Lions Nominate Officers Thursday

Sargent Smith, Jack Morgan and James Crowe were nominated for the presidency of the Morehead City Lions Club at the meeting Thursday night at the Hotel Fort Macon.

The election of the officers will take place this Thursday. The man gaining the second highest total of votes in the race for the presidency will be named first vice-president. Candidates for second vice-president are L. O. Crowe and John D. Willis.

Third vice-president candidates, Sidney Edwards and Ed Walston; secretary, W. C. Williams and John T. Willis; treasurer, Elmer Watson and John E. Naf; tail twister, J. E. Crowe and O. J. Morrow; Lion tamer, Louis Hinson and S. K. Hedgecock.

Directors, five to be selected: Dr. John H. Bunn, Frank Moran, O. N. Allred, Victor Wickizer, Owens Frederick, David Battle Webb and J. G. Bennett.

The nominating committee was composed of Mr. Bennett, Mr. Moran and Mr. Allred.

Mr. Morgan, Mr. Frederick, Mr. Walston and A. N. Willis, president, were named to the committee to work on the Safety Check in Morehead City and Beaufort during the week of May 21.

Newport Firm Gets Contract at Base

Wilton and Morton of Newport were recently awarded a Navy contract totaling \$163,260 for the complete rehabilitation of barracks 229 and 230 at the Marine Corps Air Station, Cherry Point, N. C.

Let by the Fifth Naval District Public Works Office, the work calls for the removal and replacement of existing floors, utilities, interior and exterior repairs, painting and other incidental related work.

Oct. 2, 1956 has been scheduled as the contract completion date. Rear Admiral W. Sihler, Civil Engineer Corps, USN, will administer the contract as District Public Works Officer and Officer in Charge of Construction.

Razors made of volcanic glass dated 3,100 B.C. have been found in Mesopotamia.

BIG-CAR RIDE? Don't think you have to pay a big-car price to get it. Come in and...

DISCOVER THE DIFFERENCE IN DODGE!

A smoother ride with Oriflow! Dodge fluid-activated shock absorbers give more precise control than spring-loaded valves in other cars.

It took "big-car" ride to go 31,000 miles in 14 days! No car that just talked "big" could have withstood the tremendous punishment Dodge did at Bonneville. Dodge went 14 days and nights (31,000 miles) at an average speed of 92.86 mph without a single breakdown!

Only a big car can give you big-car ride! And Dodge is bigger all around—inside and out. More legroom front and rear. More hiproom front and rear. More steering wheel clearance.

The backbone of the Dodge ride is a better chassis! It starts with a rugged frame with sturdy box-section side rail construction far superior to common U-channel and I-beam types. Cross members are extra heavy.

The V-8 engine is special, too! The 260-hp. V-8 engine is built on advanced aircraft-design principles to give you real break-away power.
