

Fry Raiders Edge All-Stars 59-54

The Fry Raiders, playing the majority of the game without the services of scoring ace Jim Fodrie, won a 59-54 contest Wednesday night from a team composed of former Newport and Morehead City players. The game was played at Newport high school.

Dallas Arthur, with 16 points, paced the winners, followed by Fodrie and Gehrmann Holland with 12 each. Walker Gillikin had nine

Good 1960 Predicted For Petroleum Industry

For 1960 the oil industry can expect two things: continued increase in demand for products, and continued vigor in competition, according to J. V. Delander, Raleigh district sales manager of Shell Oil Co. Crude oil supplies and refining capacity are more than adequate to take care of demand, he said. Continued stress on the quality of products and services will benefit the public.

"As for the industry-wide picture, we expect total domestic demand for all oils to be up about 4 per cent, gasoline up about 4 per cent, intermediates up a little less than 4 per cent, and residuals up about 2 per cent. Demand for other products, including commercial jet fuel, is expected to increase about 6 per cent," Mr. Delander concluded.

points for the Raiders and Cliff Lynch tossed in four.

The losers were paced from the floor by Billy Widgeon, who finished the night with 16 points to his credit. High Point college cager Wayne Cheek had 14 points, as did Gilbert Garner.

Seadogs, 71st Meet Friday Night

A lot of attention will be focused on the Beaufort gym this Friday night when the Seadogs take the floor against 71st high school.

As it becomes more and more apparent that the Seadogs are going to meet little resistance from county teams this year, fans are wondering how the Seadogs will fare against out of county opponents. 71st is the only non-local opponent remaining on the Seadogs' schedule for this year.

While Beaufort shouldn't have too much trouble in coming out on top of their AA foes it is expected that 71st will offer the strongest competition yet faced by the defending state champs. The game will also give county coaches a chance to scout the Seadogs and look for weaknesses, as all the other teams will be idle on New Year's night.

From games played so far, it looks like the first meeting between Beaufort and Smyrna, set for Jan. 22 at Beaufort, will be the stiffest test faced by the McQuaidmen in the Seashore Conference. The Blue Devils compiled a very respectable 8-2 mark in pre-Christmas games and on several occasions looked impressive in rolling over opponents by large margins.

Lacking an individual star of the Butch Hassell variety, the Blue Devils have used a very well-balanced scoring attack to roll up their record. Head coach Jim Parkin has three players owning scoring averages in double figures and two others right at the 10-point mark. The leading scorer is playmaker Curt Nelson who has 165 points in ten games for an average of 16.5 per contest. Following Nelson are Dale Lewis with a 15.7 mark and Braxton Piner with a 12.5 average. Carroll Hill has 91 points in ten games for a 9.2 average and Horace Lawrence is close behind with 9.1.

Curt Nelson has the highest individual scoring performance for the team, as well as the county. Against Camp Lejeune the slick ball handler scored 31 points.

Whether the Blue Devil scoring machine will be able to function as well against the Seadog defense remains to be seen, but no matter how it comes out, the two teams' game Jan. 22 shapes up as a real thriller.

Once you get past Smyrna, the chances of any of the other local teams upsetting the Seadogs look pretty slim. At the holiday rest period the best record among the other three schools is the 7-5 mark owned by the Newport Hawks. The Eagles of Morehead City have won three while losing two and the Atlantic Pirates are winless in eight starts. Newport gets their first crack at the Seadogs Jan. 8 on the Newport floor and Beaufort and Morehead City clash Jan. 26 at Beaufort. The Hawks, who have proved that they are tough to beat on their home court could play Beaufort one of its best games in their clash at Newport.

Study Near Completion

The mass Cancer Prevention Study is being completed this month by 2,000 North Carolina volunteers of the American Cancer Society. Twelve thousand families will be enrolled in a six-year survey in an attempt to learn the environmental causes of cancer. Shown here are Dr. John R. Kernodie, state Cancer Prevention Study chairman, and Dr. Dewey H. Bridger, state co-crusade chairman, receiving county results from patrolman Wagstaff of the State Highway Patrol who transported these reports on scheduled runs.

Upside Down

You've often seen flies walking upside down on the ceiling. Did you ever wonder why Mr. Fly doesn't topple head-first down to the floor? Well, there is a very good reason. If you could examine a fly under a strong microscope you would see that his feet are covered with small hairs, and a number of hooklike appendages that cling like glue to the smallest irregularity of a surface. The fly's foot has tiny ducts which emit a sticky substance, which enables Mr. Fly to hang on.

Camp Morehead to Open 23rd Season This Summer

The new 1960 brochure for Camp Morehead is off the press. The youth camp opens its 23rd season this summer. More than 8,000 campers from 41 states over the past 22 years have helped make it one of the outstanding camps of America. Camp Morehead is the only privately and professionally-operated camp in North Carolina.

Heading the large staff at the camp is Purcell Jones, owner and director. Captain Purcell, as he is better known, has been connected with Camp Morehead for eleven years. Before coming to Camp Morehead Captain Purcell served on the staff of Durham's Recreation Department and was an instructor in the department of physical education at University of North Carolina.

Assistant director at Camp Morehead this season will be Jim Edwards. Captain Jim is an assistant professor of physical education at North Carolina State College. A former outstanding baseball, football and basketball player at Wilmington high school, Edwards was the Southern Conference champion in his weight class while a member of the State wrestling team.

Owner and operator of Camp Morehead for 22 years, and now serving as an advisor to the staff, is Pat Crawford. A former major league baseball player, Captain Pat saw service with the New York Giants, Cincinnati Reds and the World Champion St. Louis Cardinals of 1934.

Other members of the Camp Morehead staff are Mrs. Purcell Jones, secretary; Mrs. Alton Reynolds, dietitian; Miss Myrtle Peterson, assistant secretary; Marion Crawford, head counselor; Mrs. Michael Roman and Mrs. C. B. Culbreth, nurses; Dr. S. W. Thompson and Dr. S. W. Hatcher Jr., camp physicians, and Miss Annette Morand and D. Cordova, crafts.

As outlined in the new brochure, Camp Morehead does not sponsor a highly competitive program. Inasmuch as there is an exceptionally larger number of interesting activities available such as surf-boarding, beach games, beach hikes, aquaplaning, sailing, motor-boating, fishing, crabbing, clamming row-

ing, kayaking, and swimmin, there is no need to emphasize competitiveness.

On the other hand, most boys desire a reasonable dosage of sports and games and to that end they receive coaching in the fundamental skills of baseball, basketball, tennis, archery, riflery, boxing, swimming, and golf. Campers have access to Morehead City's new 18-hole golf course. Tournaments and challenges are arranged for those who like competition.

"In the main, Camp Morehead's objective is to give each boy the best possible opportunity for all-round development and to help him make the most of this opportunity," Captain Purcell observes.
