Seated in the convertible, one of the leading cars in the motor caravan which took the victorious Beaufort Seadogs through Morehead City and Beaufort Sunday, March 29 are Gehrman Holland, Herb Mason and Jimmy Davis in the back seat and Henry Safrit and

Monk Pittman in the front. The driver is Street Wetherington. The crowd in the background was from all over the county. They turned out at the Carolina Dog Track to welcome the heroes home.

# Champs -- What They're Planning For the Future

Three of the four graduating seniors of the Seadog quintet are planning on going to college following their graduation in June. Just one is giving up the sport.

Henry Safrit is planning on attending Duke University to study medicine, which more or less will mean that big Henry will have to give up his sports aspirations.

Gehrman Holland stated that he plans to attend college at one of the Big Four in North Carolina and it's his hope that whichever school he decides on will accept him on their team.

Monk Pittman is planning on attending college and will major in physical education with his ultimate ambition being to become a coach of sports at a high school in this area.

Herb Mason is the only member of the club that doesn't expect to attend college, since as he words it, "I'm planning on going to work this summer and will probably stay at the job for a long, long time."

Bruce Edwards Jr., scorekeeper for the team, is also a senior. He intends to go to Wake Forest College in the fall where he will study business administration.

All these boys will be a welcome addition to any school they may attend or an asset to any community of which they may become a part.

Guthrie won the honors for her
