Church Bazaar Will Begin Wednesday Afternoon at 2

The two Women's Auxiliary Chapters and Laymen of St. Andrew's Episcopal Church will have their annual Christmas bazaar Wednesday from 2 p.m. until 9 p.m., at the recreation building, Morehead City, with the public invited.

Bazaar chairman, Mrs. George Wallace, Mrs. E. H. Swann, and Mrs. W. W. Patrick, believe this year's event will be the "most successful yet" because of the large assortment of beautiful and useful gifts to be offered with prices ranging from 25 cents up.

The handmade selections include

stuffed toys, jewelry, Christmas decorations, linens, aprons, doll clothes, two lovely dolls complete with wardrobes, baked goods and a Grandma's Pantry of canned goods. Many of the gifts are now on display in Blanchard's window.

In planning the bazaar, the committees have aimed carefully toward combining Christmas shopping and family entertainment. For the first time there will be a Children's Booth featuring games, a grab bag and used books and toys for the youngsters to buy.

Another bazaar "first" is this year's antiques and fine arts room, displaying interesting and historical articles owned by Carteret citizens. Admission to tour the room will be 25 cents.

The articles are to be covered by insurance and police protection, and anyone wishing to display an object should contact Mrs. George Eastman or Mrs. Robert Lowe.

For shopping convenience and enjoyment a supper will be served from 5 p.m. to 7 p.m. Mrs. Remelda Shepard, supper chairman, has announced that the supper is to be served buffet style.

Supper tickets are one dollar for adults, 50 cents for children. Advance tickets can be purchased from any auxiliary member or church laymen or by calling Mrs. O. H. Johnson or Mrs. H. H. Stiles.

Emeritus Club Plans Yule Party

Members of the Emeritus Club will entertain their wives at a Christmas dinner party Monday, Dec. 17, at Fleming's Restaurant, Atlantic Beach.

Appointed to plan the affair when the Emeritus Club met Monday night at the civic center were Dr. E. P. Spence, Morehead City, U. E. Swann and G. W. Huntley, both of Beaufort.

N. L. Walker commented on establishment of a municipal park on property owned by the state at Camp Glenn, which is now being used by the Department of Conservation and Development.

C. B. Wade spoke on providing a parking space at Fort Macon where both the sound and the ocean can be viewed.

T. B. Sage, acting as secretary in the absence of C. Arthur Stone, read excerpts from the Winston-Salem Chamber of Commerce's report on North Carolina's tax schedule.

Honorary members of the club were re-elected.

Jaycees See Convention Film

Mike Morrow, Wilmington, new national Jaycee director, showed a color movie of the 1956 Jaycee convention, Kansas City, at the Morehead City Jaycee meeting Monday night at Hotel Fort Macon. Mr. Morrow was elected last weekend at the quarterly board meeting in Winston-Salem.

Five of the Morehead City Jaycees attended the board meeting. They were Bob Davis, Tim McCarthy, L. G. Dunn, P. H. Geer, Jr., and Herbert Phillips. Mrs. Corrine Geer and Mrs. Frances Phillips accompanied their husbands on the trip.

There were about 750 Jaycees and their wives at the meeting. Mr. Phillips said. They were treated to the Duke-Wake Forest football game, a party, dance, banquet, tour of Wake Forest, buffet luncheon, and a fashion show for the ladies.

Fish Plant

(Continued from Page 1)

Here the factory workers are served good meals so they don't have to ride to town or bring their own lunches.

The North Carolina plant is a totally owned subsidiary of Standard Products Co., White Stone, Va. Other plants owned by Standard Products, a Humphries family corporation, are located at White Stone and Reedville, Va., and at Moss Point, Miss.

Each plant has its own warehouse and ships direct to customers. Shipments are made by barge, truck, and rail.

The Humphries Marine Railway, Weems, Va., is another enterprise of the corporation. The corporation was founded 29 years ago by H. R. Humphries Sr. and is now under the direction of two of his sons, H. R. Humphries Jr., president, and H. F. Humphries, vice-president.

H. N. Brown, manager of the White Stone plant, is in charge of the installation of new machinery at the Lennoxville Road factory which was purchased early in the summer from the Mathison Co. of Washington, N. C.

Morehead City firemen answered their third alarm in three days Wednesday morning when they were called to 2105 Arendell St., the residence of Taylor Nelson. The fire was not serious. Firemen said it originated in a bad electrical connection.

AAUW to Sponsor Second Art Class

In two weeks the American Association of University Women will sponsor the second class in its art course. The course is taught by Mrs. Harry Venters, Crab Point, who has a degree in fine arts, University of Georgia.

The first class was conducted Saturday at the home of Mrs. Virginia Brown, Mansfield Park. Nine persons attended. Velvet painting, work in plaster and crayon etchings were taught.

Each student pays a fee of 25 cents per class. The money goes into the AAUW fellowship fund.

Farmers, Extension Personnel Study County Farm Problems

Nov. 19 — Ocracoke PTA met this evening in regular session. Renovation of the school swings was approved as an immediate project; likewise the purchase of balls and bats for the playground. Dictionaries were authorized in addition to those already owned by the school, for high school use.

Provision was made for adding towels to the kitchenette equipment. Treasurer Esham reported a net profit of \$137.01 on the well-patronized PTA Carnival of last Friday night. After the regular meeting, ice cream and cookies were served by Ruth Brooks, Lucille Garrish, Ruby Garrish, Nora Gaskill, Daisy Gaskill and Martha Jane Gaskins.

Circle One of the Women's Society of the Methodist Church will hold a Bazaar and Food Sale Dec. 1 in the Church Recreation Hall.

Quite a number of relatives and friends plan to visit over the Thanksgiving holidays. Mrs. Helen Barksdale and Susan Barksdale of Greensboro will open their cottage. Claude Howell of Wilmington plans to visit at Sound Front Inn.

Rapid progress is being made on construction of the Ocracoke Island road. Another barje-load of equipment, with additional workmen, was added today to that already on hand. The work is being done by Dickerson, Inc., of Charlotte.

Mrs. Lena Bragg has returned from a visit with her daughter, Mrs. Roy Council, of Washington, D. C.

Irving Forbes is back from a visit to the Veterans Hospital at Durham.

Mrs. Joyce Mayo and her brother, Ronnie Howard, are leaving tomorrow for Baltimore.

A group of sportsmen from Suffolk, Conn., made their first trip to Ocracoke this past weekend, hunting. They flew from Connecticut to Manteo, thence to Ocracoke. Having had moderate luck, they expressed the hope of returning early in January. They were D. K. Wagner, Merle Alcorn, B. K. Caffie, Hunt St. John, and Charles Gardner.

Charlie Ahman left on Sunday to visit his brother in Charlottesville, Va.

Ocracoke School will be closed Thursday and Friday for the Thanksgiving holidays.

The Rev. and Mrs. W. R. Hale are away from the island, Mr. Hale conducting evangelistic meetings on the mainland.

Mrs. R. S. Wahab is spending the holidays with her father, J. N. Edwards, at Belhaven.

Problems confronting Carteret farmers and homemakers were the subject of three "program projection" meetings sponsored recently by county extension personnel.

The problems enumerated at the meetings included: small farms, inadequate marketing facilities, a reduction in major crop acreage, low nutritional standards.

Poor farm record keeping system and lack of knowledge on social security and taxation, inadequate labor, poor quality labor, inadequate housing for laborers.

Lack of sufficient information from tobacco companies regarding varieties, quality, and other requirements in connection with tobacco production.

Inadequate control of insects and plant disease, inefficient farm and home management practices, lack of livestock parasite control and poor feeding practices.

Insufficient volume on curb market and inadequate number of roadside markets, and lack of community organization.

Among suggestions for solving problems, one stood out in particular: the addition of an extension worker to the home agent's office. The present staff is unable to do the many tasks required.

Other suggestions included investigation of a more thorough educational program in record keeping on 4-H and adult levels; a more extensive educational program on insect and disease control provided through extension service.

A more extensive educational program on better feeding practices and parasite control for livestock provided by extension service.

Encourage the enlargement of the small-size farm where practical. Encourage more industry to take care of small farm needs.

FURNACE HEAT

No costly pipes or registers to install or clean!

Siegler PATENTED AUTOMATIC OIL HEATERS

Siegler is not a space heater that wastes heat up the chimney and on the ceiling forcing you to live in one or two rooms.

Siegler is not a central heating plant with expensive installations—

SIEGLER is a revolutionary method of WARM FLOOR HEATING in every room!

JUST LIKE A FURNACE... BUT WITHOUT COSTLY, DIRT COLLECTING PIPES AND REGISTERS!

A FURNACE JOB OF HEATING FOR THE PRICE OF A HEATER!

Beaufort Chamber Sends Brochures To Italian Pupils

The Beaufort Chamber of Commerce has just sent 1,000 copies of the chamber's brochure on Beaufort and Carteret County to Italy says Mrs. Pat Russell, chamber secretary.

The request for information came from the Italian Embassy in Washington through Mayor Clifford Lewis's office.

The brochure will be distributed to schools in Italy by UNICEF and will be used in a series of studies designed to acquaint the Italian students in a more personal way with some of the towns in America.

Canada's province of Ontario is 1,050 miles long and 1,000 miles wide.

TWO GIRLS, A CHEVY AND A RECORD!

A meaningful achievement in automobile performance

Most automobile performance records are pretty difficult to relate to the kind of day-in, day-out driving most of us do. Running at safe and legal speeds, a '57 Chevrolet recently chalked up an important new coast-to-coast record on the road. And the way it set this record is even more important than the record itself!

A new '57 Chevrolet recently proved it has the qualities most people look for in a car—and proved it on the roads you travel. It set a new record of less than 57 hours for the run from New York to Los Angeles (certified by NASCAR). It was a strictly stock, V8-powered Chevy. It was driven by two young ladies.

When you consider that all the driving was done by 98-pound Betty Skelton and her friend Caroline Russ, the true significance of this record run becomes apparent. It's a tribute to Chevrolet's great-hearted V8 engine and solid road-worthiness that it could travel day and night for 2,913 miles at safe and legal speeds—and better the existing record for the trip by more than three hours. And when a pair of young ladies step into a car and drive it round the clock to a new transcontinental record, you know that car is easy to drive. Come try a Chevy.
