

# Bridge Winners Announced; New Game Opens Tomorrow

Once again local bridge players held their own over out-of-town competition in last weekend's bridge tournament at the Atlantic Beach Hotel. Winners received master points.

Mrs. Floyd Chadwick and Dorsey Martin of Carteret were north-south winners over Mrs. Aaron Harris and B. B. Reynolds of Wilmington. Third and fourth places were tied, Dr. and Mrs. Charles Duffy, New Bern, with Mrs. D. J. Lewis and Mrs. George Bisette, both of New Bern.

Jan. 23—The members of the WSCS of the Methodist Church of Cedar Island met at the home of Mr. and Mrs. Arlie Daniels Friday night, Jan. 18, for their regular meeting.

Other north-south players were Mrs. H. L. Smith and Lt. Col. N. Morgenthal, Camp Lejeune. Mrs. Maerz and Mrs. Rothfair Dean of Cherry Point, Major and Mrs. Wayne Hoereth of Camp Lejeune.

After the business session a devotional program was given, which was enjoyed by all the members. Being it was Mrs. Daniel's birthday, a party was then given by her daughter, Mrs. Royce Emory. The guests assembled in the dining room, where the table was beautifully set.

East-west winners were first, B. J. Warshawer and Joe Levine of Wilmington; second, Leon Powell and Al Dewey of Carteret County; third, Mr. and Mrs. Floyd Sutherland, New River; and fourth, Mrs. Julia Tenney and Mrs. Don Martin, Carteret.

A large cake was the center of attraction. The guests were served cake, candy and coffee.

Other east-west players were Cdr. and Mrs. J. Rentz, Camp Lejeune; Mrs. G. L. Mattocks and Judge Harvey Boney, Jacksonville; Mrs. Ann Price and Mrs. H. M. Lee, Jacksonville and Camp Lejeune.

Two of Mrs. Daniel's children were at home for the party, A/1c Ralph Neil Daniels and Mrs. Royce Emory.

## Most Students Pass Exams; Council Presents Program

By FANNIE L. MAY  
Ninety-eight per cent of the high school students at KHIS passed their semester exams successfully, and what a relief it is. I know because I'm one of those 98 per cent.

half do, strive for one hundred in everything.

Now the seniors have one foot in college, the juniors one foot in the senior class, the sophomores one foot in the junior class, the freshmen one foot in the sophomore class and the eighth grade one foot in high school.

"Whatever we get nowadays, even though the opportunities are offered us, we have to take advantage of them. Yes we are blessed, blessed with opportunities, opportunities that will not just fall in our laps, the world owes us nothing, therefore it will not give us anything.

As of Monday Jan. 21, we will have completed four and one-half months of the nine months that we are supposed to attend school, and what a relief.

"Whatever we get we'll have to suffer the consequences. God gave us all talent, talent that must be used to gain more talent. Don't bury your talent, use it, use it to your best advantage. We have reached the half way mark in school although maybe some of us didn't pass some of our examinations we are being offered the opportunity.

The president, Henry B. Pickett Jr. and vice-president, Fannie L. May, of the KHIS Student Council produced an interesting program Friday in regular assembly. The devotional portion and announcements were carried out by Fannie L. May, and Henry B. Pickett Jr. made this speech: "Ninety-nine and one-half shouldn't do."

"Whether your capacity may be 70, 80, 50 or 60, don't let ninety-nine and one-half do strive for one hundred.

"For the past three days we have been taking semester exams to determine our grade standards for the first half of our school year, to determine whether or not we have been grasping the things that our teachers have been teaching us for a period of one-half of our school year. Some of us have been playing, trying to fool the teachers when we were only fooling ourselves.

Miss Senior Superior  
"See what a loud cry of arrival Herminia Louise Murray made when she came zooming into the world on Dec. 12, 1938. She was born to Mr. and Mrs. Ailen Murray Sr. of Beaufort and now resides with Mrs. Rachel Bell.

"Some of us made perfect scores on our exams, some of us were not as lucky, and came up with 70 or 80, but still happy because we had reached our goal, which was to pass our examinations for the first half of our school year.

She stands 5 ft. 7 in. tall, has brown hair, brown eyes and weighs 115 lbs. Her plans for the future are to be a seamstress. Favorite pastime: being inquisitive and gossiping with Henrietta Walker and Vivian Henderson. Her favorites include: subject—typing, teacher—Mrs. S. S. Bryant, sport—basketball, music—pop, song—Since I Met You Baby, singer—Fats Domino, colors—blue and white, food—ham, friend—Carl Wilson, club—Charm, actor—Jeff Chandler, actress—Ida Lupino.

"Perhaps some of us are satisfied with the marks that we made, although they were not the best that we could do. We shouldn't be satisfied with what we have done, I think that all of us could do better. We do not all have the same amount of intelligence, and no one expects us to do as well as the next person when they know that you are not capable of doing so, but you can do your best.

Mr. Senior Superior  
The tide that rolls over and over in the ocean sweeps another fish onto the shore. Its our Mr. Senior Superior feature this week. Alexander Jones, the son of Mr. Henry Jones of route 1, Box 22, Crab Point.

"When you have done your best, and know that it is your best then you can say 'I have done my best.' Always remember that a quitter never wins and a winner never quits, always aim for the higher things in life and if you don't succeed try, try again.

He stands 5 ft. 6 in. tall, weighs 135 lb., has black hair and brown eyes. He has driven a school bus for several years and continues to see that the KHIS students reach school safely. Favorite pastime: Listening to records. Motto: God helps those who help themselves. His favorites include: food—french fries and steak, colors—grey and blue, sport—basketball, music—pop, friend—Alfie Tootle, singer—Laverne Baker and song—Still.

"To you who haven't put everything that you have in school ask yourselves, what good is it to spend all these long hours in school, these precious years of our lives, the best years of our lives, while away our time doing nothing, while our mothers and fathers are doing more than their share to see that we get a chance to get an education and how do we repay them?

"Yes we have life at its best but do we appreciate it? No! We don't appreciate what our parents are doing for us. We show it by the way we use our time at school. Do you use yours wisely? We shouldn't let ninety-nine and one-half do, strive for one hundred.

"We have lots of evidence as to why we shouldn't let ninety-nine and one-half do. Take some of the boys you see standing idle on street corners, when they should be in school. They are lamenting their chances to become a success in life because they aren't taking advantage of the greatest opportunity being offered and that is a chance to get an education. We shouldn't let ninety-nine and one-

half do, strive for one hundred in everything.

"We have it easy now; all we have to do is to get up in the morning and come to school where we find it nice and comfortable. We no longer have to go home in the cold to get our lunches; we eat in the cafeteria with the money supplied by our mothers and fathers.

"We have life at its best but do we appreciate it? No! We don't appreciate what our parents are doing for us. We show it by the way we use our time at school. Do you use yours wisely? We shouldn't let ninety-nine and one-half do, strive for one hundred.

"We have lots of evidence as to why we shouldn't let ninety-nine and one-

## J. C. Steele Joins Force

J. C. Steele has been appointed to the Morehead City Police Department, replacing Patrolman Walter Thomas. Mr. Steele completed the Greensboro Police Department's training program in 1942 and served on the force there for about a year.

Since coming to Morehead City in 1951 he has been employed by White's Ice Cream and Milk Co. Mr. Steele is married to the former Miss Katherine Smith, daughter of Mr. and Mrs. Charlie Smith of Morehead City.

Mr. and Mrs. Steele have two daughters, Brancie Eugenia, 3, and Sara Katherine, 4 months. They live at 1303 Shepard St.

There are approximately 1,500 irrigation systems in operation in North Carolina today, compared with 30 such systems 10 years ago.

## TB Officials Discuss Program

Miss Lillian Wilson, field representative with the North Carolina Tuberculosis Association, met recently with Mrs. W. I. Loftin and Stanley Woodland, officials of the Carteret County Tuberculosis Association.

They discussed plans for the annual meeting of the association in May. The local chapter, Mrs. Loftin said, plans to cooperate with the county health department in equipping the X-ray room in the new health center.

Mrs. Loftin, chairman of the recent TB Christmas seal sale, said that money collected in the campaign will be used for that purpose.

The population of North Carolina is 99.6 per cent native born, ranking third in the United States in this respect.
