

Clerk Probates, Files Two Wills In December

The wills of Charles Webb Davis of Beaufort and Marion Ashby Peacock of Edgecomb County were filed with A. H. James, clerk of superior court, during December.

Mr. Davis's will was drawn Sept. 12, 1955 and was witnessed by Louise D. Hill of Beaufort and Frances Willis of Harkers Island.

The first request of Mr. Davis's will was that monuments be erected at the graves of his parents and his sister, Lucie, if they had not been put there by the time of his death. He requested that they be similar to the one at the grave of his brother, Leslie.

The will also stated that a similar monument was to be erected at the grave of Mr. Davis.

To the four sons of his brother, Leslie, Charles Davis left the sum of \$250 each, as a small token of his love.

To his wife, Ruth Davis, he left all remaining property and holdings and named her administratrix of the estate.

The will of Miss Peacock was filed in the county because she owned property in Morehead City. The provisions of the will follow:

To Mrs. Ethel Peacock, wife of Marion Peacock's brother, Clarence, was willed the house and lot at Morehead City, the furnishings in said house for the rest of her life. The property is to go to her children and grandchildren at her death.

To her nephew, Marion Peacock Bradford, she left her watch and jewelry, wearing apparel and personal effects not disposed of in the will.

To her nephew, Clarence Peacock Jr., was willed the lot of land at Beech and N. Herman streets in Goldsboro. This is to go to him and his heirs, in fee simple, forever.

Marion P. Bradford also received the plot of land in Goldsboro, containing a duplex apartment house, known as 609-611 N. Herman St.

To her nieces, Margaret P. Ellison and Katherine P. Dees, and her nephew, Clarence Peacock Jr., she left all her real estate except those pieces specified to Clarence Peacock Jr. and Marion P. Bradford. She named Planters National Bank and Trust Co., as trustees of this real estate.

Planters National Bank was named trustee of a lot containing a duplex apartment, known as 613-615 N. Herman St., exclusive of the house, for the benefit of a niece, Claudia Bradford.

To her friend, Mrs. Elsie Clark Williams, she left the sum of \$4,000 and her personal automobile. To her friend, Miss Emily Williams, she left the sum of \$1,000.

Clarence Peacock Jr. also received the deed to her farm on the northern edge of the city of Goldsboro. The bank was instructed to hold for five years the property formerly part of the old Goldsboro golf course and any adjoining property. At the end of five years it is to be deeded to her nephews and nieces or their heirs.

Planters National Bank and Trust Co., was named executor and trustee of the estate and was given detailed instructions for paying taxes on the entire estate.

ECC Players Will Appear At Atlantic

The Pioneer Players of East Carolina College, Greenville, will present a three-act play, Janus, at the Atlantic school auditorium tomorrow night at 7. The romantic comedy is being sponsored by the Atlantic Beta Club.

Admission to the play will be 50 cents for school students and 75 cents for adults. An Atlantic native, Jim Gillikin, is a member of the cast.

The play centers around a pair of famous authors who use the pen name of Janus and turn out a best seller annually. The pair, a quiet Massachusetts teacher and his paramour, the respectable wife of a mid-west tycoon, come to New York every summer, ostensibly to study.

The first time the husband decides to visit his wife in her metropolitan digs, he arrives just as the teacher is coming in through the dumb waiter. The situation is complicated by the visit of an inquiring internal revenue agent.

Lis Garren plays the part of Jessica, Jim Gillikin is seen as Denny, Cathy Gillikin portrays Miss Addy, Claude Garren has the role of Gil, and Bob Whiting appears as Mr. Harper.

Everyone is invited to come and see Janus.

The money you never get to spend

It's money that goes for part of your family's federal taxes. It's spent on one of the most unnecessary government schemes you can imagine—to put the federal government farther and farther into the electric business.

\$5,500,000,000 from American families and businesses have already gone into "public power." And the pressure groups behind it are trying to get \$10,000,000,000 more in the near future. Yet America's many independent electric light and power companies are able and ready to supply all the electricity the nation needs, without depending on taxes.

Don't you think this needless "public power" spending should be stopped?
