kin, president, gives a brief his-tory of FFA. It appears below. The week of Feb. 18-25 has been designated as National FFA week. This week was selected because it is the week in which George Wash-

He was one of the first farmers in America to use a source of fer-tilizer other than what was secured from decaying organic mat-ter. For these reasons it is felt that the week of February 18-25 is very appropriate for the cele-bration of National FFA week. auditorium at 8 p.m. Ralph Wade is band director.
