The board approved payment of \$2 a week, for the remainder of 1957, toward maintenance of the library from 2 to 4 p.m. Mondays at the PTA Center. Miss Ada Allen, librarian, reported that 83 books were checked out in February, 111 in March and 130 in April making a total of 324.

She invited the commissioners

A letter was read from Thurlow Whealton chairman of the More-Whealton chairman of the More-head City centennial water parade committee. The letter invited New-port to have a float in the parade. "If it's a water parade," the mayor quipped, "we've got to enter it!" Incoming Commissioner Douglas Henderson and Commissioner Wilbur Garner were appointed to investigate the "floating" situa-

The report on the election was made by Mrs. Dale Parish. Officials present, in addition to Mayor Mann, who presided, were Prentiss Garner, Joe Cox, Wilbur Garner and Bennie Garner.

port have on the current lawsuit to prevent borrowing of \$120,000 to put in a town-wide water sys-tem? The answer is not simple.

The Newport town board, meeting in special session Wednesday noon at the town ball to certify election returns, also wound up the town's business for the past two years.

Bills were contained to the past two process of the suit was a scheduled to be reviewed by the North Carolina Supreme Court Tuesday, Briefs were placed before the court by Gearge Ball, attorney for the town whose officials are the defendants, and by C. R. Wheally, attorney for the plaintiffs.

The suit was fitted to be reviewed by the North Carolina Supreme Court Tuesday, Briefs were placed before the court by Gearge Ball, attorney for the town's business for the past two years.

Bills were contained to the past two plaintiffs.

The suit was filed by Jeff J. Garner and others. Mr. Garner ran for commissioner in Tuesday's election and polled 72 votes—not enough to put him in office.

The supreme court may hand down its decision on May 22, says Attorney Ball. Decisions are made known every third Wednesday and

If the court sustains the demur-rer filed by the town, a demurrer which has been sustained by the lower courts, the town will have won the case and the way will be clear for proceeding with borrow-ing money for water system instal-lation.

lation.
The court, however, may remand the case to a lower court where the suit would be tried on the basis of allegations made by the plaintiffs, namely, that the referen-dum approving the bond issue was irregular and not legally carried

If that is the high court's decision, the case would probably be tried in the October term of su-perior court in this county.

Nothing can be done toward in-stallation of the water system un-til the court case is settled. Victory for all the candidates who initiated the water system project indicates, however, that the town approves those candidates' policies. Mayor Leon Mann Jr. said Wed-

nesday that if there is some way to get a town water system with-out borrowing the money, he would be happy to learn what it is. "But," he said, "we have found no other way to get the money to Mrs. W. J. Suspicious, Cummings ran. When he saw a train approaching on a nearby track he dashed across in front of it and hid in underbrush, watching the man search for him after the train passed.

He reported to the Florida Highway Patrol, which confirmed Cummings' suspicion that his pursuer didn't represent the law. A flashlight and overcoat were taken from his car.
