

Jaycees Given Quotas on Grid Dance Tickets

The Morehead City Jaycees have been given ticket quotas for the football dance at the Morehead Biltmore Hotel. The dance will begin at 8 next Friday night.

Profits from the dance will go to the Morehead City football team for new equipment. Dean Chatlos and his orchestra will play for the dance from 8 until midnight. Dress will be semi-formal.

Ticket quotas were assigned the Jaycees at their meeting Monday night at the Hotel Fort Macon. Other business included a discussion of the Little League field at Camp Glenn.

Jaycees have cleared trees and brush from the field and will begin an outfield wall as soon as the weather breaks.

Joe Beam announced that blanks for the city survey are ready. Members of the club will obtain information concerning the industrial, educational, financial and business conditions in Morehead City and send the results to National Jaycee headquarters.

Results of such investigations all over the country will then be compiled and correlated.

Louis Russell, a prospective member, attended the meeting Monday night. All new members will be installed at a special meeting on the 24th, when district vice-president Wes Conklin of Jacksonville and national director J. B. Smith of Greenville visit the club.

Several Jaycees plan to attend the state convention at Rocky Mount this weekend.

Diner Sums Up Tony's 20th Anniversary Party

Elks Give \$100 To Polio Fund

Members of the Morehead-Beaufort Elks Lodge raised over \$85 for the March of Dimes at its Sunday party at the Elks Club. The Elks have decided to send a check for \$100 to the March of Dimes campaign treasurer, Mrs. Clem Johnson, Morehead City.

The March of Dimes collection stands now at \$2,388.32. The money from two schools, Atlantic and Smyrna, had not been turned in by Wednesday when the amount was totaled.

Persons who pledged money in the telethon and have not yet paid it, are asked to send their pledges immediately to Mrs. Johnson.

Chairman of this year's campaign was Mrs. Eva Johnson. Mrs. Johnson yesterday expressed her appreciation to all who helped in this year's March of Dimes. It is believed that this year's collections will not fall far short of last year's.

Last year's March of Dimes total was \$3,063.80.

A final report on the campaign will be made within several weeks, Mrs. Johnson added.

City visited her grandparents, Mr. and Mrs. L. J. Hardy Sunday.

AFS Student

4. They are carefully chosen abroad for personal qualities as well as academic ones.

Mrs. Roberts reports that a community which sponsors a AFS student becomes eligible to send a student from here abroad for two summer months, or to attend schools abroad for two to six months.

The money needed to have a student here may be contributed by organizations, individuals or local businesses.

\$750 Recommended
While \$650 is the minimum, Mrs. Roberts recommends that \$750 be raised to cover expenses such as school lunches, book rental fees, or cost of trips the student may make with other members of his high school class.

Contributions to the AFS are income tax deductible, but the cost of having a student in the home is not considered support of a dependent by the Internal Revenue Service.

Families interested in having a foreign student live with them should contact Mrs. Roberts. The family is carefully interviewed and the final decision as to where the student shall live is made by AFS.

Attending Tuesday night's meeting, in addition to Mrs. Roberts and Mrs. Kemp, were Bud Dixon, Morehead City Chamber of Commerce; Grover Munden, Rotary Club; C. B. Wade, Emeritus Club; Dr. Russell Outlaw, Jaycees and Toastmasters; Mrs. Waldron Baily, Morehead City High School; Mrs. W. M. Brady, Junior Woman's Club; Mrs. Theodore Rice, Women's Missionary Society of the First Baptist Church; The Rev. J. F. Herbert, pastor of the First Methodist Church, and Miss Ruth Peeling, American Association of University Women.

There's a story to Mr. Melvin. When Tony opened his restaurant on the waterfront in 1938, he didn't know that there were sanitation and health laws to be complied with.

Earl Hubbard, local inspector, said the restaurant would have to close up. But, Captain Tony relates, Mr. Melvin, who was state sanitation officer in 1938, told Mr. Hubbard to let the restaurant operate providing it went about meeting the regulations.

The restaurant today, and for many years, has proudly posted an A rating.

The first 20 years is over, and if the next 20 years is as successful as Monday's party, Captain Tony and his partners, Ted Garner and Tony Jr., have big days ahead of them.
