

Ed Hussman to Speak Tuesday To Chamber; President Named

Glenn Adair was elected president of the Beaufort Chamber of Commerce at a special meeting of the chamber board of directors Tuesday night at the chamber office.

Ray Cummins was elected vice-president; William Roy Hamilton was re-elected treasurer, and Miss Pat Springle, secretary.

In addition to the officers, the new directors for the coming year, as announced at the meeting are Ronald Earl Mason, Dr. W. L. Woodard, Gerald Hill, Halsey Paul, Charles Davis, William H. Potter, Holden Ballou, Jarvis Herring, and Norwood Young, also Danforth Hill, representing the Jaycees; Dr. David Farrior, representing the Rotary Club; Mrs. Charles W. Davis, Woman's Club, and Mrs. Billy Davis, Junior Woman's Club.

Past Director
The new president has been a director of the chamber five years, served as treasurer two years and was vice-president during the past year.

He is a graduate of State College, class of 1948, where he obtained his degree in mechanical engineering. After graduation he worked at Langley Field, Va., as a research engineer, returning to Beaufort in 1949.

He is co-owner with his brother, Julius, of the Adair Funeral Home, and is also a partner owner of the Hi-Drive and Dora Dinette, Beaufort restaurants.

Although Mr. Adair's main community interest has been the Chamber of Commerce, he is a past president of the Beaufort Rotary Club. This month he started teaching the college student class of the Ann Street Methodist Sunday School.

July Meeting
Mr. Adair said there will be no more meetings of the board of directors this month but there probably will be a call meeting early in July.

During Tuesday's business session, Mr. Young reported on a recent meeting of the US Highway 70 Association and the directors voted \$20 for Beaufort's membership fee in the association. Holden Ballou was appointed to represent the chamber on the association's board of directors.

Mr. Cummins, chairman, reported on the speedboat regatta. Six hundred fifteen dollars was donated by businessmen to finance the event. Sale of refreshments yielded \$230.16. Expenses amounted to \$777, leaving a balance of \$68.36 for the chamber, which sponsored the regatta.

It was reported that the new brochure being published by the chamber will probably be ready the last of this month.

State to Send More Vaccine Here

The County Health Department received notice from the State Health Department Tuesday that 531 doses of polio vaccine will be sent to this county within the next week.

Dr. Luther Fulcher, health officer, announces that it will be administered, for the first time, at clinics next Thursday.

The hours are from 9 to 11 a.m. in Beaufort at the health office and 1 to 3 p.m. in Morehead City at the hospital annex.

Grand Jury Checks on Jail, Prison Camp

Members of the grand jury examined the prison camp and county jail this week.

Of the prison camp, they said, "We have examined the prison camp No. 202 at Newport and found it to be in very good shape with only one exception. The guards quarters have deteriorated to some extent and are in need of immediate repairs. We understand that the work order has been approved by the State maintenance office for these repairs.

"The inmates' quarters and facilities are in excellent condition, being neat and adequate. We feel that they are well cared for and wish to commend Mr. Roscoe Skinner, the camp superintendent, and his staff for their efforts concerning the well-being of the people in their charge."

The county jail was found to be "in fair condition under the circumstances," the circumstances being that the jail is old and no longer adequate to meet the needs of the county.

The county was commended for its plans to build a new jail. The grand jury said it deliberated on each case presented. In conclusion, the jurors, through Foreman Cecil W. Sewell, Morehead City, thanked the judge for his assistance and also thanked the court officials for their cooperation.

Members of the grand jury were William J. Hardison, Milton Warren, George Norris, Adam Mayer, J. Stancil Bell, and Thomas E. Glancy, all of Newport; J. M. Davis, Straits, and Lola Piner, Wiliston.

N. W. Day, Robert Van Etten, A. H. James Jr., and Ben L. Jones, Beaufort; M. L. Yeomans and Joe Davis,arkers Island; C. W. Allgood, Davis; Gordon Earl Freeman, Morehead City, and Leon W. Emory, route 2 Newport.

Grayden Paul Speaks To Beaufort Rotarians

Grayden Paul, brother of Rotarian H. D. Paul, Beaufort, spoke on his experiences as a tourist guide in St. Petersburg, Fla., at the meeting of the Beaufort Rotary Club Tuesday night at the Inlet Inn.

Mr. Paul gave a word picture of St. Petersburg and its surroundings and at next week's meeting will continue "the tour."

Visiting Rotarians were Jasper Bell and Dr. John Morris, Morehead City, and C. C. Abernathy, Lumberton.

One-Week Term

Criminal Court Ends; Nobody Sent to Jail

Philemon Shaw Becton was fined \$50 and costs when he pled guilty to careless and reckless driving. He was given a suspended 60-day road sentence.

Thomas C. Bass was fined \$200 and costs for driving after his license had been suspended. He was given a suspended six-month sentence.

Fined \$200
Larry D. Kennitz was fined \$200 and costs when he pled guilty to breaking, entering and larceny. He must make restitution of \$30 to Mrs. Maxwell Wade.

Kennitz was given a suspended 11-month road sentence on condition that he continue his enlistment in the Navy when his current enlistment ends in December 1956, and that he be on good behavior and not violate any state or federal law for five years.

Ralph Arnold was assessed costs for breaking, entering and

Dr. D. C. Farrior To Head Rotary

John Steed, Formerly
Slated for Top Office,
Submits Resignation

John Steed, who was to take office as president of the Beaufort Rotary Club next month has resigned, and Dr. David Farrior, Beaufort optometrist, was appointed by the board of directors Tuesday night to take his place.

Mr. Steed resigned because of business reasons. Dr. Farrior, who has been a member of Rotary for three and a half years, has served on the board of directors, is a member of the Carteret Toastmasters Club, Carteret Post 99 (American Legion), Jones Austin Post 2401 (Veterans of Foreign Wars), and St. Paul's Episcopal Church.

Dr. Farrior would have assumed the office of vice-president in July. Carl Hattell has been elected to the vice-presidency and Ray Cummins was elected to the board of directors to fill the vacancy created by the shift.

The board met following Tuesday's regular Rotary meeting at the Inlet Inn.

Reader Offers Kitten a Home

Capt. Buck Newsome of the Morehead City Police Department, recently received a letter from Mrs. Thurman Gaskill, P.O. Box 72, Brigantine, N. J., who offered to care for the kitten which survived a fire in Morehead City May 5.

Other cats died in the fire, which also took the life of their mistress, Hattie Monroe, but one survived and its picture appeared in THE NEWS-TIMES.

Mrs. Gaskill said she saw the picture and would like very much to give the kitten a home, since someone had stolen her kitten recently.

Captain Newsome said he would write Mrs. Gaskill, thanking her for her kind offer. The "burned out kitten," he said, has found a home in Morehead City.

Ann Street Church Accepts Bids for New Building

Base bids for the Ann Street Methodist education building total \$188,461. Bids were awarded by the planning committee Tuesday night to O. L. Shackelford, Inc., Kingston, general contractor, \$138,800; Beaufort Plumbing and Supply Co., plumbing, \$8,175, and heating, \$15,500, and Jack Williams, Beaufort, electrical, \$5,986.63.

Bids were opened at 2 p.m. Tuesday at the Lottie Sanders Building. Bidding was brisk, 11 contractors bidding on the general contract; six on plumbing, six on heating, and seven on the electrical work.

Only on the heating contract was the lowest bid accepted, but the planning committee felt other matters, such as church membership and Beaufort location of firms warranted accepting other bids.

Low Bidders
J. A. DuBois, chamber of commerce manager, reports that he contacted Mr. Eubanks relative to getting the ship moved because its present position poses a threat to the channel to the Morehead City Yacht basin and surrounding property.

Mr. Eubanks said yesterday that he had requested Wiley Taylor Jr., Beaufort attorney, to notify the owners that they would have "a reasonable time" to move the ship before action will be taken against them in federal court.

R. A. Canipe, owner of the ship, said in the fall of 1955 that he planned to put diesel engines in the Omar Babun, a 97-foot vessel, and use it in salvage work.

The County Health Department reports that it is continuing its VD control work with migrant workers and the program is moving along satisfactorily.

Members of the Beaufort Chamber of Commerce will hear Ed Hussman, of the small industries division, Department of Conservation and Development, at their annual dinner Tuesday night.

The dinner will begin at 7:30 p.m. at the Inlet Inn. Ronald Earl Mason, chairman of the dinner committee, who will be toastmaster, says the dinner is free to chamber members and wives.

On the menu is roast fresh ham, mashed potatoes, green peas, mixed salad, rolls and butter, iced tea and ice cream. The Beaufort Rotary Club will meet with the chamber. Mr. Mason said 125 persons are expected.

Members of the dinner committee are Odell Merrill and Ralph Albares.

Ocracoke Road Project Gets Another \$100,000

Another \$100,000 has been allocated for construction of the Ocracoke Highway, bringing to \$460,000 the amount available for the road.

The \$100,000 was earmarked last week by Gov. Luther Hodges and comes from the highway surplus fund. Of the total \$460,000, First Highway Division funds are supplying \$160,000 and the remainder is coming from the surplus.

W. H. Rogers Jr., chief engineer for the highway commission, said it is estimated that this will be sufficient to cover the cost of building the road.

E. P. Brinkley of Raleigh, who has the contract for bridges included in the Ocracoke road, has informed the Highway Commission that he will begin work on his portion of the contract this week.

Dickerson, Inc., of Monroe, general contractor for the road, said he would begin as soon as the bridge contractor starts making progress.

Mr. Rogers said that 25,000 tons of stone which will form the base of the road already has been transported to Ocracoke Island. Another 10,000 tons will be required for the project and is being delivered as rapidly as possible.

Owners Asked To Move Ship

Roy Eubanks, Beaufort, ship-wreck commissioner, reported yesterday that the owners of the Omar Babun, a freighter located at Morehead City, have been notified to move the ship.

The freighter was wrecked at Rodanthe two years ago and was salvaged by the Canipes of Havelock. In October of 1955 it was towed to Morehead City and has been tied up since then at a salvage company on the Beaufort-Morehead City causeway.

J. A. DuBois, chamber of commerce manager, reports that he contacted Mr. Eubanks relative to getting the ship moved because its present position poses a threat to the channel to the Morehead City Yacht basin and surrounding property.

Mr. Eubanks said yesterday that he had requested Wiley Taylor Jr., Beaufort attorney, to notify the owners that they would have "a reasonable time" to move the ship before action will be taken against them in federal court.

R. A. Canipe, owner of the ship, said in the fall of 1955 that he planned to put diesel engines in the Omar Babun, a 97-foot vessel, and use it in salvage work.

Motorist Pays \$50 Fine Monday

Thurman Gray Morton was fined \$50 and costs for no operator's license by Judge Herbert Phillips in Morehead City Recorder's Court Monday.

Morton was given a suspended 30-day road sentence on condition that he be on good behavior for one year and not drive a vehicle on the streets or highways of the state for six months.

Mrs. Louis Bratcher was fined \$25 and costs for public drunkenness when it was noted that it was her third offense. She was given a 30-day suspended jail sentence on condition that she be on good behavior for one year.

Reginald Conway was found guilty of failing to stop for a stop light and was assessed costs. A charge of no operator's license against him was dropped.

James F. Collins was assessed half costs for being drunk on the highway, and one-third costs were assessed Arthur Carroll Taylor for speeding.

Cases were continued against Rollins D. Mumford, Carlton N. Frayer and Lenatery Eubanks.

County Accepts Jail Bids; Cost Will Total \$65,000

Arlie Daniels, Cedar Island, Is County's Father of Year

JC's on Monday Set June 29 As Date for Contest

The Miss Beaufort contest has tentatively been set for Friday, June 29, 8 p.m. at the Beaufort Theatre, according to an announcement made Monday night at the meeting of the Beaufort Jaycees at the Scout building.

Ralph Albares, chairman of the event, said that contestants are being sought. Members of his committee are Jack McManus, Bill Tickle, and Tommy Eure.

Dates Changed
The club decided to meet weekly on Monday nights with the exception of the first Monday of the month. Heretofore the Jaycees have been meeting the second and fourth Mondays.

Dinners will be served only on the second and fourth Mondays.

Jack McManus gave the final report on the safety check, stating that 1,500 cars were inspected in Beaufort. He also announced that letters of thanks had been sent to all who assisted in making the check a success. Mr. McManus was in charge of the program in Beaufort.

Budget Set
The club adopted a budget of \$4,450 for the fiscal year, 1956-1957 and also set up its year's program.

The program, as outlined by Ronald Earl Mason, chairman, and his committee members, follows: June, Miss Beaufort contest; July, sale of bumper reflector tape, car wash program, and a social event for Jaycees.

August, program for the Carolina Aero Club, Jesse Taylor, chairman; September, membership drive; October, football concessions stand, fire prevention program, host to district meeting.

November, get out the vote campaign, football concessions, sale of bumper reflector tape, Voice of Democracy contest; December, Christmas charity program, and social event for Jaycees; January, JC Week (awards and Radio Day).

February, church month (Jaycees and families to attend churches in group), stage production; March, build and sell picnic tables; April, clean-up campaign; May, auto safety check and Teen-Age Roadshow.

Members of Mr. Mason's program committee were Danforth Hill, James Steed, Tommy Potter and Tommy Eure.

Firemen Hope to Eliminate Resuscitator Call Mix-Ups

Beaufort firemen set up new alarms for the resuscitator at their meeting last Thursday night at the fire station.

If a call for the resuscitator is received at night, the alarm will sound twice and stop. Bong, bong and that's it. If the resuscitator is needed in the daytime, another new alarm will be given.

The firemen have devised this new system to prevent confusion on a resuscitator call. When one of the established alarms is rung, the firemen are called out unnecessarily and the whole town gets stirred up.

Firemen also hope to devise some other plan of taking the resuscitator out in a vehicle other than the fire truck.

Bryan Loftin reported that efforts to find a rescue truck have thus far proved unsuccessful. Jimmy Range and Ben Merrill were

appointed to investigate the possibility of sponsoring a movie to raise money.

Several firemen offered to donate blood for Thornton Darling's mother who is ill and it was reported that Frank Langdale, a member of the department, is ill in the hospital.

Roma Willis, former engineer, offered his assistance on the alarm system and Claude Morning requested to be returned to the active membership list. A collection for the Christmas fund was made.

Purchase of a camera to take pictures of fires was discussed, but because of the expense involved, Fireman Joe Long was requested to take pictures with his camera. The pictures would be used as a fire record in addition to written records.

Fire Chief C. B. Harrell presided.

County Doctors Release Their Surplus Vaccine

County physicians, at their meeting Monday night at the Morehead City Hospital, decided to release to the county health department the surplus of polio vaccine not being used in their offices.

The public relations committee of the medical society announced Tuesday that it acted in accordance with a request from the State Health Department. The state department reported that apparently certain counties are not getting as much vaccine as needed and suggested that doctors in those counties release some of their surplus to the local health department.

County doctors said that although they have been administering the vaccine, the people have not taken advantage of the doctors' offer, made several months ago, to give shots free of charge to those who could not afford to pay.

Dr. Luther Fulcher, county health officer, estimated that only 25 per cent of the persons eligible for the vaccine have received it.

The public relations committee added that even though doctors are releasing surplus vaccine, it may not be enough to take care of all who want the shots. The doctors point out that if persons who can afford to pay get the free shots from the health department, even the supplementary supply may not be sufficient.

Dr. Fulcher requests that persons who can do so should go to their family doctor for the vaccine. The county health department received notice this week that it has been allocated 531 doses from the state. Health officials believed that with state allotments, plus the surplus released by doctors, vaccine will be available on a more steady basis in the future.

The speaker at the medical society meeting was Dr. Lawrence Erdman, New Bern, whose topic was Traumatic Injuries of the Chest. He was introduced by Dr. Herbert Webb, program chairman.

Dr. W. M. Brady, president, conducted the meeting.

Eleven others enrolled in junior college, comprising 5.6 per cent of the total 196. Fourteen, or 7.1 per cent enrolled in trades, business schools, nursing, and similar training; 16 or 8.1 per cent went into military service. The remainder, constitute 49.1 per cent of the total 196.

Mr. Joslyn pointed out that high schools with higher percentages of graduates in college are located in cities where colleges are located.

Dr. Joslyn, county superintendent of schools, received clearance from Raleigh Tuesday on expenditure of funds for the new Harkers Island School.

Mr. Joslyn also commented that Carteret County ranks sixth among all counties in the state in the number of high school graduates enrolled in college.

The survey establishing this fact was conducted by the State Department of Public Instruction. Of Carteret's 196 high school graduates last year, 59 went to college, or a total of 30.1 per cent.

Dr. Joslyn also commented that Carteret County ranks sixth among all counties in the state in the number of high school graduates enrolled in college.

Dr. Joslyn also commented that Carteret County ranks sixth among all counties in the state in the number of high school graduates enrolled in college.

Gifts to be presented to him are a leather billfold by Early Jewellers; box of Manhattan shirts by Hill's; set of "Kar-rugs" from Hardesty Motor Co.; slacks, shirt, belt and tie from Belk's; gallon 3F's paint from Lockhart Millworks.

Florsheim shoes, Webb's; lazy susan, Smith's TV; \$10 gift certificate, Leary's; Brownie flash camera, Morehead City Drug Co.; and 25 theatre passes good for the City, Morehead and Beaufort theatres from the Morehead Theatre.

Previous winners of the contest, now in its fourth year of sponsorship by THE NEWS-TIMES were Henry Carraway, Merrimon, 1955; John Tillery, Morehead City, 1954, and Charles Garner, Newport, 1953.

THE NEWS-TIMES and the businessmen sponsoring the contest thank everyone for sending in their entries. All fathers nominated were certainly worthy of the honor and it is hoped that they will be nominated again next year, for nominations are not kept from year to year, and it is entirely possible that this year's close contender may be the lucky fellow in 1957.

After bids were opened, a delegation of timberland owners requested that the county revise its amount budgeted for forestry protection, but the county board said that the budget had already been adopted. Commissioners added, however, that they would "take the request under advisement."

Don Varner, district forester, said that the state forestry division had revised its request. Instead of asking for \$4,200, they believed they could get by on \$3,700.

Accompanying Mr. Varner were E. M. Foreman, county ranger; Tom Hassell, International Paper Co.; Miss Georgina Yeatman, Mrs. Mildred Mumford, and Robert Saffrit Jr., all of Beaufort; Joel Davis, Harlowe; and Howard Duzan, N. C. Pulp Co.

Port Calendar

Esso Worcester—Due today at Esso Terminal with petroleum products from Baytown, Tex.

MV Buenos Aires—Due tomorrow at Morehead City to load cargo for Trinidad.

USS Cambria—Due Sunday at Morehead City.

MV Platania—Due at Trumbull Asphalt Sunday with a load of asphalt and fuel oil from Curacao.

SS Rahummel—Due Monday at Esso Terminal with a load of fuel oil from Aruba.

Funds Approved; School Official Reports on Survey

H. L. Joslyn, county superintendent of schools, received clearance from Raleigh Tuesday on expenditure of funds for the new Harkers Island School.

Mr. Joslyn also commented that Carteret County ranks sixth among all counties in the state in the number of high school graduates enrolled in college.

The survey establishing this fact was conducted by the State Department of Public Instruction. Of Carteret's 196 high school graduates last year, 59 went to college, or a total of 30.1 per cent.

Eleven others enrolled in junior college, comprising 5.6 per cent of the total 196. Fourteen, or 7.1 per cent enrolled in trades, business schools, nursing, and similar training; 16 or 8.1 per cent went into military service. The remainder, constitute 49.1 per cent of the total 196.

Dr. Joslyn also commented that Carteret County ranks sixth among all counties in the state in the number of high school graduates enrolled in college.

Carteret's new jail will cost \$65,000. A second set of bids was opened at the courthouse yesterday afternoon and Robert Stephens, architect, said work on the new project should start in about three weeks.

Successful bidders on the new jail, which will contain the sheriff's office and an apartment for the jailkeeper, were O. C. Lawrence, Otway, \$49,995, general contract; Roy Norris Co., \$8,650, plumbing; Beaufort Plumbing and Supply, \$3,396, heating; and Carl Hattell Electric Co., Beaufort, \$2,834.50, electrical, making a total of \$64,984.50.

The first set of bids was opened in March but all were rejected because they totaled over \$80,000. The county is borrowing \$70,000 to meet jail construction costs.

The original plan to tear down the old jail has been discarded. The new jail will be built either at the rear of the courthouse or on the site to the east of the courthouse. The present jailkeeper's house will be moved should the east site be selected.

Sheriff Hugh Salter said the present jail would be used for storage of records. It is a fireproof building, he added.

There were four bids on general construction, four on plumbing, five on heating, and three on wiring. The jail will be of brick cavity wall construction. Present for the opening of the bids, in addition to bidders and members of the county board, was T. A. Early, state jail supervisor.

After bids were opened, a delegation of timberland owners requested that the county revise its amount budgeted for forestry protection, but the county board said that the budget had already been adopted. Commissioners added, however, that they would "take the request under advisement."

Don Varner, district forester, said that the state forestry division had revised its request. Instead of asking for \$4,200, they believed they could get by on \$3,700.

Accompanying Mr. Varner were E. M. Foreman, county ranger; Tom Hassell, International Paper Co.; Miss Georgina Yeatman, Mrs. Mildred Mumford, and Robert Saffrit Jr., all of Beaufort; Joel Davis, Harlowe; and Howard Duzan, N. C. Pulp Co.
