will vote for such legislation over the President's veto. The Democrats will be in dilemma. In their hearts they will not want good business in 1960; but they must be very careful not

to do anything which could be held against them in 1960. Every act of Rockefeller's and of other leading Presidential can-didates will be carefully scrutinized to analyze their vote-getting

possibilities for 1960. We will com-ment on these possibilities in our Forecast for 1960 a year from now.
