(Continued from Page 1)

Thompson paid half costs for driving with expired license plates.

Forfeited Bonds

Bonds were forfeited by John Parmley Jr., improper use of dealer's plates; Liston Larry Lawrence, improper passing; Lester Eugene Babbitt and Theodore Phillips Jr., speeding; Walter Nevi Morton and Bert Thomas Walker, improper muffler.

Manuel Harvey Hedges and Warren Thomas Brown, speeding; Wiley Walter Snow, expired license; Charles F. Lockwood, expired license plates; Howard Watkins, expired chauffeur's license; Bernard Loran Avinger, driving on the wrong side of the road; and James Marion Hoff, improper operator's license.

Guy Avery forfeited two bonds. The first offense was public drunkenness, assault, and carrying a concealed weapon. The second was for drunkenness and assault.

Judge Morris dismissed three cases. The defendants were Eddie Fisher, trespassing and larceny; Harry McDaniel, assault; and John Wesley Grady, careless and reckless driving.

Continued Cases

The following cases were continued: Irvin Willis, Ralph B. Lockett, Deway Willis, Duncan Warren, Bennie Murray, Joseph Lewis, Robert A. Beck, Clyde Merrill, Alex Graham Smith, Warren Henry McNeil, Mack Lane

Deadline for New License Tags Set

The 1957 North Carolina license plates will go on sale at the 80 Carolina Motor club offices throughout the state and at the Department of Motor Vehicles in Raleigh on January 2. These licenses must be displayed on all motor vehicles not later than midnight, February 15.

No special license plate number for 1957 will be reserved for anyone, according to a ruling of the Department of Motor Vehicles. The plates are black with yellow numbers and bear the slogan, "Drive Safely." They measure six by twelve inches. The numbering system will include one or two letters of the alphabet as prefixes for passenger cars and suffixes for numbers will not have more than four digits.

Motorists are being urged to obtain their new license plates as early as possible beginning Jan. 2 to avoid the inevitable and time-consuming last-minute rush.

Myrna Willis Wins Title, Elvis Presley of County

Photo by Bob Seymour

Miss Sabra Eubanks pleads with her friends to stay off her Blue Suede Shoes. She won third place, an album of Elvis Presley records, for her pantomime in the Elvis Presley contest. The contest was conducted by O. J. Morrow, manager of the Morehead Theatre.

Myrna Willis, Salter Path, proved that it pays to look like Elvis Presley (even if you are a girl) at the Morehead Theatre Friday night. A near-capacity crowd roared approval as she walked on the stage to do a pantomime to Elvis' recording Hound Dog.

Beside having the looks, Myrna managed to go through the required contortions and expressions with a foot-stomping ease that left her male competition in the dust.

In addition to the honor and county-wide fame connected with the title, Myrna was presented a \$25 savings bond by O. J. Morrow, manager of the theatre.

Only performer of the night who drew more applause was Elvis himself, when he appeared on a brief film — upside down!

Walt Nieme, who acted as master of ceremonies and judge of applause, introduced 13 contestants.

Kenny Brown, Newport, was second in the voting on the strength of his ability to sound like Elvis.

Kenny, who is a seasoned radio and TV entertainer at 15, played and sang "I Forgot to Remember and Blue Suede Shoes." He won the life-size picture of Elvis, and said that he would give it to his sister, an Elvis Presley fan.

Robert Humber Will Discuss World Unity

Robert Lee Humber will make his 18th annual report on the World Federation Movement to Carteret Countians Thursday, Dec. 27, at the First Baptist Church, Beaufort.

Mr. Humber called a group of his friends and neighbors to his home on Davis Island Dec. 27.

Robert Humber ... to give report

1940, and they heard the first public exposition of his principals of world government.

Ninety days later his principals were embodied in a resolution entitled A Declaration of the Federation of the World, which passed the North Carolina Legislature with almost complete unanimity.

It committed the people of the state as believing that they should be subject to three jurisdictions: North Carolina, the United States Government, and a world government.

Since that time Mr. Humber has travelled extensively explaining his program of world government. Despite his wide travels, Mr. Humber has always made it a point to be in Carteret County on the anniversaries of his first exposition of world government.

Mr. Humber is a graduate of Wake Forest and was its first Phi Beta Kappa graduate. He received his masters degree from Harvard, and studied in Europe as a Rhodes Scholar. He is a noted international lawyer.

Service Separates Twin Careers of Twin Doctors

Hudsonville, Mich. (AP) — The parallel careers of twin physicians have diverged slightly now that the two have joined the armed forces. Dr. Robert D. Visscher is in the Navy. His twin, Dr. Harrison C. Visscher, is in the Army.

Both were noted athletes and scholars in high school and college; they attended medical school together and each married his college sweetheart. They each have one child. And both entered private practice as associates of other physicians prior to going into service.

Cattlemen-Politician Goes Back to School

Laramie, Wyo. (AP) — A former speaker of the Wyoming house of representatives and unsuccessful candidate for the Republican nomination for two years is a college boy again.

State Sen. Frank Mockler of Dubois has turned over his large cattle ranch to his son and has enrolled at the University of Wyoming law school.

Fire Chief Releases Newport Fire Report

According to B. T. Smith Jr., Newport fire chief, Newport firemen went to less than half the number of fires in 1956 than they did in 1955. From December 10, 1955, through December 7, this year the Department had 20 alarms. Of these seven were in town, nine were rural, and four were mutual aid requests. Three mutual aid requests came from the Morehead City Fire Department and one from the Cherry Point Fire Department.

There was no fire loss in town. Six of the in-town alarms were grass fires, and the other an overheated electric motor in a gasoline pump.

Nine Rural Alarms The nine rural alarms consisted of three grass fires, three tobacco barns, and three houses. Losses on the tobacco barns were \$6500.00 with \$7500.00 saved, and losses on the houses amounted to \$800.00 with \$13,000.00 saved.

The mutual aid calls involved the Morehead City theatre fire, and two rural alarms. The damage on the rural alarms was estimated at \$8,000.00. The Newport and Morehead City Departments were called to standby during a fire at Cherry Point in January.

Monthly Drills Training was conducted at monthly drills. Two firemen attended N. C. State Fire College at Charlotte during May. The Department assisted Morehead City and Beaufort firemen in sponsoring the second county fire school during June.

Monthly school drills were held. The Department had J. C. Robertson, a nationally known fire inspector, to completely inspect the school building. The three hour inspection revealed many deficiencies. These deficiencies were called to the attention of school officials.

The Department had two major money raising projects. One project involved selling light bulbs during Fire Prevention week. The other project was the sponsoring of the Carolina Parners. The Department made over \$300.00 on the two projects.

Finer Carolina Contest Again this year the Department took a very active part in the Finer Carolina Contest. The Department chose as its project: Improving Fire Protection in the Newport Community. With the cooperation of various officials the Department obtained the 1200 gallon water tanker. Over 200 man hours were donated by firemen in putting the tanker into service at a cost of about \$50.00.

Firemen have long realized the need for additional water at rural

ed an additional garage to house the tanker. This new construction was at no cost to the town. The Fire Department laid an additional 2640 feet of 6" water main complete with 4 hydrants and the necessary valves, tees, and connections. The town paid for the materials. Firemen furnished the labor or solicited voluntary donations with which to hire labor.

Most Important The most important project was the vote on the \$120,000 bond issue for completion of the water system and the erection of a 100,000
