

# New Bleachers Still Missing

### Beaufort Jaycees Hope To Get Football Seats Arranged Sunday

The Beaufort Jaycees heard a football committee report from Tom Potter at their Monday night meeting. Mr. Potter said the new bleachers still weren't here, but that he had written the manufacturers and asked them to trace the delayed shipment. The bleachers were due last week.

Volunteers will meet at the football field Sunday morning at 7 o'clock to combine the new and serviceable old bleachers. They estimate that there are 180 old seats which are still good. These combined with the 272 new ones, will give a seating capacity of over 450.

Plans for the "Booster Contest" with Morehead City Jaycees were made. The contest is set for Thursday, Friday, and Saturday nights. Gate, seating, and concession committees were named for the season. Volunteer Jaycees will operate the concession stand at half time.

# Clerk Files Three Wills

Three wills were probated and filed recently in the office of the clerk of superior court, Beaufort.

The will of Jacob Miller, former Beaufort resident and businessman, who died in November 1949 at Aberdeen, was probated at Willimingham Aug. 15, 1956.

Mr. Miller's niece, Miriam Warshauer, was named executrix. A thousand dollars was left to James Walker Memorial Hospital and a thousand dollars to the Jewish National Fund, 41 E. 42nd St., New York.

The remainder of the estate Mr. Miller left to his brother, Myer, his niece, Miriam, and another niece, Lucille, to be divided equally. Witnesses were David Sinclair, W. G. Twining and Reba D. Johnson.

The will of Agnes Moore Guthrie, Morehead City, dated Aug. 31, 1954, was probated Aug. 20. The house and lot at 808 Bridges St., Morehead City, was left to her husband, William Henry Guthrie, and after his death it is to go to her daughter, Charlotte.

Should her daughter be married at the time of Mr. Guthrie's death, the estate shall be divided between Charlotte, Lillian G. Mottern, and a nephew, Paul E. Moore.

Should the house be sold to other than members of the family, Mrs. Guthrie asked that it be offered first to the First Missionary Baptist Church, Morehead City.

Cash assets were left to Mr. Guthrie as well as all of Mrs. Guthrie's personal property.

The will was witnessed by Elmer M. and Lillian G. Mottern, Dover, Del., and William H. Guthrie, Morehead City.

The will of Wallace Morris, Atlantic, who died April 9, 1956, was probated Aug. 14, 1956. His wife, Anita, was named executrix.

# Williston-Built Trawler Goes On Successful Trial Cruise

On the bow of the June T on her shake-down cruise are Mrs. Walter Teich, Walter Teich, June Teich, and Capt. Paul Davis.

At 10:26 Wednesday morning, the June T, a 56-foot trawler, slipped away from the Machine and Supply Co. dock, Beaufort, to begin her shakedown cruise.

Aboard were her owners, Mr. and Mrs. Walter Teich, Adams Creek, their 7-year-old daughter, June, Mr. and Mrs. Dudley MacFarlane, Gloucester; Elmer Willis, the builder, Williston, Mrs. Willis and their two daughters, Beverly and Nancy.

Members of the crew were Capt. Paul Davis, Davis, and James T. Guthrie, as well as Mr. Willis who always likes to personally check on boats he builds. He soon showed

he was an able sailor as well as a good boat builder.

Mr. Willis has been in the boat-building business for three years, but during that short time he has built 10 trawlers, three menhaden boats, and 10 yachts at the Williston Boat Works. The June T, he says, is one of the best boats he has ever built. She is 56 feet long and 16 feet wide. The power comes from a 300 horse GMC diesel engine capable of pushing her through the water at 12 knots.

The ice compartment is insulated with Styrofoam and has a capacity of 25 tons. Her hold has room for 400 boxes (40,000 pounds) of shrimp.

The boat is constructed of long leaf heart pine and took about 12 weeks and \$35,000 to complete.

Many extra features are included on the June T which Mr. Teich thinks will make the life of a shrimp fisherman more pleasant. It has both automatic pilot and depth recorder.

The interior of the cabin is finished in mahogany. A rubber tile deck in the cabin, foam rubber pillows, curtains, and a modern kitchen make the June T's crew feel right at home.

Captain Earl Davis, Smyrna, who captains a menhaden boat, claims that the June T is the finest, best-equipped trawler he has seen in years of fishing both on the Atlantic and Gulf coasts.

# JC's Investigate Proposal On Little League Basketball

P. H. Geer Jr. was appointed Monday night by the Morehead City Jaycees to check the possibility of Little League basketball as a Jaycee project. Jaycees met at the Hotel Fort Macon.

The games would probably be played in the recreation building and the program would be administered on the same basis as the Little League baseball program during the summer.

Herbert Phillips, Jaycee president, announced that the Morehead City and Beaufort Jaycees would compete again this year in the Booster Banner campaign. The campaign began last night and closes tomorrow night.

Mr. Phillips said that close to \$1,300 worth of season tickets were sold during the three-night campaign last year.

The business meeting adjourned and volunteers reported to the football field to work on the bleachers. They repaired old bleachers and began building new ones. "The Morehead City field should seat at least 1,000 by the beginning of the season," said Mr. Phillips.

# Minister Speaks To Lions Tuesday

The Rev. Louie Lewis, pastor of the Atlantic Methodist Church, spoke to the Down East and Morehead City Lions Clubs Tuesday night at the Sea Level Inn.

The topic of his talk was Greatness and Faith. He commented on the importance of faith in making a country great.

# Season Tickets Now on Sale

Bill Baughman, publicity chairman of the Morehead City Jaycee football ticket committee, announced yesterday that season tickets are available at Morehead City Drug Store, Hill's, Sanitary Barber Shop, Jerry J. Willis Insurance Agency, and Ideal Barber Shop. The prices of the tickets are \$4 for adults and \$2 for children.

He also said that he will have a poster showing the status of the Booster Contest in the Morehead City Drug store window. The chart will show the number of tickets sold by Morehead City and Beaufort Jaycees.

Morehead City won the contest last year. The relative size of the two towns means nothing to the Beaufort Jaycees, however, who are out to win this year.

In an effort to keep ahead of the determined efforts of the Beaufort club, the Morehead Jaycees have invited Principal Lenwood Lee and Coach Norman Clark to take part in the radio programs. Coach Clark has agreed to bring some of the players, along with the cheer leaders.

The contest began last night and ends tomorrow night.

# Driver Turns Car Over On Salter Path Road

Phillip N. Kelly, Cherry Point, and a passenger with him, escaped injury at 11:55 Saturday night when the 1950 Mercury he was driving turned over on the Salter Path Road two miles from Atlantic Beach.

# Gasoline Dealers Attend Meeting

More than 47 dealers in Sinclair Refining Company's Morehead City territory turned out for a fall sales meeting at the Blue Ribbon Club, Morehead City, Wednesday, T. T. Potter, Sinclair's local distributor announced today.

M. C. Huie, Atlanta representative, was in charge of the meeting which was devoted to acquainting dealers with the company's new super-premium gasoline—Power-X with X-Chemical. The new product will be marketed for the first time next month throughout Sinclair's 36-state sales territory.

Featuring on the program was a discussion of the company's four-way dealer sales campaign which includes advertising, point-of-sale, direct mail, and personal sales aids for dealers.

# Grace LaRue Towed In by Coast Guard

The Grace LaRue, Morehead City, was towed in from Cape Lookout by the Coast Guard Sunday. The party boat is owned by Kinston residents and docks at Cannon's. She developed engine trouble and sent out a call for aid.

The boat was back to normal and out to sea by Thursday.

A 16-foot outboard motorboat drifting near Beaufort Inlet buoy No. 19 was towed in by the Coast Guard Sunday afternoon. The engine had failed.

# Police Car Tail Pipe Figures in Court Case

William Earl Pittman, according to police reports, went out of his way to find trouble Wednesday night. He is charged with stealing the tail pipe extension from Morehead City police car No. 4. Patrolman Homer Lewis made the arrest.

# Principal Expects Thousand Pupils At Morehead

An enrollment of approximately a thousand is expected at the Morehead City School this year. Lenwood Lee, principal, reports this figure is about the same as last year.

Both the Morehead City and Camp Glenn Schools will open at 8:30 Tuesday morning. Pupils will be dismissed at noon the first day. Thereafter a full day schedule will be followed.

Lunchrooms in both schools will serve meals Wednesday. Lunches will be 25 cents each.

All returning students to the Morehead City School in grades 1 through 8 will report to their last year's home room following the opening bell at 8:30. There they will be told of their new room assignments.

New students, grades 1 through 12, will go to the auditorium for room assignments. Room assignments for pupils in grades 9-12 will be posted on room doors.

Fees for children in grades 1-8 will be \$3.25 per pupil. The \$1.25 insurance fee is optional. Fees for high school students are \$3.80 each. Library, testing, audio visual and supply fee is \$1.75. As in the grade school, the insurance fee, \$1.25, is optional.

Special fees for typing, science, home economics and shop will be announced on opening day.

Parents of all first grade students who have not already presented birth certificates for their children will be required to do so at the time of registration.

Mr. and Mrs. Elmo Gilgo of Oriental were visitors with Mrs. Norma Willis during the weekend.

Mr. Ira Gillikin and family of New York arrived Monday to spend some time with his parents, Mr. and Mrs. Lonnie Gillikin.

Mr. and Mrs. Darrel Wade left Wednesday to return to Pascagoula, Miss., after spending a week with Mrs. D. V. Wade.

Master Kenny Lewis returned Friday after spending a week in Oriental.

Mr. Marvin Willis and Mrs. Jack Page left this weekend for a visit in Florida.

Mrs. James Lynch and Mrs. Blanche Willis spent Sunday afternoon in Atlantic and attended church services Sunday night at Harkers Island.

Mr. William Garvin Jr. of New York spent last week visiting Mrs. Garvin and her parents, Mr. and Mrs. Lewis Smith.

Master Bobby Sellers spent last week in Rocky Mount. Mrs. Ellen Fountain accompanied him home, and spent a few days with Mr. and Mrs. Robert Sellers.

Mr. and Mrs. Stanley Dail returned home last week after spending some time at Chapel Hill.

His mother was driving along Highway 101 when the child opened the back door of the car and fell out. He was treated at Morehead City Hospital.

Limestone is the accumulation of skeletons of marine animals.

# Queen Street Principal Lists Faculty Members

# Nematodes Fall Under Plowing

The job of grading and tilling tobacco has begun, but it seems to me that quite a few farmers are forgetting one of the most important steps in successful tobacco production. The control of nematodes cannot be over-emphasized and now is the time for the most effective control.

Plowing out the stubbles immediately following tobacco harvest will greatly reduce all three types of nematodes that plague tobacco growers—root knot, meadow, and stunt. Tests indicate that this practice alone may reduce the nematode population by as much as 90 per cent.

It also makes additional control through crop rotation and soil fumigation more effective.

There are two reasons that plowing out tobacco roots is so effective. First, a large number of nematodes are trapped in the root system and quite a few in the soil are exposed to the drying action of the sun and wind.

The second reason is that the multiplication of nematodes are slowed down. If stubbles are plowed out by the latter part of August, the number of complete life cycles might be reduced by as many as three for the nematodes killed.

Any method that will throw the roots out of the ground and expose them to the sun and wind is satisfactory. A turning plow or middle buster type plow or a single disc plow properly tilted will do a good job of exposing the roots. A heavy bush and bog disc set for deep cutting will destroy the stalks and roots and open the soil.

Light discing is not effective. Whichever method you use, go over the field in several days with a smoothing harrow to roll the roots over and shake off as much dirt as possible. The stubbles should be left exposed for at least one week before seeding winter cover, or small grain.

# Armed Forces to Collect Wage Data in This Area

Nine firms in this area will be among those to be surveyed by the Army, Air Force and Navy to collect wage data. The survey is being undertaken to determine the prevailing rates paid hourly workers.

It will start the second week of September. Firms in the Morehead City area from whom data will be collected are Atlantic and East Carolina Railway, Carolina Power and Light, Carolina Telephone and Telegraph.

Lloyd A. Fry Roofing Co., Morehead City Yacht Basin, Seashore Transportation Co., Sunshine Laundry, Volney Felt Mills and White-Way Laundry.

# 4-Year-Old Recovers From Fall from Auto

Sammy Piner, 4-year-old son of Mr. and Mrs. Sammy Piner, Beaufort, has fully recovered from minor injuries he received several weeks ago when he fell from the back of a car.

His mother was driving along Highway 101 when the child opened the back door of the car and fell out. He was treated at Morehead City Hospital.

Limestone is the accumulation of skeletons of marine animals.

# Woodmen Will Discuss Jubilee, Pearsall Plan

Morehead City's Centennial Jubilee and the Pearsall Plan will be discussed at the meeting of Camp 183, Woodmen of the World at 7:30 Monday night at the Woodman Hall, Camp Glenn.

Lodge officials said that a large number of members attend. Refreshments will be served.

# Carteret Leads In Shrimp Catch

Carteret County led all North Carolina counties in shrimp catches during June. Pounds landed totaled 158,668, according to the Fish and Wildlife Service.

Top county in total fish landed, however, was Brunswick with 19,724,986 pounds. Carteret was second with 15,432,659 pounds.

Menhaden accounted for 91 per cent of the total catch of 36.8 million pounds for the month. Only Brunswick and Carteret counties reported catches of menhaden.

The 36.8 million pounds of fish and shellfish caught during June compared with 24.3 million pounds during the corresponding month of last year. This 51 per cent gain was primarily due to greatly increased catches of menhaden. As expected, the menhaden catch during June 1956 was large (34.7 million pounds).

Menhaden production was 77 per cent greater than in June 1955. These fish, however, were of small size and yielded relatively little oil.

Shrimping operations continued at low levels during the month. Channel netters, who usually have their greatest success during June, found very few shrimp available. Most of the shrimp that were taken ran from 40 to 50 count (heads on).

Landings during the first half of 1956 amounted to 94.3 million pounds—71 per cent of which consisted of menhaden. Other species of importance during the six-month period of 1956 were alewives, hard crabs, croaker, and king whiting.

# Quarter Inch Of Rain Falls

A quarter of an inch of rain was recorded by E. Stamey Davis, weather observer, during the past week. On Wednesday morning between 4:30 and 5:30, about .27 inches fell.

Maximum and minimum temperatures and wind directions follow:

	Max.	Min.	Wind
Thursday	82	67	NNE
Friday	85	67	SW
Saturday	83	73	ESE
Sunday	87	72	SW
Monday	87	76	SW
Tuesday	83	77	SW
Wednesday	86	72	SW

# Cars Collide On Causeway

Two cars collided on the Beaufort-Morehead City causeway Monday. Mrs. Pearl E. Ebron, Crab Point, driving a 1954 Chevrolet, was attempting to pass a car when Guion Smith, Beaufort, driving a 1949 Plymouth, attempted to pass her.

State Highway Patrolman W. J. Smith Jr. said that the right side of the Smith car hit the left side of the Ebron auto. Both were headed toward Morehead City.

Damage to the Plymouth was slight and damage to the Chevrolet was estimated at \$150. No one was hurt. No charges were filed.

# County School Head Addresses Rotarians

Harvey Joslyn, county superintendent of schools, spoke to the Beaufort Rotary Club at their weekly meeting Tuesday night. His subject was club service. Mr. Joslyn is a member of the Morehead City Rotary Club.

Visiting Rotarians, all of Morehead City, were Buck Matthews Jr., Tommy Noe, Bud Dixon, and Bernard Leary.

Rotarian E. W. Downum will present the next program.

News from SMYRNA

## WITH THE 4-H'ERS

By FRED KNOTT  
Assistant County Agent

Mrs. Floy Garner and I have been contacting the school principals in our county in reference to scheduling times for 4-H club meetings in their schools. We are very appreciative of the fine cooperation we have received thus far.

Our principals are very busy at present and many of them are making their schedule for the coming year even tighter, by including 4-H in the school activities. It is up to the members of the various 4-H clubs to convince our school personnel that they have made a wise decision and one of the best ways to do this is to turn in a large number of completed record books this fall and then take an active part in all other 4-H activities.

The 4-H club, as any other organization will be as great as you, the members, aspire to make it.

Some of you 4-H'ers should be thinking about our county fair which will be staged in October, and plan to have an exhibit there. This office will soon have a list of premiums to be offered on various exhibits which I feel sure will be very rewarding.

## Legal Notices

### NOTICE OF SERVICE BY PUBLICATION

North Carolina, Carteret County.

In the Superior Court  
C. T. Cannon, T/A Newport Tractor and Equipment Company, Plaintiff

vs.

R. P. Chambers and Wife,  
C. M. Chambers, Defendants

The defendants above named, and each of them, will take notice that an action as entitled above, has been commenced against them in the Superior Court of Carteret County, North Carolina; that the purpose of said action is to collect a debt under foreclosure of deed of trust for security on real estate in Carteret County, executed by them in favor of C. T. Cannon, T/A Newport Tractor and Equipment Company; and the said defendants will further take notice that they are required to appear at the office of the Clerk of Superior Court of said County, and answer or demur to said Complaint, within thirty (30) days after the completion of Notice of Service by Publication, or the plaintiff will appeal to the Court for the relief sought in said Complaint.

This 9th day of August, 1956.  
A. H. James  
Clerk Superior Court  
of Carteret County

## Chamber Announces Sale Of Beaufort Photo Scenes

The Beaufort Chamber of Commerce has announced that photo post cards bearing scenes of Beaufort and surrounding areas are now on sale by Beaufort post card dealers.

The project was originated by Clarence Guthrie and was completed through the cooperation of Roy Eubanks, Beaufort photographer.
