sells at such prices but...

LOOK AT THE FACTS

Suppose you are offered a trade-in of \$100.00 on a \$285.00 model. Figure it out... you're still paying \$185.00 for the aid. Compare that to the \$125.00 Zenith Royal-T. Quite a saving when you buy a Zenith. Here's another point. \$125.00 buys you a new Zenith and you still have your old instrument for a "spare" — a higher priced hearing aid with a trade-in leaves you with only one hearing aid which still may have cost you more than the Zenith Royal-T.

Get the hearing help you want and save money at the same time. Prove to yourself what thousands of other Zenith users have proved... that you can't buy a better hearing aid than a Zenith at any price!
