

## Carteret Gets \$3,353 for Work on Rural Roads

### If Roads Are to Be Paved, County to Follow 'New Formula' Set by State

Carteret's share of the state's two million dollars for secondary roads amounts to \$5,353.60. The allocations, from money appropriated by the legislature, were made Wednesday at Raleigh.

In figuring an individual county's share, the State Highway Commission divided the county's mileage of unpaved rural roads into the total mileage of unpaved rural roads in the state to determine the percentage the county would get.

Wilkes had the greatest amount, 901.5 miles, while New Hanover had the least, 24.57 miles.

Subject to the approval of Highway Director W. F. Babcock and Secondary Roads Officer Harold Makepeace, how the funds will be spent in each county will be worked out by the division engineer and county board of commissioners.

If the funds are used for paving, a priority system based on need will be used. They also may be spent for general betterments or to bring substandard roads to a minimum level of service.

## Salvation Army Drive to Begin Week of Oct. 7

Sam Adler, Morehead City, chairman of Salvation Army work in the county, announces that the Salvation Army will make its annual drive for funds here the week of Oct. 7.

"More than ever, Mr. Adler says, 'we need support.' All the money collected during the drive remains in the county, he added.

Six hundred dollars was collected last year. That wasn't nearly enough to meet the needs, he said.

The Salvation Army chairman reminds folks that the Army looks after those in need 12 months of the year—"not just at Christmas time."

During the past year the Salvation Army completely re-outfitted five families who lost furniture and clothing in fires. Clothing is always available, Mr. Adler said, to people who need it.

Postcards requesting contributions from former contributors will be mailed out within the next several days. The cards ask that checks be mailed to Mr. Sam Adler, Morehead City, serving as treasurer of the Salvation Army in Carteret is Dr. S. W. Hatcher, Morehead City.

In addition to the postcards, canvassers will also solicit. Mr. Adler explains that he thinks there will be a greater demand on the Salvation Army this winter because thus far this fall the number of requests has already increased.

He expressed appreciation to those who have contributed to the Salvation Army in the past, adding that the iron kettle which is a symbol of Salvation Army work, will be in front of his store on Arendell Street to receive cash contributions.

## Down East Lions Aid Blind Project

Down East Lions are selling white cane pins throughout the down east area in conjunction with the Lions aid-to-the-blind program. Joe Mason is in charge of the project.

The Lions met for their bi-weekly meeting Monday night at the Sea Level Inn. The club will present a minstrel Friday night, Dec. 20, at the Atlantic school auditorium.

In charge of the show are Jack Johnson and Ed Willard. Parts have been given and rehearsals are expected to start the latter part of November.

The club is also planning an oyster roast to which the wives of members will be invited.

## Toastmasters Elect New Officers

The semi-annual election of officers was held at the meeting of the Carteret Toastmasters Club at Beaufort town hall Wednesday night. Officers are as follows:

Gerald Hill, president; Dr. Ted Rice, educational vice-president; T/Sgt. Paul Bray, administrative vice-president; Oscar Allred, secretary-treasurer; Donald Willis, sergeant-at-arms.

The officers will be installed at a banquet, which is being planned for Oct. 9.

## Boat Flies Through Air

This flying boat fascinated visitors to the Morehead City waterfront during Centennial week. The boat is manufactured at Raleigh and is demonstrated here by a salesman. It is towed behind another boat and upon reaching a certain speed, it leaves the water and flies through the air. The gyro blades on the top of the boat help stabilize its motion and make for easy landing when the towboat slows down.

## Home Demonstration Clubs Will Review Achievements Friday, Nov. 8

### Newport FFA Wins Top Award

The Newport chapter, Future Farmers of America, has won the Superior Chapter Award. This award is provided by the National Organization of the Future Farmers of America and is designed to give recognition to local chapters which carry out outstanding programs and provide valuable education experiences for members.

The Newport Chapter is located in District I which constitutes 75 chapters in Northeastern North Carolina. Only 14 chapters in this district qualified for the Superior Chapter Award. Newport was one of the 14.

The Newport chapter received the Standard Chapter Award in 1955 and 1956, however, the boys planned their Program of Work for 1957 to meet the standards required for the Superior Award and exceeded the requirements.

Tommy Howard is president of the FFA for the year 1957-58 and C. S. Long, teacher of agriculture, is advisor. They feel that this accomplishment can be repeated or even exceeded in 1958.

Omitted from the report on new FFA officers Tuesday was the name of Pat Corbett, vice-president.

## Police Rack Up Good Average

Morehead City police have solved all but one of a series of break-ins which occurred during recent weeks.

The unsolved theft is the money box taken from the hobby horse in front of the City News Stand two weeks ago, says Chief Herbert Griffin.

The Negro lad who stole money from the Morehead City bus station has been apprehended; the two youngsters who took ammunition from Paul Taylor's hardware store have been picked up; and the thefts at Cherry's Market, G&S fishing pier and an apartment at the east end of Evans Street have been charged against Leo George Sawyer.

Sawyer waived preliminary hearing in Morehead City court Sept. 9 and was placed under \$1,000 bond. Four dollars was taken from the fishing pier, about \$15 from Cherry's and some peaches from the apartment occupied by Mrs. Jean Pierce.

### County Home Demonstration Clubs Will Recount Achievements of the Past Year at their Annual Achievement Day program at 7:30 Friday night, Nov. 8, at the American Legion Building, Beaufort.

The speaker will be Mrs. L. B. Pate, Craven County, state president of the North Carolina Federation of Home Demonstration Clubs. Mrs. Pate will speak on her recent trip to Ceylon where she met with club women from all over the world. She will illustrate her talk with pictures.

For the first time, a dress revue will be given during the achievement program this year. Mrs. Charles Stanley, county clothing leader, will supervise, assisted by the clothing leaders of each club.

For the second year, the Home Demonstration Club Woman of the Year will be selected. The outstanding woman last year was Mrs. Dyon Simpson, Bettie.

Clubs in charge of planning achievement day are the following: Russell's Creek, stage arrangements; Broad Creek, registration; Crab Point, corsages; Bettie, refreshments; Harlowe, exhibits, and Gloucester, program.

Mrs. Billie Smith, North River, will give the year's report. Plans for the program were made at a recent county council meeting at the home agent's office. Twenty-two women attended. Mrs. Monroe Whitehurst, head of the county council, presided. Miss Florence Cox, district home agent, was a visitor.

Mrs. D. R. Arnold was named chairman of the county council exhibition booth to be put in the county fair next month. Individual clubs will also have exhibits.

### North Wind Brings Mullet

With the shift of the wind to the north Monday night, mullet fishermen set their nets along the beach. Small catches have been made daily this week. The mullet aren't very large.

## B&PW Club Sets Up Fund to Aid Girl Graduates

The Carteret Business and Professional Women's Club has set up a fund for providing financial aid to girls who wish to continue their education beyond high school.

The action was taken at Tuesday night's meeting of the club at the home of Miss Ruth Peeling, 106 Yaupon Terr., Morehead City. The initial amount in the fund will be \$176. This is the amount the club had contributed to a state project that has been discontinued.

The club has requested that this money be returned to it, since it is not in favor of a new proposed project, building of a state headquarters for B&PW.

Mrs. James Smith, president, announced that plans are proceeding for club sponsorship of a first aid course in the fall.

During a discussion on offering high school girls on-the-job training in local businesses, it was pointed out that the girls would work without pay. The purpose of the program is to offer the girls an opportunity to become familiar with the business world, if they want the opportunity.

The club voted against a contribution to the Carteret Outdoor Historical Drama Association. A request for \$30 was made by the association to finance a mail survey. The survey, to be conducted by Charles Markey, would determine whether there is sufficient interest in an outdoor historical pageant to proceed with the raising of capital to stage the production in Beaufort or east of Beaufort.

Mrs. J. R. Morrill pointed out that the club had decided at the beginning of the year that it would discontinue contributions. Mrs. Smith remarked that although the club could not make a financial contribution each member could, individually, aid the project as she saw fit.

Mrs. W. I. Lottin, program chairman, presented Miss Vivian May and Mrs. C. L. Beam. A burned-out bulb in a projector cut short Miss May's part in the program. Mrs. Beam told of her duties as deputy sheriff.

Minutes were read by Mrs. Clem Johnson. The treasurer's report was given by Mrs. W. F. Merion, and Mrs. Julia Holt, corresponding secretary, read mail received by the club.

Special guests were Mrs. Bob Simpson, Mrs. Lottie Oglesby, Miss Lil Morris, Mrs. Virginia Sample, all of Morehead City, and Miss Thelma Lancaster, Beaufort.

A tuna fish salad supper was served prior to the business meeting. The next meeting will be at the home of Mrs. Holt, Radio Island.

### Nathan Garner to Fill Post of Injured Rotarian

Nathan Garner has been named acting treasurer of the Newport Rotary Club. He replaces John B. Kelly who was seriously injured in an accident at state port two weeks ago. The club did not have a program at its meeting Monday night since Mr. Kelly was program chairman. The Rotarians met at the PTA Center in Newport.

Harold Chartley, Newport, visited the meeting. President Dick Lockett and three members, Derryl Garner, Roy T. Garner and Junius Creech, agreed to represent the club at a Rotary meeting in Kingston yesterday.

## Three Injured When Car Hits Parked Truck

### 3-Year-Old Deborah Garner Recovers at Johns Hopkins

Three-year-old Deborah Garner, Morehead City, who underwent a serious heart operation at Johns Hopkins Hospital, Baltimore, is well on the road to recovery. The operation was performed Sept. 6.

Deborah is the daughter of Mrs. Caroline Garner, Evans Street. Mrs. Garner, who is an operator at Carolina Telephone and Telegraph Co., has been in Baltimore since the operation was performed.

She wrote to friends this week that Deborah has now been wheeled in her bed into the playroom with other children.

The child was suffering from the condition commonly referred to as "blue baby". Valves in her heart were not functioning properly. Last winter Deborah suddenly came down with pneumonia, caused by blood seeping into the lungs.

Doctors said that without the operation Deborah could not have lived through the coming winter.

Mrs. Garner reported that when her daughter came out of the anesthesia after her operation, she said, "Mommy, let's go home, I'm well now."

Thirty-five pints of blood were required during the operation.

Deborah is the second county youngster in less than a year who has undergone a heart operation at Johns Hopkins. The other was Louis Johnson, son of Mr. and Mrs. L. R. Johnson, Beaufort, who is up and around, living for the first time the life of a normal boy.

## Drunk Gets Jail Term Monday

Clyde Carlisle drew a 10-day term in jail for public drunkenness. Judge Herbert Phillips sentenced him in Morehead City recorder's court Monday.

Albert E. Johnson Jr. was fined \$75 and costs for careless and reckless driving and driving without a driver's license.

Two other defendants were found guilty of driving without licenses. Each was fined \$25 and costs. The judge told them that they could get their \$25 back by presenting a valid license within two weeks. The drivers were John H. Madden and Leslie E. Perry.

Betty I. Ashton was ordered to pay court costs and honor a worthless \$30 check she had passed at Belk's.

William L. Hazelriggs was fined \$10 and costs for speeding. Edward E. Richards and Andrew R. Nance paid costs for the same offense. Garnet M. Martin Jr. was charged costs for failure to yield the right of way. Curtis R. Landis, also guilty of failure to yield the right of way, was charged one-half costs.

Cases were continued against Alec S. Roberts, Richard Joliff, Jasper D. Mallicoat, Calvin Fenner, George Murray, Bernard A. DeGuire and Aggie Ballou.

## Dr. Fulcher Will Supervise Heart Campaign

Dr. Luther Fulcher, Beaufort, has accepted chairmanship of the county heart fund drive for 1958.

Dr. Fulcher, health officer for the county, is a member of the County Medical Society. He has served twice as the society's secretary and twice as the society's president.

Dr. Fulcher is also a member of the North Carolina Medical Society and practices medicine throughout the county. His office is in Beaufort.

Heart month is February, but Dr. Fulcher said Wednesday that

Dr. Luther Fulcher ... heart fund helper

he hopes to get the drive organized within the next several weeks.

Funds collected in the heart campaign support research in the state's three medical schools and at other medical centers throughout the nation. The money pays for education programs for doctors, nurses, social workers, teachers, parents and others. It helps develop community support for the heart program and bring medical services to those who need help.

Dr. Fulcher reports that James H. Davis, Beaufort, and Mrs. Virginia Sample, Morehead City, will serve as co-treasurers for the campaign.

Disease of the heart and blood vessels takes more lives than any other illness, 800,000 each year. The American Heart Association, of which the North Carolina Association is a part, reports that this number is double the next leading five causes of death: cancer, accidents, pneumonia, diabetes and tuberculosis.

Joseph Rose, Harkers Island, has had his license suspended. The state highway safety division suspended the license after Rose was convicted of speeding over 55 and reckless driving.

Three persons were injured at about midnight Wednesday when the 1951 Packard in which they were riding crashed into a parked pickup truck at 2911 Arendell St., Morehead City.

Injured were Lawrence P. Kelly, Bridgeport, Conn., John E. Noble, Westhaven, Conn., and Mrs. Diane J. Strong, Atlantic Beach. Kelly, driver of the Packard, has been charged with driving drunk and driving without an operator's license.

A stitch was required to close a cut over Kelly's right eye. Noble suffered a broken nose and Mrs. Strong needed several stitches to close a gash in her lower lip. Noble was discharged from the Morehead City Hospital yesterday morning.

Kelly and Mrs. Strong were treated and discharged immediately. Kelly's next stop, however, was the Morehead City jail where he was still confined yesterday under \$200 bond.

The Packard was going east on Arendell Street and when it hit the left rear of the pickup, knocked the pickup 57 feet, right over a crepe myrtle tree.

The pickup was parked in front of the home of its owner, W. H. Lewis. Its damage was estimated at \$50 and damage to the Packard, \$500.

The injured were taken to the hospital by Lieutenant Joe Smith in the police patrol car. Lieutenant Smith investigated the accident.

Police were notified of the crash by Mrs. H. F. Lindsay, 2907 Arendell St., who was awakened by the sound of the impact.

## Rotary Club, PTA Sponsor Safety Patrol

The community safety committee of the Newport Rotary Club is sponsoring again this year, in cooperation with the PTA, the school safety patrol.

The club provides \$50 to buy patrol equipment such as belts, badges and raincoats and entertains the patrol at least once during the year. The PTA also contributes to the program.

Chairman of the Rotary committee is C. S. Long, who is school safety patrol supervisor. Vice-chairman is Moses Howard and the third committee member is Walter D. Roberts.

Boys on the patrol are in grades 7 through 12. The captain is Eric Gray. Other officers are Harold Pollock, lieutenant; Sherrill Garner, master sergeant; Joe Garner, sergeant and Phillips Gurganus, corporal.

Patrol members, Frank Millis, Jesse Jernigan, Gordon Fitzpatrick, David Durham, Allen Kelly, Guy Herring, William E. Small, Jimmy Mills, Robert Riggs, Gordon Slaughter, Jack Williams, Lewis Forrest, Carl Skinner, Mitchell Dugee, David Moore and Bobby Quinn; substitutes, Victor Reynolds and Terry Chadwick.

The boys serve 15 to 20-minute shifts before school, during lunch period and after school.

Boys take an oath, upon entering the patrol, to protect the life of their schoolmates and to abide by the regulations of the patrol.

They also serve tickets on motorists who violate parking regulations around the school. The ticket cites the violation and asks the motorist not to make the mistake again.

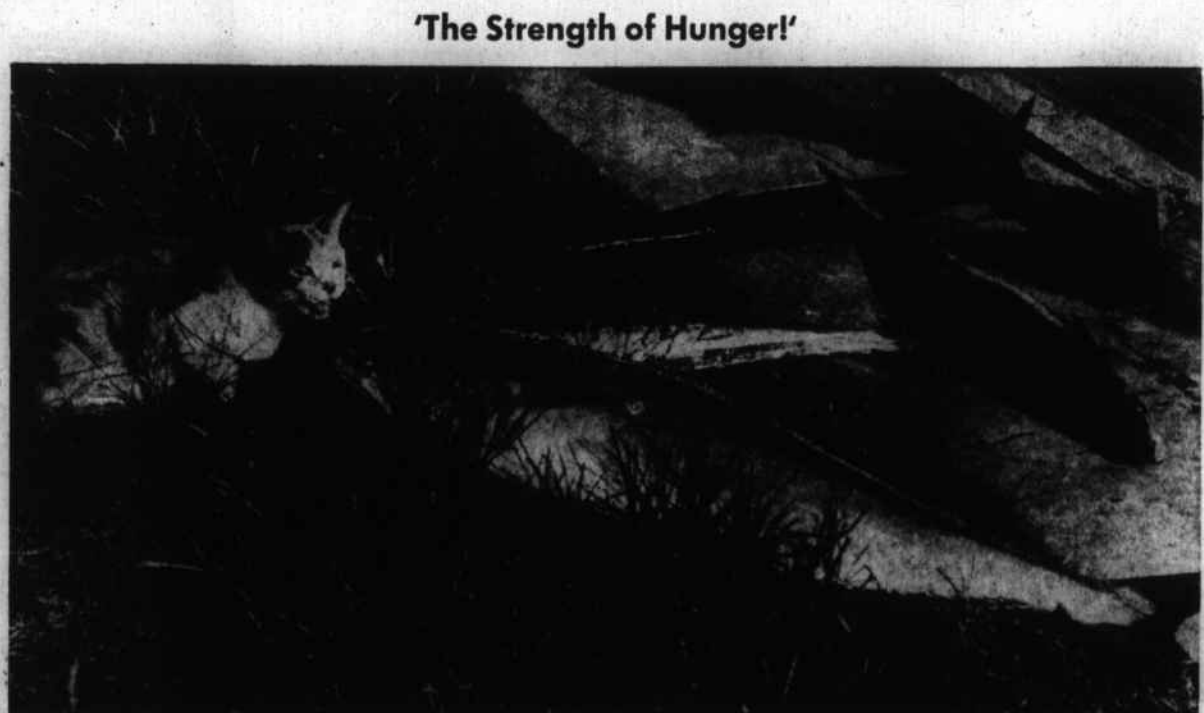

## Beaufort Chamber Gives Historical Drama Group \$100

The Beaufort Chamber of Commerce voted to give \$100 to the Carteret County Historical Drama Association Tuesday night. The chamber directors met at the chamber office on Front Street.

Chamber president Ronald Earl Mason reported that he had been contacted by the Emeritus Civic Club. The club wanted the chamber to endorse the paving of the road to the picnic shelter at Fort Macon State Park. Secretary Mrs. Pat Russell was instructed to write the state parks commission asking that the road be paved.

William Roy Hamilton was appointed to head the Christmas committee. Other members are Mrs. Ben Jones, Mrs. Leslie Moore, Ray Cummins and Jim Wheatley. The committee will be in charge of Christmas give-aways and street decorations.

Mr. Mason announced that there were now now 95 members in the chamber. The amount pledged to date, he said, is \$2,480.

Capt. Ira Willis's cat was on short rations recently when Captain Ira was sick and wasn't able to feed her in the manner to which she was accustomed. So here she decides to get her own dinner. She tried to drag off this big fish from a partyboat catch. The fish was just about four times the cat's size and weight! One thing is for sure: cats on the waterfront never go hungry. They're the sleekest, fattest cats around.
