

Plaintiffs in Water Case Appeal to High Court

Newport residents hoping to prevent installation of a town-wide water system have appealed to the State Supreme Court.

At the Newport town board meeting Tuesday night at the town hall George Ball, town attorney, said that the plaintiffs gave notice of appeal Jan. 29.

The appeal followed a second ruling by a superior court judge that the complaint set forth no grounds for action. Seventeen Newport citizens are contesting the right of the town to install a water system, alleging that there were irregularities in the referendum which gave the town the right to borrow \$120,000.

\$300 Paid

Water Commissioner B. R. Garner reported that approximately \$300 was collected by the water clerk, Ira Jones, last month.

He said one resident near the

water tower thought there was too much chlorine in the water. Mayor Leon Mann suggested that the water be tested at the home in question.

Commissioner Garner said that more people tapping on to the system would help the situation. He remarked that there was no "circulation" because all the water lines dead-end.

Mayor Mann quipped, "The only circulation is between our lawyer and theirs." (Representing the 17 protesting citizens in the water fight is C. R. Wheatly, Beaufort.)

At the request of Commissioner J. M. Cox, the board passed an ordinance to prevent insanitary livestock pens or hen houses from being located within 200 yards of any dwelling.

Police Commissioner Wilbur Garner said that the police chief, Dan Bell, told him the town could have a police office for \$10 a month, the office also to be used by the State Highway Patrol.

Town Hall Offered

The board said that the chief and highway patrolmen would be welcome to use the town hall if they need an office. A phone, desk and filing cabinets are available in the town hall.

The board authorized the return of taxes to a resident whose property is located outside the town limits but who paid taxes last year to the town of Newport.

The clerk, Miss Edith Lockey, reported that 250 gallons of gas were used from the town pump last month. Cost to the town is 25.6 cents a gallon.

Funds on hand Feb. 1 totaled \$4,243.81. Bills totaling about \$900 were ordered paid.

Attending the meeting, in addition to those mentioned, was Commissioner H. C. Gurganus, who served colas. Commissioner Garner supplied the candy.

Prize Winner To Receive Tire

A recapped tire will be the door prize at the Business and Professional Women's Club bridge party at 7:30 next Friday night, Feb. 15, at the American Legion Building, Beaufort. Persons buying tickets need not be present to win. A tire to fit the winner's car will be given.

Prizes for players include grease jobs, crate of soft drinks, blanket, passes to theatres, cartons of cigarettes and numerous others. Mrs. C. L. Beam and Mrs. Floyd Chadwick, bridge party chairmen, report that everyone will win a prize.

In addition to table prizes, card bingo will be played until each player wins. Free refreshments, sandwiches, cake and coffee, will be served. Tickets, at a dollar each, may be obtained from club members or reservations may be made by phoning Mrs. Beam, 2-4501, or Mrs. Chadwick, 6-4431.

Six Cases Tried In Recorder's Court Monday

Only 11 cases were on the docket at Morehead City recorder's court Monday, and four of them were continued. Of the seven remaining cases, six were heard because J. E. Morris requested a jury trial on a drunken driving charge.

Roland Adair Small paid \$200 and costs for his second offense of driving drunk. He was also ordered to pay Dr. Theodore Salter \$188.91 for damages to his car. Small received a six months' suspended sentence.

Carlton Pittman appealed a 30-day jail sentence to superior court. He had been convicted of public drunkenness. He posted a \$50 bond. Leonard N. Quillen paid \$25 and costs for careless and reckless driving. He was given a 10-day suspended sentence.

Patrick Henry McNamara paid court costs for public drunkenness, and a Clarence Ranson was continued indefinitely.

Pat Ann Lister showed that she had a valid driver's license when she was arrested, and the state did not prosecute.

Cases were continued against George M. Hall, David F. Range, Daniel B. Alford, and Willie Clifton Smith.

Court Clerk Reports On January Receipts

Total receipts received in the superior court office in January were \$5,236.98, reports A. H. James, clerk.

According to the report given the county board Monday, \$2,541.50 was received from Morehead City Recorder's Court; \$223.15 from county court, \$364.37 from superior court, and probate and clerk's fees amounted to \$107.96.

Last Chance!

CARTERET COMMUNITY THEATRE

I will be a theatre patron for the fiscal year Feb. 1, 1957-Jan. 31, 1958. Enclosed find check or money order for \$_____ Signed (please print or type):

Name: _____

Address: _____

(Mail this to Miss Lillian Frances Giddens, Theatre President, 205 N. 8th St., Morehead City, N. C.)

Have you returned this coupon with your patron membership check?

The Carteret Community Theatre is making its last call. Patron members thus far are T. Bartlett Sage, Morehead City, the Emeritus Club, and Mr. and Mrs. Skinner Chalk, Morehead City.

Patron membership entitles persons to attend the three plays given each season. They will be privileged to sit in the reserved

seat section and their names will be listed on the program as patrons.

New officers of the theatre will be elected at the meeting at 7:30 p.m. Wednesday night at the recreation building, Morehead City. They will take office in March.

Now in rehearsal is the play, Laura, which will be the first of three to be given in the theatre's 1957-58 fiscal year.

March of Dimes Collection Totals \$2,392.85 to Date

March of Dimes funds yesterday stood at \$2,392.85, Mrs. Clem Johnson, campaign treasurer, announced.

Mrs. Johnson said that some money pledged on the WITN Television has not yet come in. Persons who gave money through the TV program should send their checks to Mrs. Johnson, Box 651, Morehead City.

Business places which cooperated in the radio advertising program for the March of Dimes should also mail their checks to Mrs. Johnson.

School and kindergarten collections follow: Beaufort School \$542.74, Stella School \$8.15, Newport \$156.52, St. Egbert's \$12.57, Morehead City kindergarten \$4.85, Atlantic \$140.61, Queen Street \$77.49.

Harkers Island \$33.52, Morehead City \$200.97, Smyrna \$164.50, Salter Path \$8.31, W. S. King School \$31.89, and Camp Glenn \$228.70.

Contributions by the schools will be figured at the rate given per pupil and the school which has given the most, per capita, will present a record player to its polio pal.

The Newport Legion Auxiliary contributed \$5 to the campaign and the Morehead City Eastern Star \$10. Any other organizations wishing to contribute should mail checks to Mrs. Johnson.

Raised in the March of Dimes campaign last year was \$5,543.91. The figure quoted as the total in a story two weeks ago was just half the actual total, or the share retained by the county chapter.

All coin collector contributions have not yet been totaled.

The first commercial radio broadcast was made in 1922.

Jaycees Bring State Meeting To Morehead

By ERNEST L. CARLSON

The state Jaycee fourth quarterly board meeting has been scheduled for Morehead City April 27 and 28. This will provide a full weekend of business, politics, and fun for the Jaycees.

The program includes a get-acquainted party and dance along with the business meetings. Visitors are expected from throughout the state, and state officers will attend.

The selection of Morehead City as host city was announced at the third quarterly board meeting in Jacksonville last week. Morehead and Beaufort Jaycees cooperated on a shrimp and oyster party which renewed many friendships and reminded everyone of successful board meetings previously held in Morehead City.

Report Given

The third quarterly report was presented to Morehead Jaycees at their regular Monday meeting at Hotel Fort Macon. This report summarized progress by several committees on current projects.

The education committee is working on plans for a town meeting for all interested citizens to discuss methods of improving educational facilities and methods, according to Chairman Ken Fischer.

Bob Davis, Jaycee vice president is working with a Speak-Up Jaycee group and this program will soon be a part of regular Jaycee activities.

Driver training education has been adopted as a club project under Marion Mill's chairmanship. A formal resolution has been drafted by the club for presentation to representatives in the state legislature, endorsing increased license fees to defray the cost of instituting driver training education in the schools.

Lettering Approved

A project to letter the town name atop the high school in accordance with CAA specifications has been adopted and will soon be completed to serve as an aerial marker for aircraft navigation.

Projects which have been successfully completed include the 1956 football program, the Christmas program and lighting program, and the DSA banquet.

Charles Markley, Centennial chairman, addressed the group and defined projects which will be carried out by the Jaycees. He met with men who will serve as project chairmen and discussed their specific duties.

These chairmen are Bill Singleton, country music program; J. G. Bennett and L. G. Dunn, co-chairmen of the Centennial jubilee ball; Tim McCarthy, block party; and Dr. Bob Barnum, jubilee revue. The enthusiastic support of the Jaycees has been assured Mr. Markley.

Announces Sermon Topic

The Rev. Alvin G. Harris Jr., pastor of the First Presbyterian Church, announces that he will speak on "The Fight for Life at the 11 a.m. service Sunday. The scripture will be taken from 1 Timothy 6:3-21.

Engineer

(Continued from Page 1)

to build a high, high mountain. A challenge of more recent years was the sump-rehandler dredge, requiring an entirely new technique in operation and adding a milestone to the history of dredging.

Honored in 1955

In 1955 Captain Scarborough was named one of the 13 outstanding men in Delaware. Before his retirement last December he was given a testimonial dinner and received many commendations, including one from Maj. Gen. E. C. Itschner, Chief of Engineers, Washington, D. C. He was presented with a Browning Automatic shotgun and case, and with a unique coffee table made from a ship's wheel, for his Ocracoke home.

Mrs. Scarborough before her marriage in 1926 was Hilda Brimsfield, daughter of Mr. and Mrs. Walter E. Brimsfield of Philadelphia. They have a son, Neafie Jr., of Woodbury, N. J., who is in the U. S. Coast Guard on the Cutter Lilac. By a former wife, Elsie Bowen, deceased, of Bath, he had twin daughters, Mrs. George S. Hewitt and Mrs. A. Harvey Bridge Jr., both of Havertown, Pa.

There are three grandchildren, Linda and Barbara Hewitt, and Dean A. Scarborough.

Captain Scarborough is a member of Jackson Lodge No. 19, AF and AM of Delaware City, a 32nd degree Mason and Shriner, and a member of the Military Engineers Club of Philadelphia. Since his return home he has joined the Ocracoke Civic Club and has already given helpful information in the club's discussion of the Ocracoke Inlet dredging.

Like all Ocracokers, he loves to fish and hunt. Another hobby is carpentry and he is already busy remodeling the interior of the former Guthrie home which he and Mrs. Scarborough purchased about three years ago. He is looking forward to many years of peace and enjoyment in his native land, Ocracoke Island.

Newport Rotary To Elect Officers

Bob Montague, Newport Rotary president, appointed Charles S. Long as chairman of the nominating committee at Monday night's meeting at the PTA Center in Newport. Roy T. Garner and Nathan H. Garner were named to serve as members of the committee which will nominate officers for 1957-58. The Rotary year runs from July 1 through June 30.

March 29 was set as the date for the club's womanless wedding. Proceeds from the event will go toward the cost of converting the county health departments fluoroscope to an X-ray machine.

Lonnice W. Howard, program chairman for the night, brought his son Tommy as a guest. They presented a program, My Job. Mr. Howard is a contractor for heavy equipment work. He described the types of equipment used in his work and told what jobs each piece of equipment was designed to do.

After the meeting, the board of directors met and elected E. B. Comer international service director.

W. C. Carlton of the Morehead City Rotary Club was the only out of town guest.

Concert Postponed

The Morehead City School Band concert scheduled for last night was postponed because of illness of band members. The concert has been re-scheduled for next Thursday, Feb. 14, at 8 p.m. at the school.

Board

(Continued from Page 1)

Mae Wade, 2; and Patrolman Otis Willis, 1.

Gerald Hill made a motion, seconded by Mr. Mades, that the clerk be authorized to file tax judgments combining all delinquent taxes. The town has been using this method of filing judgments for the past three years.

Mr. Hill made another motion along the same line. He said that the town should refuse a compromise tax settlement offered by letter from an attorney representing interests in Beaufort. The motion was seconded by Mr. Chapman and passed by the commissioners. They instructed Mr. Walker to collect all back taxes owed the town.

The clerk presented the financial report for January. Taxes collected totaled \$9,443 on the 1956 levy. Back collections amounted to \$170.18. Received from the December liquor store receipts \$1,719.06.

Parking meter revenue was \$614.38 and miscellaneous income was \$666.74.

Mayor Clifford Lewis presided at the meeting.

County ABC Sales Total \$39,881.80

Sales at ABC stores in the county totaled \$39,881.80 in January.

Dividends paid were as follows: town of Beaufort \$471.03, Morehead City Hospital \$642.90, and Carteret County \$1,378.22.

According to the January report of the ABC board, the town of Newport was overpaid \$758.91 for the quarter ending Dec. 31, 1956, so the \$264.29 due Newport for January sales will be withheld to help make up the deficit.

This leaves a balance of \$494.62 that Newport still owes the county. The ABC board noted that the town would not receive a check until the \$758.91 is worked out.

Miss Edith Lockey, clerk to the Newport town board, commented at the board meeting Tuesday night that overpayment to the town occurred before and the town was never notified. Checks just stopped coming.

The Newport commissioners expressed the opinion that it would be helpful to them if the ABC

Deadline for New License Plates Is Next Friday

R. M. McClain, director of state license tag sales in the county, reminds motorists that next Friday is the deadline for buying tags.

Mr. McClain says that a total of 3,881 tags have been sold through the office in the First-Citizens Bank, Morehead City. The sub-totals follow: cars—3,115; motorcycles—5; private trucks—448; farm trucks—91; small trailers—182; and large trailers—40.

City tag sales in Morehead City have reached 654, while in Beaufort 226 tags have been sold. Deadline for city tags is next Friday too.

Sweeping Duties

Tucson, Ariz. (AP)—Dust pans and brooms have become standard equipment for Tucson police cars so that officers may sweep up glass at scenes of traffic accidents.

board could keep its records straight and stop "overpaying Newport."
