County Raises \$2,992 in Red Cross Campaign

Final reports show that the county raised \$2,992.02 in the Red Cross drive during March. The quota was \$4,480.

Mrs. G. T. Spivey, Beaufort, fund chairman, said \$1,151.93 (38 1/2 per cent) will be retained by the county chapter and the remainder, \$1,840.09 will be forwarded to area headquarters.

Mrs. Spivey expressed her thanks to chairmen in communities throughout the county who helped solicit funds. She pointed out that during the past two years \$75,000 had been given by the Red Cross to residents of the county who were stricken by hurricanes.

Morehead Gives \$865.18
Final report from Morehead City shows that the total collected there was \$865.18. Charles C. Willis was fund chairman.

Mrs. Spivey said that the amount to be retained by the Carteret chapter is most welcome. For example, Mrs. James Rumley, home service chairman, said that local funds were used to answer 120 telegrams she received after one hurricane. The telegrams were from persons inquiring about safety of persons living here.

Mrs. Spivey said that many chairmen reported that persons called on were not home and had all contacts been made, "we would have more than reached our quota," the chairman said.

Express Thanks
Mrs. Spivey expressed her appreciation to those who mailed contributions directly to her. The donations were added to the total from the community in which the contributor lived.

Thanks was also extended to Mrs. George B. Howard, 608 Bridges St., Morehead City, who is in Wilmington, Del., and sent her contribution.

Mrs. Howard said that she read in THE NEWS-TIMES that Mr. Willis was Morehead City's chairman. In a note attached to her contribution and mailed to Mr. Willis, she said, "I try to contribute to all these campaigns. I sincerely hope the goal will be reached."

Three Cars Ram Together Friday

Three cars smashed together at the intersection of Ann and Turner Streets, Beaufort, at 7 p.m. Friday. Pierson Willis, 905 Ann St., Beaufort, has been charged with driving with insufficient brakes and being involved in an accident.

Chief of Police Guy Springle said that Willis, driving a 1954 Ford, ran into the rear of a 1953 Chevrolet driven by Charles E. Russell, Harkers Island, and Russell in turn smashed into the rear of a car driven by Joseph D. Piner, route 1 Beaufort.

All three cars were headed west on Ann Street. Piner had stopped at the stop light.

Damage to the Willis car was estimated at \$150, to the Russell car, which had both the front and rear ends smashed, \$200, and damage to Piner's car \$100.

Officer Steve Beachem investigated. Willis is docketed to appear in county recorder's court May 17. There will be no recorder's court for the next two weeks because superior court will be in session.

Two Mother Cats Adopt Litter of Wild Bunnies
A litter of wild bunnies, orphaned by ravenous dogs, are now being earnestly mothered by two mama cats at the home of Mrs. Lloyd Crowe, 213 Virginia Ave., Mansfield Park.

Mrs. Crowe's twin sons, Ronnie and Donnie, age 7, rescued the little bunnies from the very jaws of death 10 days ago. Dogs evidently found the nest and had either killed or chased off the mother, and were getting ready to devour the babies when the boys came on the scene.

The youngsters took the tiny rabbits home where their two mother cats, Lillian, a black cat, and Poopy, a gray one, were evidently looking for some children in addition to their own.

Lillian is the mother of five kittens, and Poopy the mother of one.

Are the mother cats interested in their strange young'uns? Mrs. Crowe says that they can't wait to get into the basket to feed them. They work in shifts. While Lillian's serving, Poopy sits outside the basket, nervously waiting her turn to get in and do her stint.

The basket is kept in a small building near the Crowe home. The kittens are about three weeks old and the bunnies about two.

Jimmy A. Lewis, Marshallberg, Hurt In Speedboat, Rescued by Bill Bowles

Sailing, sailing over the bounding main, almost cost Jimmy Allen Lewis, 23, Marshallberg, his life Friday afternoon at 12:30 p.m. when he took a speedboat for a spin at Jones Outboard Marina.

Mr. Lewis, unfamiliar with the boat, went out completely unprepared for the ordeal that he experienced. He is in Morehead City Hospital at the present time suffering from a fractured collarbone as well as bruises, but Dr. John Way, physician, said that his condition isn't serious.

Mr. Lewis took the boat, owned by Carl DeLoach, Bogue Sound Club, for a trial spin because he was interested in buying the craft. Unfamiliar with the controls, observers said, he had it going at maximum speed within 30 feet from the takeoff, and in attempting to set it straight he tried to get it to turn. It hit a pier, throwing its operator into the water.

The boat leaped over B. J. White's skiff and landed upside down on Mr. White's dock about 8 or 9 feet above the water. Mr. Lewis almost drowned and was saved from going down the third time by Bill Bowles of the Morehead-Beaufort Causeway.

Telling members of his family of the accident at the hospital, where he was rushed by ambulance, Mr. Lewis commented that he had often heard it said that a drowning person's whole life will flash before him, and he said that was exactly what happened to him.

Mr. Lewis went out on the speedboat without a life jacket or a helmet, both part of the equipment normally worn by a speedboat enthusiast.

At the time of the accident he was on his lunch hour from his job with Parker Motors.
