

Drivers Involved In Auto Wrecks Given Citations

Docketed for hearing in county court yesterday were William LeRoy Cromer and Charles F. Schrader, both of Cherry Point, who were involved in weekend auto accidents.

Cromer was charged with driving drunk and driving on the wrong side of the road and Schrader with driving without a license. Both accidents were investigated by Patrolman W. J. Smith Jr.

Arm Hurt

Cromer suffered an injury of the left arm and was taken to the dispensary at Cherry Point by military police. He was driver of a 1950 Dodge which collided with a 1956 Oldsmobile convertible at 11:05 p.m. Friday three miles west of Newport on Highway 70.

Driving the Oldsmobile was David C. Wagner, Cherry Point. The Dodge was demolished and the Olds had \$400 damage.

According to the patrolman, the Dodge was headed toward Cherry Point, ran over to the left side of the road and hit the convertible which was traveling east.

Knee Bruised

Miss Doris Gray, 828 Clark Ave., New Bern, suffered a bruised knee at 2:30 Sunday afternoon when the 1953 Chevrolet in which she was riding ran into a ditch on Highway 70 three and a half miles west of Morehead City.

Driving the car was Schrader. He was headed east. According to Patrolman Smith, the hood of the car came unlatched, preventing the driver from seeing where he was going. The car went into a ditch at the side of the road. Damage to the car was estimated at \$150.

Town's First High School Students

Miss Annie Morton, Beaufort, has kindly identified for us the persons in the above picture. The picture appeared Tuesday in THE NEWS-TIMES with F. C. Salisbury's story on the county's courthouse and jail. These are the pupils in the Beaufort High School, 1910-11.

In the front row are Clarke Savage, James Caffrey (Mrs. John Dill's brother), Martha Carrow (Mrs. Will Mace's sister), Francis Clark, a victim of polio, Miss Mary Howland, teacher, Bertha Gilbert, Gladys Gibbs (sister of Mrs. John Hrnaday) sitting on the step behind her is Lena Duncan and behind her is Lena Duncan and behind her is Lena Duncan and behind her is Lena Duncan, sister of the now well-known Ben Gold, labor organizer.

Next to the girls seated on the steps are Mrs. L. L. Dameron, teacher, Clyde Willis, John Duncan (now an attorney in Raleigh), who is sitting on the lap of George Noreum, Bertha Whitehurst (standing to George's left), who is now Mrs. Ray Wheatley, Lutie Jones (Mrs. C. Z. Chappell), and Florence Clark.

Beginning at the left again, standing, Ruth May (Mrs. A. K. Miller, Sanford), John Chadwick (brother of Miss Gladys Chadwick and Mrs. F. R. Bell), Delight Carrow (Mrs. Sam Thomas), Will Arrington, Annie Morton, Lessie Arrington, Sally Duncan (Mrs. W. P. Kennedy, Norfolk), Mattie Garner (Mrs. B. A. Bell), Lillie Belle Williams (Mrs. Hugh Hill), Ruby Sabiston (to the left of the door), Daisy Bell Russell (Mrs. C. C. Henderson of Jacksonville, N. C., sister of Mrs. Ed Potter), Ruth Gibbs, Myrtle Clark.

Standing in the doorway are Gladys Chadwick, Miss Maude Hurley, teacher, (Mrs. W. C. Chadwick of New Bern), Minnie Noe (now Mrs. Garner whose husband is a professor at UNC), and Miss Annie Gardner, teacher, (Mrs. W. E. Swann).

Two Men Held For Entering Newport Grocery

Two men, Dean H. Scott and Edmond Mikolajczak, Cherry Point, were being held in New Bern jail this week, pending hearing in this county on a charge of burglary.

The two are charged with breaking and entering Riggs Grocery, on Highway 70 east of Newport on or about Aug. 21. Taken from the grocery, which is also combined with a service station and Garner's garage, were cigarettes, wine, cigars and beer.

Deputy sheriff Marshall Ayscue said the burglars gained entry by breaking a window on the west side of the garage, then from the garage broke a window into the front part which contains the grocery. The store is operated by William L. Pohoresky, Newport.

Havelock deputy sheriff Bruce Edwards contacted the Carteret sheriff's department Saturday and asked if there had been any break-ins in this county. He was told of the Riggs job at Newport, so Carteret's deputy sheriff Bruce Edwards, Deputy Ayscue and Newport Constable Bill Dugee went to Havelock to talk to Scott and Mikolajczak who were being held there.

Deputy Ayscue said the two admitted the Riggs burglary. They are also being held for law violations in Craven County.

Carteret's deputy Edwards said that one of them, after the Newport break-in, came to Beaufort with some of the stolen cigars and cigarettes and gave them to inmates of the Carteret jail.

Mikolajczak paid costs in Carteret court last week on a charge of speeding.

Library Director Announces Route Of Bookmobile

Miss Dorothy Avery, director of the county library, announced the bookmobile schedule for Monday and Tuesday of the coming week. It follows:

Monday: Bogue, book station in the home of Mrs. Emily Russell; Broad Creek, book station in the home of Mrs. Nellie Parker; Morehead Bluffs, home of Mrs. Zeb Bletts; Wildwood, book station at home of Mrs. Edna Murdock; Camp Glenn book stations at homes of Mrs. Malcolm Willis and Mrs. Frances York; Crab Point, book station at home of Mrs. H. H. Scott.

Tuesday: Williston, book station at homes of Mrs. Martha Wade and Miss Phyllis Piner; Davis, book station at the home of Mrs. Stella Szyron; Stacy, book station at the home of Mrs. J. D. Lewis.

Marine Demolishes Auto On Lennoxville Road

Lyle O. Bonner, Cherry Point, failed to make a curve on the Lennoxville Road, Beaufort, at 11 p.m. Monday and demolished the 1949 Plymouth he was driving. He was not injured.

Highway Patrolman W. E. Pickard said that Bonner was evidently going west at a high rate of speed when he failed to negotiate the sharp curve about three-quarters of a mile east of the junction with US 70.

Patrolman Pickard charged Bonner with speeding and driving on the wrong side of the road.

Outer Banks

(Continued from Page 1)

This free ferry service was inaugurated Aug. 18. Everyone was skeptical about its success, just as thousands are about a Cedar Island-Ocracoke ferry. The first eight days of operation showed this: the ferry carried 522 cars with 2,020 passengers!

Yes, Over 2,000 people in eight days took this ferry to a dead-end at Ocracoke.

Why can't we make it possible for these 2,000 and millions more to drive right on down the entire coast of North Carolina?

This, you remember, was to be the first step in the construction of an All-Seashore highway. It has taken since 1952 to make even this dream come true. If the people on the coast really want more traffic, want more business and want to progress and prosper, NOW is the time to get busy. It is the time to fight for better transportation and to back the efforts which our governor is making to save our priceless outer banks from complete destruction.

Through the perseverance of Governor Hodges and Colonel Brown, the Beach Erosion Board of the U. S. Corps of Engineers has become interested in our gigantic problem and has appropriated around \$15,000 of its funds to make a survey which will determine the best manner in which to proceed with rehabilitation and reconstruction.

This trip to Portsmouth and Ocracoke was just an exploratory stage to aid in the development of a practical run-range plan for saving and rebuilding Carteret County's 84 miles of fabulous and priceless ocean barrier, your outer banks.

Beaufort Rotary Adds Two Members

Dr. Tom Lewis and Finley Thompson were welcomed into the Beaufort Rotary Club Tuesday night. The two new members are from Beaufort.

Program chairman Halsey Paul compared planned communities and those, like Beaufort, that just grew up. In a recent trip to California Mr. Paul had the opportunity to study several model towns.

He said that Beaufort could take advantage of the planning of the other towns. Things most critically needed, he said, are community owned recreation facilities, a good fire station, a town hall and adequate cemetery space.

Visitors were, Grover Munden and Frank Cassiano of Morehead City and Ed Willard of Sea Level.

Vatican City covers an area of slightly less than 110 acres.

Mosquitoes

(Continued from Page 1)

sucked all the blood out of them — the only place where the air was clear on the Atlantic ball diamond last Sunday was where the ball opened a path through the swarms of mosquitoes — and cows were so covered with mosquitoes you couldn't tell what color they were.

Two Foggers Down East

Now there are two mosquito spraying machines working down east. The regular machine plus the Beaufort town machine which has been rented by the county.

Mr. Fulford expressed his appreciation to Mayor Clifford Lewis and Dan Walker for arranging for use of the machine down east during the day time. At night it makes its regular fogging runs in Beaufort.

Mr. Walker said, however, that Beaufort is no longer spraying on the outskirts of town because "we simply can't afford it." The machine works in town from 5 to 10 p.m.

Through the courtesy of Street Commissioner Gibbie Sanderson and Street Superintendent J. V. Waters, Morehead City, the Morehead City machine has been rented by the county for daytime use west of Morehead until the burned-up outfit can be replaced.

"There are a thousand mosquitoes down east to every one in the western part of the county," Mr. Fulford explained.

A new truck is on order and it will be delivered as soon as new fogging equipment arrives. Mr. Fulford said it is hoped that the insurance on the burned-up truck will pay for the new equipment.

The swarms of mosquitoes probably couldn't have come at a worse time. Many persons who had gone down east to inns and motels for the holiday weekend checked out in less than 24 hours. People over on the banks were "eat up."

Individual homeowners are asked to do all they can to check the mosquitoes, such as spreading oil in drainage ditches and getting rid of water standing outdoors in old buckets, barrels or kettles.

Coast Guard Gets One Call for Help

The summer rescue business at the Fort Macon Coast Guard station has begun to lag with the passage of Labor Day. Only one call for assistance was received this week.

Robert Kelly, Beaufort, in a rented motorboat, showed up at the fort at 8:40 a.m. Monday and asked to be towed to Beaufort. He had hitched a tow from another small fishing boat as far as the station.

EN/1 Taft Pilcher and EN/1 David Larkins manned the station's auxiliary boat and towed Kelly to Beaufort. The rented boat belonged to C. D. Jones, Coast Guardsman said that the boat had a grounded starter.

The Keystone of Progress

Stone by stone an arch is built with the keystone giving it strength and binding it together. The process is the same in building a Finer Carolina town.

Recreational and educational facilities, municipal services, attractive shopping areas, social and service organizations, well-kept houses and lawns form a firm foundation. But — the "keystone" of progress is the SPIRIT of the people in the town or community. No real lasting progress can be made without it.

Mrs. Fannie Foscutt, chairman of the Maysville, N. C., Finer Carolina Program in 1956, explained this SPIRIT in a letter to all those who participated in that program. She wrote, "The community spirit that you have given to others, the spirit of cooperation, the desire to see each other succeed — these you have gained. These attitudes, this friendliness, this cooperation, far outshine anything you have built... these build a true community."

It takes many people with the right kind of community spirit to build a Finer Carolina town. Offer your services now and help place the KEYSTONE in your town's plan for progress.
