BROAD CREEK

Jan. 26 — The signs posted at the entrance to our community reading "Slow Congested Area" and "Speed Limit, 35 MPH" are an indication of our growth and advancement over the past several years. We have grown in many ways, wisdom included. Let these road signs be a reminder of our wisdom and let us drive with the caution our wisdom tells us to. Remember, the person we could injure or the property we might damage by failing to abide by these signs will be that of our neighbor's.

Master Sergeant William Hall, former resident of Broad Creek, is now serving with the First Marine Air Wing in Korea. Mrs. Hall is residing with her family at Hinecky, Minn. The Halls now have four children, three girls and a boy.

Mrs. Randolph Smith departed Saturday for St. Petersburg, Fla., to visit with her daughter, Mrs. Carl Siebenschuh.

Mr. and Mrs. L. G. Lewis of Newport visited Mrs. Price Adams a short while Sunday afternoon.

The Broad Creek baseball team held its first-practice Sunday afternoon at Joe Morton's field. The team is being managed this year by Chuck Hall and Bobby Webb. Salter Path scouts coming to observe the team are advised to wear sun glasses for our team is "red hot" this year. Anyone interested in trying out for the team, contact Chuck Hall or Bobby Webb.

Mr. and Mrs. Price Adams visited Mrs. Adam's mother, Mrs. W. H. Cannon Saturday evening.

Lt. George F. Cribb Jr. returned home from Norfolk, Va. for the weekend. Lt. and Mrs. Cribb visited with Mr. and Mrs. George F. Cribb Sr. of Morehead City, Saturday.

Child Misses Death
San Mateo, Calif. (AP) — Serenella Leoni, 5, on her coaster, shot down the driveway of her home and under a passing automobile. The driver, Mrs. Marjorie Aaronian, thought she had run over a box and stopped after half a block. Men lifted the car and the girl crawled out — with only minor injuries.

Buggy, Old Train Escape Damage in Collisions

Denver (AP)—They don't make 'em like they used to.

At Montrose, Colo., a new auto collided with a horse-drawn buggy. The car was badly dented. There wasn't a scratch on the horse.

At Durango, Colo., a narrow gauge passenger train — last one in operation in the United States — banged into a tractor-trailer stalled on the tracks. Police estimated damage to the truck at \$400. The pint-sized train's cowcatcher was scratched.

It requires 65,000 gallons of water to produce a ton of finished steel.
