

Best of Everything Will Open at Theatre Sunday

By O. J. MORROW
Theatre Manager

Jerry Wald's star-studded Cinemascope, Deluxe color production of the best selling novel of career girls in New York, Best of Everything, will have its local premier starting Sunday at the Morehead theatre. The film features Hope Lange, Stephen Boyd, Suzy Parker, Martha Hyer, Diane Baker, Brian Aherne and Robert Evans in starring roles.

Joan Crawford as Amanda Farrow, and Louis Jourdan as David Savage, also star in the production which was filmed partly in the picturesque and exciting New York locales of the original novel.

Miss Lange, of Peyton Place fame, is seen as Caroline, a young college graduate who comes to work at a huge publishing house where she meets a variety of men and women who struggle with their careers, their love lives, their frustrations and disappointments.

Boyd is Mike Rice, the embittered, alcoholic editor who tries to help Miss Lange avoid the fate of many other ambitious women in the company. Beautiful model-actress Suzy Parker plays Gregg, the unfortunate actress who loves too well and suffers a bad fate.

Newcomer Diana Baker is April, an innocent young girl who falls in love with a heel. Brian Aherne is Mr. Shalimar, the philosophical and lecherous top executive of the firm and Robert Evans plays Dexter, the first class heel.

In addition to the top-line cast and the breathtaking photography of The Best of Everything, the film features an exciting musical score by Alfred Newman.

During World War II, the Allies dropped thousands of tons of blockbuster bombs. Ten per cent never went off. They were either delayed action bombs or dud. Ten Seconds to Hell, the suspense-packed film which will open Thursday at the Morehead theatre, tells the tense dramatic story of a team of men whose dangerous assignment it was to de-fuse these deadly missiles. Starred in this taut story of romance and peril in post-war Germany are Jeff Chandler, Jack Palance and Martine Carol.

Olivia de Havilland, two-time Academy Award winner, and Dirk Bogarde, England top film personality, are the stars of Libel, a film version of the London and Broadway stage success. Libel starts Sunday at the City theatre.

Bogarde, last seen with Leslie Caron in The Doctor's Dilemma, plays a remarkable dual-role in Libel, a drama of mounting suspense and emotional intensity climaxed by a sensational courtroom trial.

This trial takes place when Sir Mark Loddon sues for libel after a newspaper has published a letter in which the handsome, young British baronet has been pointed out as an imposter. The letter was written by Jeff Buckenham, one of three British prisoners of war who had escaped from Germany. His fellow prisoners were Mark, and Frank Welney, a small-time actor with an uncanny resemblance to Mark. Dirk Bogarde plays both these roles.

Playing Wednesday and Thursday at the City theatre is a giant double feature program. Heading up the first half of the double feature is The Giant Gila Monster. Making up the other half is The Killer Shrews.

Friday and Saturday at the City theatre is another double feature, Gunman's Walk, starring Van Heflin and Tab Hunter; also on the same program, Tarawa Beach Head, with an all star cast.

Morehead City is very fortunate in securing the picture, Pillow Talk, starring Rock Hudson and Doris Day, even before its world premier at the Radio City Music Hall in New York. This picture is booked at the Morehead theatre, starting Nov. 19.

Home Demonstration News

We Return from Informative Tour of UN in New York City

By FLOY G. GARNER
Home Economics Agent

Mrs. Cicero Taylor, Mrs. C. R. Whealy Sr. and I spent last week on a United Nations Study Tour. This was the annual tour, sponsored by the North Carolina Home Demonstration Club women. It is the type tour that I wish more of our people from Carteret could take.

These study tours are well planned, and as a result, the people making them really get into the committee meetings, have conferences with various delegates, and see and hear the UN in action.

We were made to feel that an understanding of the United Nations by such groups as ours is a very important thing.

We saw hundreds of school children and church groups on study tours such as ours. Our thoughts were that more of our people could be with us. We are hoping to share with you the things we saw and learned on this informative tour.

Floy G. Garner

were Mrs. W. E. Guthrie and Mrs. E. S. Smith, Bogue; Mrs. R. L. Hilbert, Broad Creek; Mrs. H. E. Taylor, Pelletier; Mrs. Earl Dunn, Mrs. A. C. Davis, Wildwood; Mrs. G. T. Spivey, Bettie and Mrs. Edith Small, Harlowe.

We wish to encourage all Home Demonstration Club women to attend the 4-H Fair and Achievement Day Program which will be held Saturday, Nov. 7 in the Camp Glenn School auditorium, beginning at 7 p.m. 4-H'ers may enter exhibits in the fair from 9 a.m. to 2 p.m. The exhibits will be judged during the afternoon and will be on display at 7 p.m.

The fixtures that were ordered for the crafts leaders have arrived and you may pick them up at your convenience.

We have concluded our series of scheduled cancer clinic appointments with Nov. 3. However, we know that there are other people throughout the county who have not been to the clinic, and who are interested in going. We suggest that you make your individual ap-

pointments, two or three together as you wish.

Word from the clinic states that they have all appointments filled through Dec. 1. If I can help you in making your appointments, I shall be Lappy to do so.

According to my reports, we have had about 200 women (just a few men) checked in the Cancer Center, since we started on June 16.

We do hope that those of you, who have been, will urge others to have a cancer check, either with their local physician or the clinic. The local health leaders of each club have done a good job in helping to keep the schedule. You club women should be grateful to them for their efforts and the job they have done.

Watch for a drop in beef prices! Cattle prices are predicted to drop soon, and if they do, be in a position to fill your freezer.

Best Workers Take Chances

Columbus, Ohio (AP)—The most productive workers on a factory assembly line also take the most chances with their safety, an Ohio State University professor says.

After a 22-day study at a Columbus plant, during which he observed workers from a catwalk overhead, Dr. Thomas H. Rockwell concluded that a certain amount of risk may be necessary for maximum productivity.

Rockwell says the top 35 per cent of the workers accounted for 69 per cent of the firm's assembly line first aid cases, where unsafe behavior was the cause.

Violations he mentioned include failure to use goggles when necessary, running, tools underfoot and working beneath suspended loads.

of milk contains one-fourth the calories an active teen-age girl usually uses up in a day, less than one-fifth the calories a boy uses.
