Those who became members of the Community Concerts Association during its recent drive will receive their membership cards through the mail, Mrs. James Rumley, Beaufort, president of the association, announced.

The schedule of concerts will be printed on the back of each card.

The funeral service for John Earl Parker, 17, son of Mr. and Mrs. Guy D. Parker, 418 Marsh St., Beaufort, will be conducted at 3 o'clock Sunday afternoon in the Mt. Zion Baptist Church, Beaufort. Parker drowned Wednesday afternoon in Taylor's Creek, Beaufort.

The Rev. M. C. Carter will officiate. Burial will be in Ocean View Cemetery.

Coroner Leslie D. Springle said that two other boys, Johnny Madden and a Nolan boy, whose first name he did not know, were teaching Parker to swim.

Parker jumped off a menhaden boat tied up at the Sinclair dock and got out in the middle of the channel. He was last seen at about 2:30 p.m.

The boys with him tried to help him, then went for help. The Coast Guard was summoned by Beaufort police, and a crew from Fort Macon Coast Guard Station recovered the body at 4:05 p.m. in the vicinity of Way's fish house.

Surviving Parker besides his parents, are three brothers, Joseph, Rockingham; Guy Jr., Goldsboro; Henry, Beaufort; and four sisters, Laura, Mrs. Iris Stewart, Mrs. Mary Alice Harker, all of Beaufort, and Mrs. Annie V. Bellamy, Jacksonville, Fla.

Two Mother Cats Win Honor

Lillian and Poopy don't delight in having their pictures taken. They're much more at home with a litter of kittens or wild bunnies. At the left is Donnie Crowe, and his brother, Ronnie, who found orphaned baby wild bunnies this spring and brought them home. They were adopted by the mother cats. At the right is the boys' mother, Mrs. Lloyd Crowe. Also shown is the medal and citation presented by Puss 'N Boots.

Appearing in THE NEWS-TIMES May 1 was a story on two mother cats, owned by the Lloyd Crowes, Mansfield Park. The cats had adopted a litter of wild bunnies whose mother had been attacked by dogs.

The Puss 'N Boots awards committee, New York, saw the story and decided that the cats were worthy of recognition. THE NEWS-TIMES was contacted and happily agreed to present the Puss 'N Boots Bronze Award and citation to the Crowes.

The bronze award is bestowed "on cats whose commendable characteristics and achievements have been considered worthy of recognition."

It is sponsored by Coastal Fisheries, maker of Puss 'N Boots cat food.

The wording on the citation follows:

"Lillian and Poopy were busy, happy mothers feeding and caring for their own new kittens. Then a litter of orphaned wild bunnies was presented to them. Sensing the great need of the little rabbits, these two heart-touched mother cats adopted them... taking turns feeding and caring for them... and teaching their own kittens to accept newcomers. To Lillian and Poopy, whose maternal love is unbounded, this tribute."

Lillian and Poopy's kittens have

grown and the bunnies stayed around the Crowes until nature called them into the wild again, and off they hopped.

One bunny was even taken by the Crowes when they went on a picnic one day. Mrs. Crowe packed him a lunch and he sat and nibbled at his carrots while the family ate.

Not only have the two cats (Lillian is the black and white one and Poopy the gray one) reared their own litters and wild bunnies, they even took care of a litter of kittens left recently by some folks at a neighboring house.

Mrs. Crowe sums their good deeds up with "They're just the best little mothers ever."

Atlantic Beach Gets \$23,000 For Storm Repair

Mayor A. B. Cooper, Atlantic Beach, reported yesterday that Civil Defense has approved approximately \$23,000 for Atlantic Beach hurricane repair. This will remunerate the town for cost of debris clearance after last fall's hurricanes.

Mayor Cooper said that the check has been received, less 10 per cent withheld by the government until negotiations are closed.

Gray Hassell, Beaufort, who has been filing Civil Defense applications for the county and towns, estimates that the government has approved a total of \$200,000 on county projects and \$150,000 on projects in Beaufort, Morehead City and Atlantic Beach.

Beaufort and Morehead City received their funds early this year. Funds for Atlantic Beach were delayed. Mayor Cooper said it had been hoped that Civil Defense would help finance a portion of the beach sea wall, but this was not granted.

Mr. Hassell said that all hurricane repair projects have been completed with the exception of dredging at Atlantic, completion of the dock at Marshallberg, and sand fill at Bogue Banks.

Civil Defense has said that these projects must be finished by Aug. 25.

Ducks, Radio Help Equip Battery for Disaster Needs

The likelihood of folks being stranded here due to high water, has been lessened considerably, says Sgt. Dennis Goodwin, Battery C, 600th FA, North Carolina National Guard, Morehead City.

Sergeant Goodwin was referring to the two DUKW's (ducks), two-and-a-half ton truck amphibians his unit has received in the state hurricane protection program.

In all, 11 of these trucks have been distributed to National Guard Units throughout the state.

While here she will be welcome to attend all movies free of charge and play games at the Idle Hour Amusement Center free. Restaurants will serve Miss North Carolina at no cost to the Jaycees.

Each one is 31 feet long, 8 feet 10 inches high, 8 feet 2 inches wide, and weighs 14,880 pounds. They cost \$10,129 each, according to the sergeant.

The DUKW has a land speed of 50 miles per hour. With a load in the water it can travel 6 miles per hour, and unloaded at 6.5 miles per hour.

A powerful radio transmitter which enables the unit to contact any other unit in the state is also at the armory. This too was obtained through the state hurricane disaster program.

Sergeant Goodwin uses the unit to call in weather reports to Raleigh each day at 8:30 a.m.

The Guard unit also has an auxiliary power unit which can provide power for the transmitter and all other electrical appliances in the armory.

The National Guard Unit in Morehead City is ready, willing and able to assist in the event that a disaster strikes this area, Sergeant Goodwin concluded. Commanding officer of the unit is Lt. Merritt Bridgman.

Morehead City Receives Award

Because Morehead City had no motor vehicle fatalities during 1955, it was presented with a safety award yesterday.

Presenting the "Honor Roll" award was Capt. S. H. Mitchell, commanding officer of troop A, State Highway Patrol, and Sgt. C. L. Teague, of the State Highway Patrol, New Bern.

Accepting the award was Ted Garner, police commissioner. Only 17 towns in the state were eligible for such an award for 1955, according to Captain Mitchell, and three of those towns were in the 27 counties in his district.

The towns, in addition to Morehead City, were Roanoke Rapids and Washington.
