Government OKs Destruction Of Draft Files

State Director of Selective Service, said today that he has received no-tice from the Director of Selective Service to proceed with the dis-posal of the individual files of re-gistrants of the Selective Training and Service Act of 1940, as amend

pointed out that any World War II registrant needing infor mation from his World War II se lective service file should request it now before the loss of such information by destruction of the

The information must be requested from the State Director of Selective Service, Raleigh, either in person or by letter signed by the registrant.

Colonel Upton also stated that the Director of Selective Service advises that the great majority of the World War II files have served all discernable administrative pur poses in the operation of the Uni versal Military Training and Service Act and that the Joint Com mittee of Congress on the Dispo sition of Executive Papers has approved of the disposal of individual files of registrants of the Selec-Training and Service Act of

The only World War II files to be retained are those of registrants classified at any time in Class IV-C (Alien), which have been request-ed by the Immigration and Naturalization Service

Files obtained under the current draft act will continue to be main-tained by each registrant's local
