

Top-Notch Players Get Little League Awards

Terrell, Lewis, Baker, Burns Honored

The twice postponed Little League party in Morehead City finally took place Thursday afternoon at the Ocean Park Drive-In Theatre.

After a series of relays, and ball-throwing contests, the boys were treated to a weenie roast by Clyde Carr, manager of the theatre, assisted by Dr. R. O. Barnum, Bill Fox, and Bill Fahy.

After supper the boys were taken to the Sunday School building of the First Methodist Church, where Army-Navy football pictures were shown. Between reels, Mayor George Dill of Morehead City presented boys from each of the four teams in the league with certificates and trophies.

Each of the 12-year-old boys leaving Little League because of age were awarded certificates of merit and a small bronze key.

Mayor Dill then presented team most-valuable player awards to the following: Jimmy Terrell from the Small Frys, who batted .348 during the season, won four games on the mound against a single set-back and boasted a 2.07 earned run average; Ernest Lewis of the Crowe's Mites, who wound up the season with a .327 batting average, and even though he had a losing pitching record of 4 wins against 5 losses, boasted an earned run average of 2.88; Johnny Baker of the Hooligans who batted a lusty .373 and was a hawk on balls to the outfield.

Jack Burns received the League most valuable player award. Jack led the League in practically every phase of the game. He had a .527 batting average, most home runs, 7; most runs batted in, 25; tied for most 2 base hits, 8; and in the pitching department won 7 games against only one loss, struck out 106 opposing batsmen and had an earned run average of .36.

Floyd Chadwick, player agent, and Russ Willan, president of the League, said, "With this party the Morehead City Little League officially ends for 1955. We, who have worked with it wish to thank every one in the county who has helped

make the program successful thus far.

"To the firms in Morehead, who through their financial support eliminated our financial worries, to the managers, umpires who gave of their time, to Mrs. Russ Willan and Mrs. Bill Fahy particularly for work in the concession stands, the League is indebted.

"We wish to thank Mr. Otis Purifoy for furnishing us with ice to keep the drinks cold and for a handsome catcher's mitt. Also, thanks a whole lot to Jerry Schumacher who made pictures of each of the four teams and gave a print to every boy playing.

"We thank Mr. George Huntley of Huntleys in Beaufort and Mr. Russell and Fred Willis of Willis Lumber Co. for going along with us on the physical outlay at the field. We appreciated the cooperation from the parents and the spectators during the season, and last but not least to the boys themselves who played. The boys gave us some fine baseball; what they may have lacked in finesse they made up for in spirit, and we are all looking forward to a banner year in 1956.

"Next year we will be with a 'full franchise,' eligible to participate in the national eliminations, and its not inconceivable in the future that Morehead could go to the finals and win the National tournament. The winning team this year came from a community of only 5,000 persons in Pennsylvania.

"Thanks also goes to The Carteret County News-Times and to radio stations WMBL and WBMA."

Qualifying Rounds May Be Played Thru' Sept. 10

Due to moist weather the period for qualifying for THE NEWS-TIMES golf tournament at Morehead City Golf Club has been extended.

Qualifying rounds may be played through Sunday, Sept. 10.

Jack Barry, former star player for the Philadelphia Athletics, has been coach of the Holy Cross baseball team since 1921.

Rain Throws Curve Into Playoff Series

Rain caused postponement Sunday of games to be played in the first of the County Baseball League playoff series.

The Atlantic-Newport game at Atlantic went two innings but then was called on account of rain. When the game ended Newport was leading 5-0.

The other game to be played was Salter Path and Smyrna-Harkers Island at Smyrna.

The games have been rescheduled for next Sunday. Bull Durham, president of the league, said games would be played on the same fields as announced for this past Sunday.

Teams are playing a two-out-of-three series.

Civil Defense

(Continued from Page 1)

are as follows: Morehead City Junior Woman's Club, canned potato sticks; Morehead City Eastern Star, luncheon meat; B&P Club, wooden forks and spoons; American Home Department of the Morehead City Woman's Club, apple sauce; Garden and Civics Club of the Morehead City Woman's Club, paper cups; Literary and Art Department of the Morehead City Woman's Club, canned peaches or pineapple; Beaufort Woman's Club, paper plates.

Two clubs are yet to be contacted to supply cans of tomato juice and canned or powdered milk. (Milk would be an emergency supply for the feeding of small children.)

Some women's clubs have been kept in reserve in case clubs already contacted do not participate in the program, Miss Peeling said.

The items would be divided so that some of each would be stored in both Beaufort and Morehead City. The Beaufort supply would be a source for Beaufort and down east and the Morehead City supply for Morehead City and points west.

Clubs are expected to act on the proposal at their first meeting this fall.

Further information on the project may be obtained from Miss Peeling.

Spots Taken

Good-sized spots are being caught in Taylor's Creek. Lewis Styron, of East Front Street, has been taking them with a long haul rig. The spots come in from the inlet about this time of year and are considered by many as one of the most delicious fish caught.

Rain Thwarts Vacationers

It rained Saturday, Sunday and yesterday morning, but the sun came out about noon as the long Labor Day weekend waned. Mayor A. B. Cooper of Atlantic Beach said, "There were a lot of people here but the rain kept them from having much fun."

Dredge

(Continued from Page 1)

he turned to help Whaley. Jones got the service boat, a skiff, and they put Whaley in it and rowed to Harkers Island, about a mile and a half away.

In 8 Feet Water

The dredge went down in about 8 feet of water and the meo could stand on it and keep their heads above water. The motors are now under water and the pilot house has caved in. Mr. Cooper said he doubted if the dredge could be salvaged.

It was an 8-inch hydraulic dredge, 16 by 46 by 4. The Carteret Dredging Co. was under contract to the Army engineers to dredge the channel to Cape Lookout Light, a channel also known as Barden's Inlet.

Mr. Cooper said that they were within three or four days of completing the job. The dredge had worked to about 300 feet past marker 22.

Mr. Cooper said the dredge is partially covered by insurance. He also said that a brain specialist was called to check Whaley's condition yesterday.

Races Postponed

The Labor Day sailboat races to be held at Morehead City yesterday afternoon at 2 o'clock were postponed until this coming Sunday afternoon. Postponement was due to rain.

Ferry Docks

A big orange car ferry, with the words, Norfolk County, on the side, docked at Morehead City port Sunday afternoon on its way to Florida. The ferry, no longer needed in the Norfolk area, had been sold to Florida interests.

The report on County Recorder's Court, held Thursday, will appear in Friday's NEWS-TIMES.

20 Yachts Make Labor Day Cruise

Twenty yachts and 120 persons were on the annual Labor Day Tar Heels Afloat cruise over the weekend. The guest of honor was Gov. Luther Hodges, who made a brief talk at the banquet at Eastern Carolina Yacht Club, New Bern, Sunday night.

The boats congregated at the Morehead City Yacht Basin Saturday at 5 p.m. Yachtsmen and their guests attended a dinner dance at the Moose Lodge Saturday night and on Sunday afternoon left Morehead City for New Bern.

The Saturday night banquet climaxed the weekend. Edmond Harding, Washington, N. C., well-known humorist, was master of ceremonies and made the dinner address.

Governor Hodges was aboard the Roma II, yacht owned by John Whitford Jr., of Vanceboro.

Rump Styron, dockmaster at the Morehead City Yacht Basin, said rainy weather caused about 10 to 12 boats to drop out of the cruise, but the event was most successful otherwise.
