

Cleve Godette Gets Suspended Term Tuesday

Cleveland Godette, 22, was given a suspended sentence of 90 days on the roads in Beaufort's Recorder's court Tuesday afternoon after he was found guilty of not having a driver's license and drunken driving.

Godette's sentence was suspended on the stipulation that he pay a fine of \$100 and court cost and remain on good behavior for two years.

Alberta Fair, facing five separate charges, was ordered to clean the court room. She was charged with possessing non-taxpaid whisky, disturbing the peace, trespassing, being a public nuisance and using profane language in public.

She was prosecuted only on the charge of possessing illegal whisky. Judge Earl Mason told her that she will have to scrub the court room and wax it and the room will then have to pass an inspection by him.

Pays \$100, Costs
Harold Lee Willis, charged with operating a car under the influence of alcohol or narcotics, was given a 30-day suspended sentence and was fined \$100 and taxed costs of court.

The state did not prosecute Willis on a charge of public drunkenness. Albert A. Pokrzywa, charged with pulling away from a curb without giving a signal, also was not prosecuted.

The cases against Lemmon Marion and Laurie E. Guthrie were left open for future prosecution. Marion was charged with public drunkenness and Guthrie was charged with failing to stop at a stop sign.

Cagie Smith and Harvey Davis each were assessed \$12 of the court costs on charges of failing to stop at stop signs.

Case Dismissed
The case against Eddie Lee Collins, charged with breaking down a door, disturbing the peace, and being a public nuisance was dismissed by the court.

Cases against Grace Noe Weatherington, Roy Washington Ellison, and William Flowers were continued. All three are charged with failing to stop at stop signs.

The court recessed until Nov. 9 and will not hold their weekly session Nov. 2 because of county elections.

WHY ARE WE RUNNING?

Grayden M. Paul

FOR
N. C. HOUSE OF REPRESENTATIVES

To Make Our County Great By:

1. Impartial, honest and equal tax evaluation without regard to religion, political creed, race or kinship to the reigning few, with evaluations based on market values as the law demands with the resultant great decrease in the tax rates. We have not had a re-valuation of real estate since 1927, with the resultant burden on subsequent builders who are not cousins of the inner circle.
2. Effecting a law that prohibits county employees from gobbling land at tax foreclosure sales to the detriment of distressed owners and the county treasury.
3. Lawfully chosen juries as we realize that the only hope of continued freedom from the dictator's chain is a free, fair, unbiased and untampered Grand Jury and petty jury.
4. Enforcement of all laws, especially the laws relating to the sale of whiskey, wines and beer to our children, and putting down and out of action the Hell Holes that operate with apparent lawful sanction.
5. To make the Board of County Commissioners a place for capable and active directors of County business, and not a grazing pasture for worn-out political horses whose only interest is to draw their monthly stipend and supplement thereby their retirement pay. A County Commissioner should be chosen because of his ability to act as such and not his relative financial need.
6. Providing a representative to the General Assembly whose interest is all of Carteret County and not just the interest of a small clique whose ONLY DESIRE is to return dog track gambling to Morehead City at the expense of ramming through a

State-wide gambling bill. We offer a candidate who will be influential with a national Republican administration and thereby increase our port facilities, federal aid to the needy, the indigent and the homeless, as these needs can be offset ONLY by Federal funds.

7. To use all of the tax proceeds for the benefit of all the people, not to feather the nests of office holders, relatives of same, and vote getters, and to end the policy of having the Courthouse double-staffed and the paying of 25% commission for collection of back taxes and thereby encouraging default in tax collection, and by demanding that office holders do their work, stay on the job during the entire business day, and not use the County's time for year-round vote getting and outside personal business, recreation, fishing, relaxation, etc.

8. To see that the A.B.C. stores function as the necessary evils they are under close supervision; by stopping the practice of removing large quantities of whiskey from the stores and establishing free bars adjacent to polling places over the County for the purpose of influencing and buying votes therewith; by seeing that the moneys received by the A.B.C. system are accounted for as other County funds; and removing from the payrolls those favored few who draw large monthly salaries for importantly named jobs that require no duties such as "Board Member," "Purchasing Agent," "Enforcement Officer;" by seeing that A.B.C. stores operate on County property and that they are not moved to provide them as available tenants for members of the inner circle who have otherwise vacant rental property — Note the recent Beaufort A.B.C. store change.
