# Principals Report on School Programs in Civil Defense Board

(Continued from Page 1)

A. B. Cooper and Jack Savage, Civil Defense director, relative to identifying property owners on the beach during hurricanes.

Mayor Cooper said that red stickers have been prepared for beach property owners so that during a storm or other type disaster, guards at the beach bridge will readily be able to identify those who have reason for being on the beach.

The town board commended Chief Moore for his report. The chief assumed his duties last month.

Mayor Cooper read a letter from Edwin Pate, resident of the Ocean Ridge area. Mr. Pate informed the board that residents in his area were making inquiry as to the advisability of constructing groins outward from the beach in front of their homes.

**Codification Discussed**

Wiley Taylor, Beaufort attorney, who has been contacted relative to codifying town ordinances, appeared before the board. Mr. Taylor said that ordinances should be put in legal language, ordinances should be adopted that are not now on the town books and some which have been passed should be clarified.

He proposed cross-indexing of the ordinances so that they would be readily accessible.

The board decided that Mr. Taylor should be paid \$300 for the work, plus cost of the ordinance book if the League of Municipalities could not do the work at substantially less cost.

Mrs. Russell Hollowell, Atlantic Beach, appeared before the board and made requests relative to street lights and street repair. A. B. Bass, beach resident, made further inquiry about a wall the town has asked him to move.

**Phone Rates**

Commissioner Shelby Freeman reported that he had written Sam Worthington, state utilities commissioner, relative to the "excessive" phone rates for Atlantic Beach.

Commissioner Freeman said that a Carolina Telephone and Telegraph Co. official is scheduled to call on him soon to discuss the matter. The town official said that Atlantic Beach phone service runs about \$4 higher than Morehead City rates.

Commissioner Lanier asked Mayor Cooper for clarification of ownership of beach waterfront property in town. Mayor Cooper said that he and his family own the property between the high water mark and the town board walk, but the deed specifies that the area be dedicated to public use for a hundred years.

Commissioner Lanier was requested to invite Tom Rivers, engineer, to the next board meeting to confer about a bill Rivers claims to have introduced.

H. M. Eure, clerk, gave a financial report. Taxes collected during June totaled \$4,435.31 and during July and August \$3,206.88. Being held in reserve for drainage work is \$6,688.24 from storm reimbursement funds and owing T. A. Lovell, contractor, is \$7,500 in payment for seawall constructed across street-ends at the waterfront.

Commissioner Lanier said that the federal government hopes to pay towns the remaining 10 per cent due on storm repair work by the end of this month.

The next meeting of the board will be in December. Attending the meeting, in addition to those mentioned were Commissioners L. T. White and W. C. Whitehurst.

# Budget Commission Gets Requests for State Ports

Raleigh (AP) — The Advisory Budget Commission received requests Thursday for permanent improvements totaling \$5,335,236 for the state ports at Wilmington and Morehead City.

Col. Richard S. Marr, director of the State Ports Authority, told the commission that the new facilities are "an absolute necessity if we are to continue our growth."

Colonel Marr said "numerous ships" were turned away from the ports last year because of lack of dock and shed space. Of the requests, more than 3 1/2 million would be for the Wilmington port for a 1,100-foot dock extension, transit shed and road and railroad construction.

The request included one million for warehouses, railroad and road construction at Morehead City, and \$100,000 for a new water tank at Morehead City.

Other items requested for Wilmington included \$200,000 to renovate a building for warehouse space, \$160,000 for a crane, and \$50,000 for land purchase.

# Legion Post 46 Has 220 Members

J. B. Rice, commander of Morehead American Legion Post No. 46, announced this week that the post has 220 members, eight more than its membership quota. This doesn't mean that the Legionnaires are ready to slow up, however. William E. Wade, he says, is responsible for 184 members on Legion rolls. The post is hoping for 250 members.

Other members are out to equal Mr. Wade's record. The only trick to getting members into the Legion, Mr. Wade says, is to find persons who are eligible to join.

In order to become a member a man must have served in the armed forces of the United States during one of the following periods: April 6, 1917 to Nov. 11, 1918, Dec. 7, 1941 to Sept. 2, 1945; or June 25, 1950 to July 27, 1953.

Veterans Administration figures show that there are 20,387,000 veterans who can qualify. The dues are \$4 a year. With the dues, the Legion maintains service for the sick and disabled in hospitals.

They also support such programs as care for needy children, junior baseball, boys' state, boy scout troops, oratorical contests, adequate national defense, and community service, says Mr. Rice.

He also says that the Legion hut is being remodeled and should be ready for social functions soon. The hut is located behind the Rex Restaurant west of Morehead City.
